TRIBUTE TO LINCOLN—Boy Scout Troop 79 of Burgess Avenue EUB Church is the latest unit from this area to complete the 32-mile Kentucky-Lincoln Wilderness trail hike. This picture was taken after the boys completed their walk and were required to recite the "Gettysburg Address" at the Lincoln Monument, near Hodgenaville, Ky. Each scout will receive a medal for his effort. Seen, left to right, are Randall Sheets, Richard Wilkinson, Jay Tompkin, Rondell Blythe, Terry Elliott, James McCann, Brian Horne, Craig Weaver, Melvin Allard and Paul Morgan. Adults accompanying them were Scoutmaster Evan Morgan, Clayton Horne, Horace Elliott, Maarl V. Weaver, and William Sheets. Mrs. Morgan Mrs. Elliott and Mrs. Weaver met the hikers in cars at the end of the trail.

SCOUTS AID FRANKLIN VILLAGE YOUTH

GOOD TURN PROJECT — When Patrol Leader Ken Snider learned from Jack Ennis, recreation director of Franklin Village, that the children there were short of reading matter, he set to work. Here is the Antelope patrol of Boy Scout Troop 257, Hilltonia EUB church, just before delivering a three-week collection of youth magazines to the county home. They also went on a conducted tour. Left to right are Keith Eaton, Ken Snider, Bill Gill, Sheldon Heizer and Dick McCullough. Also helping were Jeff Keshler, Bob Weisenberger and Wayne Redman.

Reliefers, Elderly Persons Need Clinic Transportation

There is a great need for volunteer drivers to take elderly patients to and from clinics for treatments, according to Mrs. Gelda M. Horton, 620 Woodbury-av. Mrs. Horton is supervisor of Ohio's Aid for the Aged.

At present there are only four persons in Columbus who have offered their services. Mrs. Horton cited three present cases of patients who have needed medical care and have had to forego it because of the lack of drivers. Two of the cases live on the West Side.

Jean Levinson, 880 Wedgewood-dr, a case worker for the Franklin County Welfare department, says that she and other staff members have had to chauffeur patients on relief to and from clinics because of the shortage of drivers. She said that this makes it difficult for case workers to maintain their requirements of visiting one home an hour on interviews.

Volunteer drivers must provide their own car and gasoline and need a driver's license and liability insurance. They are called once a week. All driving is done in the day and drivers are notified at least 24 hours ahead of assignments, which take usually three hours.

Persons wishing to volunteer for this service can call CA. 8-5606 during the day.

Canned hams three pounds and over should be kept in the refrigerator. Ham may be served cold as it comes from the can or baked according to directions on the label.

City Vacates Alley

City council recently passed an ordinance vacating an alley north of Race-st to the care of property owners.

The alley extends from the west line of Demorest-rd to the east line of the alley west of Demorest-rd. The city retained utility rights.

'Go Ahead' Given For New Georgian Heights Elementary

Columbus School Board took a giant step forward Tuesday in its continuing race against student increase in the southwestern Hilltop school system.

Approval of a proposal for early construction of another new elementary in the area, to be built south of Georgian Heights, will lead to definite relief of overcrowded Binns and Lindbergh by next September.

The new nine-classroom school will definitely be completed by next fall and perhaps before the end of this school year, said school officials.

Planned to house student population of Georgian Heights, the proposed school will free desks and chairs now occupied by Georgian Heights youngsters at Binns and Lindbergh some distance away.

Location of the elementary will be on the newly-purchased, eight-acre site bounded on the north by Sexton-dr, on the west by Georgian-dr extended south, on the east by Savannah-dr extended south and on the south by an imaginary line approximately 1000 feet south of and parallel to Sexton-dr.

Patterned after the nine-room Lindbergh School, the architectural firm of William R. McDonald and Associates has been retained to make minor modifications necessary to the basic plain, adapting the building to the terrain.

At the time the last building survey was made in 1956, no one could foresee Columbus Schools' responsibility for the education of children in areas now annexed to Columbus. Therefore, no money was available for another school.

Construction of the building will be financed with funds carefully accumulated by the board, "through unexpected savings in a number of other projects".

Binns Elementary opened in September, 1957, with a rated capacity of 825, now has more than 900 students enrolled.

Lindbergh School, opening late this fall because of construction delays, admitted 70 more than its rated capacity on opening day.

Further increases in Lindbergh enrollment has made it necessary to transfer two classes to West Mound Street School.

Asks For Westmoor Bids

In other action, the board authorized the advertisement of bids on furniture for the new Westmoor Junior High School. Deadline date is noon on Dec. 1.

Slated to be ready for occupancy by seventh grade students at the beginning of the term in February, the building is planned to accommodate 900 students.

Election . . . 1958 An Important One

Next Tuesday will be a very important day to Ohioans. It is Election Day, 1958.

For several months candidates and persons interested in the issues have sounded off with millions of words. It is hoped the public has listened well and has an unbiased understanding of the issues and candidates to be voted on.

As we see it, the campaign lines up this way:

Vote! If you are eligible and are registered you should by all means take advantage of the privilege that is yours . . . so vote! Your vote will be in privacy and you should vote only as you desire. No one has a right to dictate how you vote and no one will ever know.

Issue No. 1 . . . We believe it is a step in the direction of solving some of the great number of growing pains the people of the county are encountering. It is in no way an immediate change in any form of local government but merely makes it possible to bring certain changes into being should the people of various areas so decide they want them in the future. Any such changes would be subject to the vote of both areas involved in any future consolidations.

Issue No. 2 . . . From the beginning we have regretted that this should be such a bitterly contested issue. If this issue is approved it will be because union members themselves vote for it. People in general are not opposed to the labor unions. Some of those who are backing the issue and some of those who are opposed to it, are, we believe, doing so for selfish reasons. It is our opinion that most industry welcomes the organization of their workers, but are very much opposed to labor dictators, who many times agitate far beyond the welfare of the rank and file of union membership. Issue 2 as set forth, returns to the worker the right to choose a spokesman to represent him. In our opinion the calibre of many spokesmen for labor will be raised if Issue 2 is passed.

For Governor . . . We like Gov. Bill O'Neill. Earlier in his administration we believed he was off to a very bad start. In later months he has developed courage and a more aggressive view of the problems of the state.

For Congress . . . We like Walter Shapter, Jr. He is a well established business man and we believe the federal government needs business men. Sam Devine is a popular and capable young Republican and perhaps might handle the job well if given the chance.

For County Commissioner . . . We have always felt both parties should be represented on this three-man board and we have endorsed Delmar Kunz a Democrat. We believe he has the courage to vote for the things he feels will be for the greatest good to the greatest number regardless of party affiliation.

The School Levies . . . We are for all of them. In this inflationary period the schools of our communities must have more operating funds. All the issues should be passed.

The Child Welfare Levy . . . should by all means be passed. These children deserve a

Calendar Starts In This Issue

Starting today, a calendar listing of community events and meetings for one month in advance will be printed each week in this newspaper.

Compiled by the HBA as a community service project, the calendar will serve as a reminder as well as assist organizations in choosing available dates for important events.

Any organization wishing to be included in the calendar may phone Hilltop Business Association, BR. 9-6314.

Today's calendar may be found on page 2

WESTMOOR SCHOOL TO BE PRIDE OF COMMUNITY

GOING UP FAST — Westmoor Junior High School construction is about a month and a half ahead of schedule, according to the builders. And one of the proudest workers is Jim Andreotte (above) of 3011 Palmetto-st, brick superintendent for General Maintenance and Engineering Co. His grandson will be among the first pupils to go there at the beginning of the third school quarter next February. This scene was snapped from high on the gymnasium wall. Already under roof are classroom wings, science department, auditorium and the cafeteria. School officials this week said the design of the $1.5 million school on Valleyview-rd is earning the praise of architects everywhere.

Issues Talked Up As Election Nears

Interest in the coming election, Tuesday, Nov. 4, is on the upswing this week as campaigners increased their drive for John Q. Public's favor.

Four issues and a number of state and local offices will be portrayed on the voting machine panels, open to voters from 6:30 a.m. to 6:30 p.m. Tuesday. Newly annexed people will, of course, vote in the city election, many of them in their regular balloting places.

Persons who were registered in the city and have moved into the townships will receive notice on the location of their new precinct houses right away. Most of the notices were to be mailed today, election officials said.

Analysts agree that Issue No. 2, tagged the Right-to-Work proposal will do much to bring out the voters. West Columbus voters, many of them employed in local industrial plants, have formed strong opinions on the compulsory union shop aspects of the issue.

Another item "close to home" is the 3.8 city school levy to finance school operations in the next three years. Rapid school construction (as reported elsewhere on this page) points out the need for serious consideration on the part of voters.

Designed to unite a knotty problem of emergency nature, the .3-mill Child Welfare and Relief levy is up for consideration. The welfare Department insists that without more aid it cannot meet adequate standards in caring for dependent children, blind and disabled.

First issue on the ballot is the "Metropolitan Federation" amendment to the State Constitution. If passed it would permit villages and towns in any county of 50,000 people or more to federate.

The contests for governor, various state offices, three county jobs and nine judicial seats round out the ballot.

County election officials said they have received a few calls from persons who fear that voting machine is not private. "There's no way under the sun that anybody can tell how you vote in that machine", an election board spokesmen said.

A new regulation states that when all booths are in use and persons are waiting, a time limit of five minutes at the machine must be observed. To avoid the rush, voting between 9 a.m. and 4 p.m. is urged.

Gladden House Director Will Step Down June 1

Carl H. Bogart, 742 Binns-blvd, has announced his resignation as executive director of Gladden Community House, Hawkes and Town-st, next June 1. He will serve in an advisory capacity until Sept. 1, 1959.

Bogart and his wife came to the agency 38 years ago. Working as a team, they have developed it from humble beginnings to its present status as a settlement house of national and international repute.

Carl Bogart

After graduation from Miami University in 1916 Bogart entered the field of social service with the Ohio Board of State Charities (now the Ohio Department of Public Welfare). After two years' service in the U.S. Navy in World War I, he became director of child placement with the Children's Service Bureau of Youngstown, O. He was called from that position in 1921 to become director of Gladden where he has served since.

R. B. Sherman, chairman of the Gladden board of trustees said today, "The building is a monument to the unflagging persistence of Mr. Bogart and to his dedication to the philosophy that the people of the West Side deserved an adequate and attractive center for their activities. This structure, dedicated in 1954, is one of the most beautiful and well equipped buildings of its kind in the country."

During World War II, Bogart was given leave of his duties at

Leaf Pickups Start Monday; Burning Will Be Permitted

City street cleaning crews have decided they've waited as long as they dare while West Side trees still cling stubbornly to their leaves.

The wet summer has matured the heaviest, and tardiest, leaf drop in years, the department said.

Because the West and North Columbus areas have far more trees than anywhere else in the city, they will be visited by the crews first, beginning next Monday.

To handle later leaf fall the city has relaxed several regulations. Burning will be permitted between sunrise and sunset if a competent person is in attendance at all times. An open metal container must be used.

In areas where there will be no leaf collection or scheduled collection has passed, leaves may be placed with rubbish.

Other instructions follow:

Watch this newspaper for the weekly leaf collection schedule.

Place leaves in the gutter the day before scheduled cleaning. Wet them so they won't blow away. Leaves in yards will be by-passed.

• Where parking is heavy, place leaves in containers at the curb.

• Remove cars from the curb. One car will leave about 20 feet of gutter that can't be reached. Crews will not return.

• Placement of leaves in the

Library officials declined to set a definite date for opening the branch because any shift in dates "would ... to disappointment of some very eager young patrons." Plans now call for installation of shelving and

Results Close As Pickers Prove Stingy

Guessing Contest contestants were extremely stingy this week calling nearly all the shots in the Record-News forecasting game almost ended in a big three-way tie.

Farber Hits Suit Against Councilman

By BILL RUSH

Attorney Milton S. Farber, describing Republican city councilmen as "obstructionists" and accusing them of "political chicanery," prepared Tuesday to defend Mayor M. E. Sensenbrenner's right to appoint South Sider William P. Hoermle to the city council in the Ohio Supreme Court.

Action contesting Hoermle's right to hold the "seventh" council position was filed in the state's highest court Monday by City Attorney Russell Leach, acting as special assistant to County Prosecutor Samuel Devine.

Leach claims only the city council has authority to appoint a new councilman. After council had deadlocked 3-3 on every attempt to name a successor, Mayor Sensenbrenner took advantage of a state statute allowing him to make the appointment when 30 days had passed.

Since the city charter is silent on this matter, Leach maintains that the Mayor does not have this power.

Commenting on the charter, Farber said that it was "unthinkable" that "a minority of council members can by perverse and obstructionist tactics stymie the orderly process of government."

Bosses Hosts At Banquet Here Nov. 12

Employes of members of the Hilltop Business Association will be guests of their bosses at an annual dinner Wednesday evening, Nov. 12 at the Westinghouse cafeteria.

Walt Seifert, well known humorist and lecturer will be the featured speaker. Seifert has edited a comic strip, written an "advice to the lovelorn" column, been fishing columnist, police reporter, school principal and philosophy teacher. He will talk on "Attitudes are Ammunition".

Entertainment will be furnished by Vernel Lambert, banjo artist and Roxanne, acrobatic dancer. (More details are given on Page 10.)

Balloting is in progress for new HBA officers who will be introduced at the meeting. A film on customer relations will also be shown.

Employers are urged to return reservations to the HBA office by Saturday, Nov. 1. Last year 280 persons attended the dinner.

Columbus May Annex Tract In Prairie Twp.

Columbus may extend into Prairie Township for the first time if a proposed annexation is carried through.

Thomas J. O'Ryan, 3146 El Paso-dr, says he will present a petition for annexation of nearly 1,000 acres east of Norton-rd, north of Hall-rd and south of Broad-st in Prairie and Franklin Townships.

Included on the annexation map will be the strips of land between Sullivant-av and W. Broad-st owned by Peoples Development Co. The unpopulated

Community Clubs All Set To Go With Planned Halloween Events

Throngs of gay, noisy Halloweeners will make merry at a series of parties arranged by local service groups, Friday night.

Genial hosts are ready to entertain thousands.

Hilltop Community Council will stage its annual, gigantic party at West High School from 7 until 10:30 p.m.

Features of the affair include a costume parade with prizes for the winners, Casper the Camel from WTVN, dancing for teenagers and a variety of booths. Lee Koontz will emcee. Police will help regulate the

Member organizations of the West Side Community Service Council will each host a party for different age groups.

West Side Boys club, 118 S. Gift-st, will hold a party for boys and girls, 12 and under, with Halloween games beginning at 6:30 p.m., a carnival ride, prizes for best costumes and refreshments.

A movie for youngsters 12 and under will be shown at Sullivant Gardens at 7:30.

Gladden Community House, 183 Hawkes-av, will hold a carnival affair from 7 to 9 p.m. with booths, games, refreshments and prizes for children 12 and under.

Don Curl and his orchestra will play, courtesy of the Columbus Federation of Musicians, for dancing at Sunshine Recreation Center from 7:30 until 10:30 p.m.

Teenagers attending the dances at Sunshine and at West High School will register as they enter the door. When the dance is over, names will be drawn and a half hour after the dance is over, phone calls made. If the teenager has arrived home, he or she will receive a silver dollar. Money will be delivered Monday afternoon by the police juvenile bureau.

Little masked marvels will prowl their neighborhoods tomorrow night, ringing bells and chanting the familiar, "Trick or treat."

"Pennies night," when the youngsters ask for pennies, is frowned on by authorities. Only beggar's night is sanctioned.

Mayor M. E. Sensenbrenner today urged children of Columbus to refrain from vandalism in their Halloween activities.

The mayor stated, "Most children have cooperated beautifully. However, there are always a few who set a bad example and cause harmful destruction of property and injury to others.

Let us all take pride in our wonderful city and refrain from any undesirable acts."

NO BONES ABOUT IT . . . They're ready! A friendly skeleton greets trick 'n treaters at 255 S. Gift-st, this would. He's the work of Linda Kennedy, 10. Linda and her three-year-old sister, Nancy, want everyone to know that they're all ready for the West Side's Halloween activities.

At a special ceremony during the Sunday worship period of Westgate Methodist church, John Roman, 17, of 2015 Crescent-dr, received the Eagle Badge, Boy Scouting's highest rank.

John, the son of Mr. and Mrs. John Roman, is a member of Troop 23, sponsored by the church.

The announcement was made by the pastor, Rev. Ross Winner, who introduced Scoutmaster Roger Meyer and his assistant Marvin Avery. After John received his badge he in turn pinned a miniature emblem on his mother. He and Scoutmaster Meyer are the only members of the troop to attain the award in recent years.

Veterans Group To Meet Sunday

Capitol City Barracks No. 461, Veterans of World War II of the USA, Inc., will meet Sunday, Nov. 2 at 2 p.m. in the Veterans Wing of the New Veterans Memorial Building, W. Broad-st.

Ladies auxiliary will meet there at the same time.

The group is the only one in the city affiliated with the nationally and state-chartered organization for World War I veterans, said R. M. Hartman, publicity officer. All eligibles are invited.

An improvement is needed in the salary structure of the Columbus Public Schools. Your vote FOR the School Levy on Nov. 4 will help, according to the Franklinton PTA.

URGE PASSAGE OF LEVY

ELIMINATE THIS—Unhealthy over-crowded conditions such as this will be eliminated at Franklin Village if a half-mill tax levy for child welfare services on the Nov. 4 ballot is approved by voters. Two cottages which were closed in June because Franklin County Child Welfare Board didn't have enough money to staff it, will be put back in use and the board will be able to staff the near-completed receiving center. These children are eating in a corridor of the crowded medical center building which now doubles as a receiving center.

Lose Your Lid?

B. L. Pfeifer, 236 N. Algonquin reports halloweeners recently stole his two wheel trailer and he found it some blocks away . . . and filled with garbage can lids. He has returned a number of those with names on the lids, but has about two dozen left. If you have lost your lid, garbage that is, he invites your inspection of his supply.

To Joe Goodwin

The following letter was received by this paper this week and because it exposes over personal feelings, we are printing it here this week, with our good wishes to Joe Goodwin:

Dear Mr. Goodwin:

To have friends, you must be a friend. And you have been a GOOD friend many years to many people of the Hilltop.

Our confidence in your honesty and your integrity caused us to come back to your drug store time after time, year after year. Your knowledge, your kindness, your smile, your understanding made us glad we came, each and every time.

We never had an opportunity before to tell you how grateful we have always been to have such a wonderful friend as you are, here on the Hilltop. We value your friendship that you have always given along with the medicine we have received from your hand. There may be a few larger drug stores than yours in floor-space, but none to compare in heart-space.

We hold our heads high when you say YOU are our pharmacist and our friend. We want YOU to continue to be our pharmacist and our friend.

—A Hilltopper

BOY SCOUT NEWS

Edited By JACK M. FRAVEL

Cub Scout Pack 257

Cub Scout Pack 257 of Hilltonia Evangelical United Brethren Church will have a Pack meeting and Halloween party Thursday evening, Oct. 30, at the church.

Den 1, under the direction of Mrs. Wayne Leathers, den mother, and Mrs. Clyde Rumfield, assistant den mother, will be in charge of opening and closing exercises.

Den 1 held a wiener roast at Westgate Park on Wednesday, and the Webelos Den had an outing and wiener roast at Glenwood Park recently.

The pack is selling Christmas cards, wrappings and novelties to earn money for its treasury.

Boy Scout Troop 357

Boy Scout Troop 357 of Hilltonia Evangelical United Brethren Church received the President's Streamer Award for unit achievement and advancement during the past year at the recent Scouter's convention at Capital University. A second place award for newswriting and public relations was also presented to the Troop.

Ricki Chaffin, Bruce Kelly, Bobby Weisenberger and Alan Hane were advanced from the Webelos Den to the Boy Scout troop.

The troop, under the direction of John Snider, scoutmaster, is selling Halloween trick or treat candy to earn money to purchase camp equipment.

St. Timothy's Is Sponsor

St. Timothy's Evangelical Lutheran Church will be the sponsor of Pack 114's 40 boys, it was announced this week. Elected to serve for the next year: cubmaster, James Shamblain; committee chairman, Warren Rarrick; secretary, Mrs. Clarence Parsons; treasurer, Elmer Hixon; and publicity chairman, Mrs. Warren Rarick.

Cub Pack 114 and Troop 114 will sponsor a round and square dance at South Franklin School Nov. 7. Calling and music will be by Jack Young, from 7:30 to 11 p.m.

The units will give dances each month.

Plan Party Early

Post, Troop, and Pack 225 will have a Christmas party again this year, sponsored by the Parents Auxiliary. To raise money for the event Pack 225 will sell light bulbs; starting Tuesday the troop will sell Christmas cards; and Post 225 is hoping to sell Christmas trees on Sullivant-av.

Committees for the party include James Demorest and George Sesler, finance; Mrs. Bowers and Mrs. Myers, games; Mr. and Mrs. Eskill Boggs, clean-up squad; and Mrs. and Mrs. Hale, entertainment; Mrs. James Demorest, presents; and Mrs. L. H. Fravel, refreshments.

Wayne Bowers and Chic Smith of Troop 225 have been awarded merit badges in scholarship, and Gary Smith received a Second Class badge and a cooking merit badge.

Camp in Hocking Hills

A "get acquainted" camping trip for leaders in the new Central District will be taken this week-end. It will be held in Hocking county.

To Enter NRA Tournament

Post 20 encountered a little bad luck on their Saturday night hayride, according to Advisor Joe Harlan. The truck broke down, delaying the ride.

Tuesday night the Explorers decided to enter a rifle team in the forthcoming National Rifle Association Tournament.

The post will attend the South-west District's fall Camp-O-ree this week end and will help run contests and games.

Present Skit

Theme of Pack 248's meeting Monday evening was "Folklore." Den 3's skit was on "Stromalong"; Den 2 presented "Johnny Appleseed"; Den 1 portrayed "Casey Jones"; and "Sacagawea" was given by Den 5. Den 3 opened the meeting and Den 4 furnished refreshments. The closing, by Den 2, featured the 23rd Psalm, with each boy reciting a verse.

Frank Morris, former committee chairman, is the new cubmaster, and Joe Barian his assistant. Robert Thacker will become chairman.

May Annex Tract—

areas between these roads has been avoided.

Much of the land is owned by developers with only a few resident freeholders, according to O'Ryan.

O'Ryan stated that gas and water lines can be extended to the area, but only part of it can be served by sanitary sewer until the Big Run truck line is constructed. Columbus is hedged on building this line until most of its route is within the city.

Columbus hires more than 400 teachers each year to staff new classrooms built to accommodate increasing enrollments and to replace teachers who retire. The PTA of Bellows School asks that the public support the school levy on the ballot on Nov. 4.

COLUMBUS SCHOOL NEEDS ARE CLEAR

It seems clear to us that the proposed 3.8 operating levy for Columbus Public Schools should be passed.

It is our belief that the average voter, when confronted with the facts of the issue, will hold the same feelings. Here are some of the facts:

About 92,000 more residents have swelled Columbus' population since 1950.

The city has more than doubled in geographical area during the last eight years.

The Columbus Public School system lists 45 more schools than in 1950.

Approximately 28,000 more children have filled the new schools at a gain to the school district of almost 9,500 youngsters per year.

The number of births in Columbus has increased almost 50 per cent in the last eight years.

These facts which point toward a huge demand on city schools for increased services show the strain being put on the existing budget.

Furthermore, all surveys and estimates indicate that this growth is not likely to end for some time.

The issue was simply stated by Superintendent Dr. Harold H. Eibling who said, "It should be clear to everyone that you can't educate the expected 84,000 pupils of 1961 on the same budget used for the present 74,000."

This, together with the observation that patches on the school man's pants should be a thing of the past, prompts us to urge every voter to cast a "yes" ballot on the school levy.

GET SALK SHOTS NOW

IT WAS NOT TOO MANY YEARS ago that people in a large American city were startled to see a group of women marching in front of the mayor's office, picketing. Their demands were simple . . . they wanted Salk vaccine for their children.

This happened just a few years ago, when the Salk vaccine, a newly developed medical miracle was in such great demand that manufacturers could not product enough to satisfy everyone who wanted or needed it.

Nowadays, however, it is rare to find a heavy demand for the vaccine. Thanks to Dr. Salk, hospital beds are far less filled by polio victims. Thousands have been spared the tragedy of the dread paralysis or of death itself.

Supplies of Salk's miracle are now piling up on warehouse shelves, and 45 million people in the polio-susceptible age groups under 40 have failed to get this essential protection.

If you have not had your complete series of Salk shots, or if your children have gone unvaccinated, get them now. It's the cheapest form of health insurance on the market.—Reprinted from the Sycamore (O.) Messenger.

Mayors Hedge On Federation; Fear Columbus Domination

By DAVE HESS

Franklin County Mayors' Council, despite Attorney Jack Chester's warning that the trend was toward a county-wide governmental system, voted last week to oppose the Metropolitan Federation amendment which will appear on the November ballot as Issue No. 1.

Chester, chairman of the Metropolitan Federation Committee in the Ohio Legislature and author of the amendment, told the council that "to survive as autonomous municipalities, it is imperative that you smaller community officials provide metropolitan services to your people."

Said Chester, "You must seek a kind of government which can regulate metropolitan functions (services), and the only way to do this is to encompass the area where the functions exist so that control over them can be exercised." The Columbus attorney was, of course, referring to Columbus as the area to be surrounded.

He called Metropolitan Federation the "natural device for taking away control of water and sewer services from Columbus." Up to now Columbus officials have followed a policy of holding out these services to the small municipalities on the theory that they may be enticed into annexing to the big town.

Mrs. Charlotte Curtis of a downtown newspaper and Mrs. Evalena Briers, Upper Arlington planning commissioner, spoke on the pros and cons of federation, explaining the electoral procedures for putting federation into effect.

Mrs. Curtis emphasized that a vote for the amendment Nov. 4 will not, in effect do anything except make it possible to initiate action on federation. She made it plain that the whole issue is built on a theme of "permissive legislation," which actually doesn't do anything in and of itself except allow legislation to be started. In other words, if Issue 1 passes, metropolitan federation will not automatically be in effect. It means that two county commissioners, Columbus City Council or a petition of voters in the areas involved could call for a charter commission vote.

After a commission was elected and a charter drawn up, a three stage vote for acceptance, or denial, would be held. A majority of voters in Columbus (the largest member of the federation) would have to be obtained, then a majority of voters of the areas outside Columbus be obtained, then a majority of electors over the entire area be obtained.

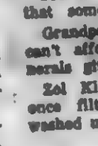
Warren Insley, Worthington city attorney, probably voiced the fears of most of the mayors on the council when he said in retort to Chester's arguments, "Once we smaller municipalities take services from Columbus, eventually we will come to be dominated by the city. The City of Columbus will control the situation, whatever it is."

Insley's opinion was offered after Chester had told the council that the small towns would not be shouldering Columbus' debts, but just paying their own share of what they used from the big city's services. Chester also pointed out that by availing themselves of Columbus services, lower rates would probably be realized.

BIBLE COMMENT

Pope's Death Shows Unity Of Religion

The unity of Christians and Jews throughout the world was brought into focus sharply by the death of Pope Pius XII. Roman Catholic, Protestant and Jewish leaders, heads of state and most creeds joined in expressions of mourning at the loss of the 82-year-old "Pope of Peace."



In East Germany, deep in the grip of communism, church bells tolled every 15 minutes after the Pope's death, as a constant reminder to their congregations of their loss.

The National Council of Churches, representing most of the Protestant denominations in the United States, cabled "deepest sympathy" to the College of Cardinals and to Roman Catholics everywhere.

The Synagogue Council of America, in what it said was an unprecedented action, drafted a message of condolence to the Roman Catholic world.

Other messages of sympathy came from other far-flung points of the globe: Canadian Prime Minister John Diefenbaker; Australian Labor party leader H. V. Evatt; the Rt. Rev. Horace W. B. Donegan, Protestant Episcopal Bishop of New York; the Archbishop of Canterbury, leader of the Anglican Church of England, and Dr. Norman Snaith, president of the British Methodist Council.

In a wave of sympathy unusual for our time, these men stood together, bridging oceans, and political religious leanings, to mourn the passing of a man who worked for peace in our age until he was called to his final rest.

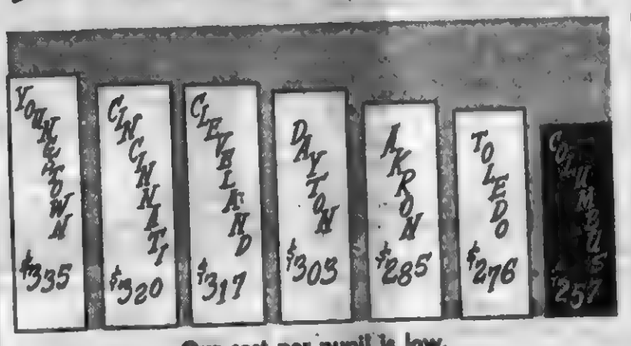
Will Columbus Children Continue To Have GOOD SCHOOLS? — BETTER SCHOOLS?

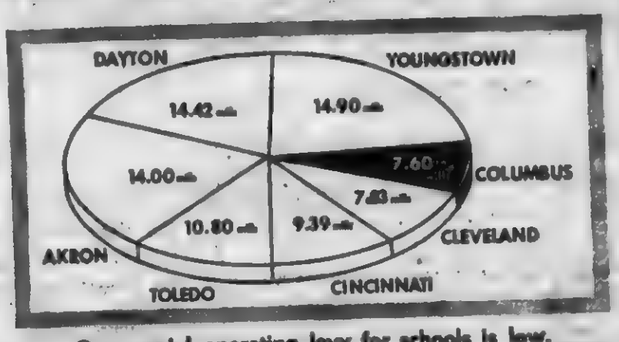
IT'S UP TO YOU!

► We MUST Keep Our Schools Strong

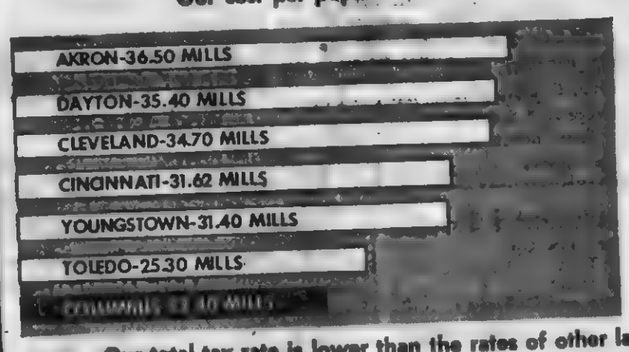


Our children are our nation's most valuable resource. Our schools have become our first line of defense. For these reasons, we must keep our schools strong. We must face our educational problems honestly and courageously.

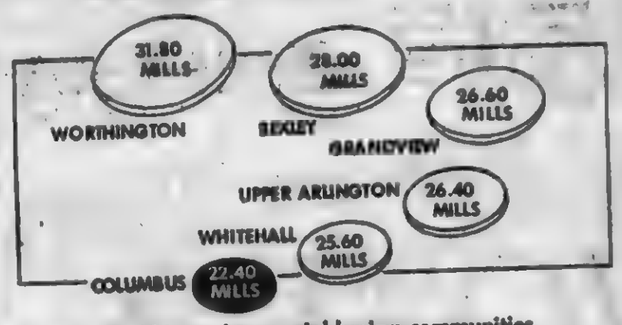
Columbus schools have a serious financial problem. They need more money for three purposes: (1) to maintain their present program; (2) to educate 10,000 more pupils during the next three years; and (3) to carry out the 12-point improvement program approved by the Board of Education.



To raise the money needed, the Board is asking the voters to approve a 3.8-mill levy on Nov. 4.



► We Can Afford to Invest More in Education



Our cost per pupil is low.

Our special operating levy for schools is low.

Our total tax rate is lower than the rates of other large cities in Ohio and our neighboring communities.

► Better Schools: A Reasonable Investment

How much would an additional 3.8 mills cost you? If your home is worth $12,000, it probably is carried on the tax rolls at about $4,000. 3.8 mills levied on this property would cost less than 30c per week, or less than a penny for each hour that school is in session!

VOTE X FOR THE SCHOOL LEVY ISSUE NO. 4 NOV. 4

Kunz Charges Commissioners 'Do Nothing'

D. J. Kunz, Democratic candidate for County Commissioner, last week blasted the incumbent Republican commissioners for their alleged ability to do "absolutely nothing" in the face of crisis during their tenure in office.

Kunz claimed the Republican commissioners waited until trouble developed, then looked to private citizens to pull them out of hot water.

He promised electors that if they approved him to the commissioners' office in the coming elections he would take "forthright" action in remedying the charged ills of the present administration.

Kunz is the mayor of the Village of New Rome and has been active in county politics for quite a few years.

St. Mary Magdalene Athletic Association's fall dance, originally planned as a Halloween dance on Nov. 1, has been postponed until Saturday, Nov. 8.

Date for the affair was changed because of a Holy Day.

Carl's combo will play for round and square dancing in the church hall from 9 p.m. until midnight.

Co-chairmen in charge of dance arrangements are George and Charlotte Hughes.

Other chairmen include, Bill Garrett, refreshments; Rose Colitz, decorations; John Murnane, Bill Faller and C. J. McDonald, committee representatives and Viz Thomas, publicity.

Our total tax rate for public schools is lower than the rates of other large cities in Ohio and our neighboring communities. The Central High PTA asks residents of this community to vote FOR the School Levy on Nov. 4.

OFFERS GUIDED TOUR OF FAMOUS CEMETERY

Guided tours of historic Camp Chase Confederate Cemetery in the 2800 block of Sullivant-av are available free to any interested group. An invitation to visit the unique resting place of 2260 Confederate dead was issued to the public this week by H. O. Park, cemetery caretaker.

Suggesting that school history classes, scout troops, civic organizations, and others might enjoy such a tour, Park offers to act as guide any day of the week except Sunday. He notes that two Boy Scout troops plan to make the tour Nov. 3.

Established during the Civil War, Camp Chase cemetery is the larger of two such burial places for Confederate soldier-prisoners in Ohio. The second is on Johnson's Island in Lake Erie.

Park may be reached about making a tour at his home, 214 S. Glenwood-av, or by calling CA. 4-0690.

Issue 2 would weaken the happy family life we now enjoy. With less money coming into each home, parents will be forced to deprive their children and themselves of many of life's necessities.

Eighty per cent of all Ohio employer-employee contracts include the union shop. This type of agreement put Ohioans among the best-fed and best-clothed people of any of the states in the Union. Victory Over Aquinas Lifts Spirits Of West High Squad

By BOB WILCOX

This Friday night the West High Cowboys will travel to North to try to avenge a 27-0 loss on that same turf last year. If the Broncos play the brand of ball that they have the past two weeks, (improving as they go along) they just might get their revenge.

The Polar Bears, last year's City League champs (broke a tie for first place by nipping Aquinas in the last game of the 1957 campaign), got off to a very poor start this year. They dropped their first few encounters before suddenly "finding" themselves.

They lost to Springfield, Lima and East (that one pretty badly), tied Eastmoor and beat Marion Franklin, South and Central. South's upset was their announcement that they were "back." They changed coaches this season, although they kept it in the family; Assistant Dick Hindman took over the reigns for brother Hugh, who moved on as an assistant at Ohio U.

They use the split "T" and stay mostly on the ground. In fact their passing might be compared to West's . . . almost nil. They have their 1957 backfield back almost intact, but hardly any of their '57 line. This probably is their weakest "link." Their best ballcarrier is halfback Dave Reid who is quite shifty, as is the rest of the backfield . . . fairly fast and pretty good sized. North seems to like the power game or "belly" series . . . keeping its running game mostly on the inside, or up the middle. They especially "love" their trap plays and counter plays . . . using the fullback and Reid quite well.

After watching West in its last three or four games I must consider the Cowboys as having an excellent chance.

An open letter to the Cowboys: You now should have that valuable ingredient known as confidence . . . knowing that you are capable of "doing the trick" . . . but don't be cocky, or you may never know what hit you when you woke up Saturday morning!

• • •

A two-man scoring show with some excellent team support in the background pretty well summarizes the big upset of last Friday's football score . . . West 20-Aquinas 12. These two boys accounted for their respective team's entire scoring, but not without some mighty fine support by teammates (more of this later).

Two other statements fit . . . West was fired up (whether by intent of the coaches or just by the individual squad's effort) . . . and they capitalized on "items" that had in reverse been "killing" the Cowboys all season. On the latter . . . for once the Broncos' side of the ledger didn't show numerous and long penalties against them . . . and a lot of fumbles lost. However, they turned the tables and used to advantage those same "miscues" when committed several times by the Terriers.

West completely outplayed, outscrapped and outeverythinged Aquinas for the first three periods. They then proceeded to have a somewhat normal and disastrous letdown in the final stanza . . . as the Terriers and Bellisari in particular came to life and almost upset West's applecart. Any resemblance for the first three quarters to the rough and highly rated Terrier squad of pre-game discussions was purely a coincidence.

In the last frame, instead of staying on the ground where they seemed to have their best success, they went to the airlanes. Although a pass did set up their one score, for the most part their passing game was highly ineffective in the clutch and helped prevent them from possibly winning in the final spurt to the wire.

West scored its first TD in the second quarter on a break capitalized upon. On the second play of the period the Terriers fumbled on a bad pitchout and Fred Ash recovered for West, on the West 2 yard line. In 21 plays and 72 yards Francis went over left guard for the final yard . . . with 1:30 remaining in the half. He went over left tackle for the two extra points.

The biggest gainer on this drive was a 25-yard right end sweep by half Bill Smith. However the entire drive was characterized by the "bull-like" charges of Francis who carried 11 of the 21 plays. West had possession of the ball 23 of 29 plays run in the second period . . . and the first and third quarters were more of the same!

During Francis' charges on this drive, he, time after time, had to run over his own blockers. Probably more black and blue bruises will be exhibited this week by Cowboy linemen and blockers . . . that were inflicted by Francis in "overstepping" them . . . it was real bruising at times.

(And before some softhearted, not-to-well-informed soul cries out, "How utterly terrible . . . running down his own men . . . " that is exactly what is supposed to be done if they don't clear out of the runner's way . . . and it's done every game whether it be West or West Chicago.

The Broncos scored their second touchdown at 7:19 of the third period as Francis climaxed an 11-play drive by going over left guard from four yards out. Jim Hasting's try around right end for the extra points was unsuccessful.

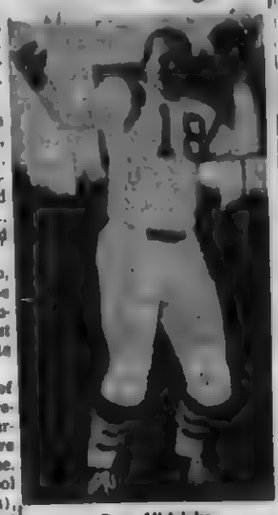
Starting on the Aquinas 47 where West recovered another Terrier fumble, the big play was a 16-yard jaunt around right end by Hastings. Also on this drive West picked up a first down without ever getting a play off: on two successive plays an overanxious Terrier center jumped the gun.

The last West scoring came with only 20 seconds remaining in the third stanza. West took possession only one play after their last touchdown as Aquinas fumbled on first down on their 40 and Ash again recovered it. In 12 plays Francis went off right tackle for the final seven yards.

Don Uldrick's attempted wick for the extra point went astray after a poor pass from center. All the gains on this drive were fairly short with the TD jaunt being the longest gain of the drive.

Then in the last frame Aquinas scored twice. Bellisari went over right tackle for 18 to score at 6:12 and then plunged the final yard over right tackle at 1:32 for their final effort. Both extra point run attempts were thwarted. Their second TD was set up by a 19-yard pass play from Bellisari to quarterback Ed Powell and he was finally pulled down on the Bronco one-yard line.

Except for their last period let down the Cowboys played inspired ball . . .not making their usual mistakes and making their own breaks by pressuring so the Terriers "outfella".



Defensively all the linemen were good and it's hard to list the top few but Uldricks, Ash, Bob Pate and Francis would have to be named. Defensive end Bob Brown, a senior who just barely made the squad, finally came into his own.

Seeing action most of the second half, the coaching staff had very high praise for his surprisingly fine work. West had to punt the first time it had the ball, but that was the last time.

Aquinas went into short punt formation and a spread (widely spaced left side of the line) several times during the game and almost exclusively in the fourth period, mostly to throw. This was unsuccessful for the most part. However they did develop some fine gains on a short completed pass and an immediate wide lateral that worked quite well.

West's halfbacks, unable to penetrate the center of the Terrier line, went to the outside and with quite a bit of success. All the halves . . . Smith, Pate, Hastings . . . did a nice job there . . . thus relieving the pressure on Francis up the middle.

Meet The Cowboys

Don Uldricks
Photo — Tom Welch

Donald Blythe Uldricks, 17, is the son of Mr. and Mrs. H. J. Uldricks, Jr., of 221 S. Westgate. He has one younger brother, Mike.

He was born July 14, 1941 in Kalamazoo. At the age of five, his family moved to Emas, Pa., two years later to Coopertown, Pa., two more years and they settled in Memphis, Tenn., and finally another two found them in Cheboygan, Mich.

Upon settling on the Hilltop, Don entered the seventh grade at West Junior High and continued his schooling at West ever since. He will graduate this June.

Don has played two years of varsity football, and one of reserve, at both end and quarterback offensively and defensive linebacker and end on defense. Unusually big for a high school quarterback (of T formation), this size coupled with his speed gave him a fine power-running potential, along with his passing ability, to great advantage. Although he started the season for West at that position, his most recent showings on defense . . . hard tackling, etc. . . . have left the biggest impression on fans.

He has also played three years of baseball as a pitcher (a southpaw) and one year each on the reserve and varsity basketball teams as a forward or guard for the Cowboys. Playing first base for the Camp Chase American Legion team during the summer, he was selected to this year's Legion All-Star team with a batting mark of .398. Don also does all the kicking off and point-after-touchdown booting for the Broncos . . . also a "southpaw" kicker.

Don was this year's representative from West to Boys' State at Camp Perry, in June. He also is a member of West's Student Council, the senior choir, Hi-Y, one of three chairmen for this season's "Fun Without Destruction" campaign and a member of St. John's Episcopal Church. Through this all he maintains a "B"-plus average scholastically. Last summer he did construction work at the new Oakhurst Country Club.

His main interests are sports—water skiing, tennis and hunting (in the individual sports). He hopes to obtain an athletic scholarship to go on to college and play "any sport." He plans to go into pre-dental. While interested in Ohio State, his next choice would be a college the size of Capital . . . where he "wouldn't be lost in the crowd." Athletically at least. Weighing 190 pounds and standing 6'1", he also has his eye set on a possible stint in professional baseball.

Centralites Tripped By Polar Bears

Central fell victim to North last Thursday night in a 20-16 contest on the losers' field. Miscues and fumbles were decisive game factors during the first half.

The Pirates scored early in the first period, with Henry Hairston going over, but North rebounded to tie it up in the same period. The Polar Bears tallied in each quarter while the home team scored during the first and last periods.

Longest scoring play of the game was a 68-yarder by Hairston in the fourth period. Dave Reid played a leading part in the victory as he scored on a 60-yard off tackle play and circled end for 33 to tally again.

Central will help Linden McKinley, the league leaders, dedicate its new Memorial Stadium on Friday, Oct. 31.

We must keep our schools strong. Avondale PTA urges your vote FOR the School Levy on November 4.

Terriers In Second Place In Glenwood Grid Battles

By virtues of wins over the Cowboys and the Bulldogs the Terriers moved into second place in the Glenwood Recreation Center's junior football league.

As a result of the hard charging Bulldog line, the Bears fumbled in the end zone and gave the Bulldogs the game, 18-12.

A Terrier fumble recovered by Jerry Francis fired the cubs into a 14 to 0 lead at halftime but the spectacular running of Larry Graves, who scored three touchdowns, gave the Terriers a 20 to 14 victory.

Jerry Clayter and Don Van Order, scoring two touchdowns apiece, and a touchdown from Butch Criner to Steve Conrad led the Polar Bears to their fifth win of the season, 33-20 over the Cowboys.

Your Youth

By Al Hollowell and Bert Kerte

A very busy week has just ended at the Hilltop YMCA.

Last Thursday approximately 300 people attended the Seventh annual Gra-Y induction and installation of officers. The following Saturday 100 boys boarded buses to attend the Ohio University-Marshal game in Athens, O.

This year the Gra-Y induction took place in Glenwood Methodist Church. It is hoped that those in attendance received a good insight into what Gra-Y really is.

The members of the local Lions Club deserve a "pat on the back" for sponsoring the "Y" fall tour to Athens helping to supervise it. Many favorable comments have been received about this trip and the boys are looking forward to next year.

John Burroughs remains as the only undefeated and untied team in the Hilltop Gra-Y Touch Football League as they turned back Lindbergh 20-2 in their last encounter. Steve Prater led the way to victory as he caught two touchdow passes from quarterback Mike West tallied the other two points.

West Mound broke into the win column by turning back Binns 6-0 on the strength of a pass interception by Roger Johnson who went the distance for the T.D. Action in the North Division was very tight as the scores indicate. In the first encounter Highland Avenue came from behind to tie West Broad 6-6. John Grashal snagged a touchdown pass from Darrel Rohrer early in the game only to have Highland counter with another aerial from Percy Abernathy to James Bell.

Valleyview and Westgate also played to a 6-6 tie as Phil Johnson and Larry Smith were on the receiving end of scoring tosses by their quarterbacks. Action will resume Saturday with all teams seeing action after a week's layoff.

Schedule for the week follows:

Wednesday, Oct. 29—Gra-Y Club— John Burroughs and Valleyview, 3:30 p.m. "Y" Indian Guides—Sioux 7:30 p.m.

Thursday, Oct. 30—Gra-Y Club West Mound and Lindbergh 3:30 p.m. "Y" movies—Oakley Baptist Church, 7:00 p.m.

Friday, Oct. 31—"Y" girls' craft—Hilltop YMCA, 3:30 p.m. Gra-Y Club — Westgate and Binns, 3:30 p.m. "Y" movies—Glenwood Recreation Center, 7 p.m.

Monday, Nov. 3—"Y" movies—Hilltop YMCA, 3:30 p.m. Gra-Y Club—West Broad 3:30 p.m. "Y" Indian Guides — Cayugas 7:30 p.m. Y's Men's Bowling, 6:30 p.m.

Tuesday, Nov. 4—Hilltop YMCA, 3:30 p.m. Gra-Y Club—Highland Avenue, 3:30 p.m. West Jr. Hi-Y Club—Hilltop YMCA, 7 p.m. Y's Menettes, 8 p.m.

Wednesday, Nov. 5—Gra-Y —John Burroughs and Valleyview, 3:30 p.m. "Y" Golden Age Club—Hoge Memorial Church, 1 p.m. "Y" Indian Guides—Huron, Comanche, 7:30 p.m.

LIONS-YMCA ENTERTAIN BOYS

WEATHER WAS BAD but they went anyway . . . 100 boys and nine supervisors from the Hilltop YMCA and Hilltop Lions Club filled three buses and went to Athens last Saturday. They lunched at Logan and saw half of the Marshall-Ohio U football game before rains got too heavy. It was the seventh annual fall trip co-sponsored by the Lions and the "Y." Seen, left to right, are Larry Swandeck, Terry Scott, Donn Young, Darrell Wolfe, Lion George Blackmore, Associate Y Secretary Bert Kerte, Lion Ed Eberhard, Gary Stimmel, Jeff Rickets and Terry Meinberg.

M. L. Farber Is Nationally KnownAuthor

The candidacy of Milton L. Farber for Common Pleas Judge represents a departure from the traditional type of aspirant for that office. A successful author, Farber achieved national prominence some ten years ago with publication of "Blackstone and White Rock", a collection of anecdotes concerning the human elements with which a lawyer must deal. Farber has also contributed to the following magazines: Forum, Atlantic Monthly and Harper's.

Farber entered the political scene last spring upon the death of Judge Ralph J. Bartlett, who died unexpectedly. A graduate of Ohio State University, Farber has practiced law in Columbus for 28 years. A native of Philadelphia, as a boy he moved with his family to Pomeroy, Ohio, where he received his pre-college education.

Farber, who now has a second book in the hands of his publishers, is a familiar figure where lawyers and civic leaders gather at Broad and High. According to the Greater Columbus Magazine, Farber is "an eminently brilliant trial lawyer who has traditionally placed service to man far above mercenary gains." Farber received considerable prominence last year when he assisted the City of Columbus in settling the water and sewer contract controversy with the City of Worthington before that case reached the Ohio Supreme Court.

Mr. and Mrs. Farber live at 72 South Chesterfield-rd, and have one son, Milton, Jr., a graduate student at Ohio State University.

Growth Study Is Underway At Hilltop

Congregation of Hilltop Church of God has engaged Dr. Val B. Clear, head of the department of social sciences at Anderson College, Anderson, Ind., to begin a study of the congregation, parish and neighborhood relative to future growth.

McCoy Speaks To Accountants

Professor James R. McCoy of 1965 N. Murray Hill-rd, chairman of the Accounting Department at Ohio State University, will be the featured speaker at a meeting of the Columbus Chapter, National Association of Accountants at Deshler-Hilton Hotel Monday, Oct. 27. The evening's sessions will include a social hour at 5:30 p.m., dinner at 6:30 p.m. and the technical meeting at 8:00 p.m. Chairman will be John M. Emery of the Columbus & Southern Ohio Electric Company.

Professor McCoy will speak on the topic of "Measurement of Performance." In addition to the National Association of Accountants, of which he is a past-president of the Columbus Chapter, McCoy is a member of American Accounting Association, American Institute of Certified Public Accountants and Controllers Institute of America.

Methodist Minister Opposed To 'Right To Work' Issue

Dr. Clair M. Cook, an Ohio Methodist minister, is firmly opposed to the "right to work" amendment. He declares that it will not only take away union security, but encourage management to try to weaken the unions. Rev. Cook has taken this view for the following reasons:

First, the so-called "right to work" amendment denies freedom of contract, for it takes away the right of the employers to bargain with their employes on union security, which is now included in 91 per cent of the contracts. Many employers desire the stability of labor management relations provided by the union shop.

Second, it encourages individual irresponsibility and selfishness. When a union gains a wage increase for workers, the Taft-Hartley Act, a federal law, requires that the raise go to all workers, not just members of the union. The effect of the so-called "right to work" amendment is to say, "You still get the benefits, but you do not need to help pay for them."

Third, the "right to work" amendment will weaken unions. The National Association of Manufacturers, Chamber of Commerce, and other astute proponents of this amendment realize that this will happen. They hope that employers will gain an advantage when unions are weakened for no individual, only a strong union, can deal with a corporation on a basis approaching equality.

Fourth, it would not do a single thing to curb any of the evils of corruption and undemocratic practices within unions. It would not require financial scrutiny, secret elections or democratic procedures. Instead of encouraging more members to participate actively in the union democracy, it would do exactly the opposite.

Dates Chosen For County Lincoln Event

Emile Reisz, chairman of the Franklin County Lincoln Sesquicentennial Commission, this week asked citizens in each community to take part in a year-long observance of the 150th anniversary of Abraham Lincoln's birth.

Reisz said the sesqui is to run concurrently with the calendar year. He has enlisted the aid of several village mayors in planning tree planting ceremonies, band parades, school programs, Lincoln literature clubs, etc.

Mrs. Golda Edmondson, member of the General Assembly has been selected as secretary of the commission, and Sheriff Stacy Hall has volunteered his aid, Reisz said.

The Hilltop attorney maintains an information center at 280 E. Broad-st.

'Columbus Town Meeting Topic To Be School Levy

The School Levy" will be the topic for discussion on the Sunday, Nov. 1, edition of "Columbus Town Meeting," announced Mrs. Grace Hare Frye, producer-executive director.

Panelists will be Dr. Harold H. Ebbing, superintendent of Columbus schools; Paul R. Langdon, president of the city school board, and Mrs. Celeste Taft, president of the Columbus Council of Parent-Teacher Associations.

Although discussion will center around the 2.8-mill levy for Columbus schools, the problems analyzed will be common to all areas having similar levies on the ballot this week.

The telecast will be presented at 1 p.m. Sunday on WBNS-TV, Channel 10. From 9 to 10 p.m. the same day the program will be rebroadcast over WBNS radio, AM and FM.

Form Committee This Week To Back Metro Federation

Formation of a Franklin County Committee for the Metropolitan Federation Amendment was announced this week.

Attorney Kline L. Roberts is general chairman, assisted by Mrs. Everett Krueger, Jr., mailing committee chairman; Will Hellerman, speakers bureau chairman; John J. Jester, Jr., finance committee chairman; and Norton Webster, publicity committee chairman.

The non-partisan committee has planned an intensive campaign to win passage of Issue No. 1 on the Nov. 4 ballot which would amend the Ohio Constitution to permit formation of metropolitan federations to meet service problems such as traffic, transit, highways, water, sewers, fire, and others which plague Ohio's rapidly expanding metropolitan areas.

"This amendment would give the voters a modern tool for meeting today's staggering metropolitan problems," Roberts stated in announcing the committee's organization. "It allows the voters of any metropolitan area to organize their government to provide the best possible services within the area affected.

"It is entirely permissive. The voters of any community may or may not use this governmental device as they deem best for their community."

Both Governor C. William O'Neill and Democrat gubernatorial candidate Michael V. DiSalle have urged passage of the issue, as have many leading newspapers and organizations. The state-wide committee for metropolitan federation is headed by James E. Main, executive editor, Dayton Daily News.

Judge Petree Seeks Return To Judgeship

Judge Charles R. Petree, Presiding Judge of the 10th District, Franklin County Court of Appeals, seeks re-election this November.

He practiced law in the Common Pleas, Appellate and Supreme Courts for 18 years before going on the bench. He was assistant city attorney and attorney for the Columbus Board of Education for 11 years and city prosecutor for nearly three years.

Judge Petree is a member of the Episcopal Church and the Northern Kiwanis Club. He is also a past patron of Lorraine Chapter, Order of Eastern Star, and is past president of the Franklin County Chapter of the Reserve Officers Association, known as General Orton Chapter. He is active in Boy Scout Activities.

Municipal Judge Asks Reelection This November

Municipal Judge Henry Holden, Columbus lawyer who has served on the municipal bench since 1952, is a candidate for Judge of the Court of Common Pleas on the non-partisan judicial ballot Tuesday, Nov. 4.

Judge Holden, a native of Columbus, has been a practicing lawyer since receiving his law degree from Ohio State University in 1924.

Besides his private practice, he has served as assistant county prosecutor for 21 years before ascending to the municipal bench in 1952.

Hunting Season Gains Momentum

INSIDE ON THE Outdoors
By ROD COCHRAN

With the brisk weather comes a quickening of the outdoor tempo. Several hunting seasons are in — my hunting so far this year includes squirrels, grouse, woodcock, and ducks. In a little more than a couple of weeks the pheasant and rabbit season comes in. This is the time of year that hunters live for.

Fields trials are in the midst of their season. Both bird dog and hound trials are being held in Ohio every week.

Dog owners are putting the finishing touches on their dogs so they will be ready to take to the field. Dogs need conditioning as much as you do, and in the case of young dogs they must be trained before the hunting season. Trying to train a pup on the first day of the hunting season will ruin the day both for you and your hunting companions.

My beagle, Trudy, had her pups a few days ago, so she will miss the first half of the hunting season. I had her in good condition just before she whelped, and several days after the pups are weaned she will be in fairly good shape to go hunting. I will only hunt her for short periods until she toughens up again. Incidentally, her six pupis are beauties, and I'm going to hate to sell them .

With the excitement of hunting season upon us, let's talk for a bit about what makes good hunting. A trained dog, fair marksmanship, a goodly number of shooting chances, and reasonable weather are all factors which contribute much to the enjoyment of a hunting trip—but unless you have good companionship there is something lacking in the day's pleasure.

Having along a good hunting companion seems to be the secret. A congenial, understanding hunter who appreciates the little things that make up the delights of a day's hunt—who will congratulate when your gun pointing is effective or sympathize when things go wrong, can turn rough going into genuine pleasure and make an empty game bag seem inconsequential.

A companion, however, who ignores the well known rules of safe gun handling, is careless with matches, cigarettes, or the landowner's property or is continually grousing about conditions or his own luck, can wreck the pleasure of any hunting trip, no matter how successful it might be from a shooting standpoint.

So make it a point to be a good hunting companion this year. Even if your hunting partner for the occasion is inclined to be a bit grumpy when things are not entirely to his liking, your own cooperative attitude in finding pleasure in the little discomforts might well have the effect of lifting his cloud of gloom.

End of sermon on how to be happy this year afield.

Food Markets This Week

by Mrs. Estelle B. Franks

Protein Foods—Fryers, ground beef, pork loin roasts, medium eggs, cheese.

Fruits—Apples, cider, frozen [illegible].

Vegetables—Cabbage, Cauliflower, potatoes, turnips, frozen lima beans.

TODAY'S BIRD IS BETTER

In today's food market the broiler-fryer rates high in popularity, thanks to scientific pro[illegible] and marketing methods for giving us a better product. Many changes have been taking place in the production of broiler-fryers in the last 20 or 30 years. Research has helped.

The young, tender-meated, nutritious bird of today is much different from the spring chicken of a few years ago, which was a by-product of the egg business. Today's broiler-fryer is bred especially for meat. Producers have [illegible] specialists in turning out chicken to eat . . . nearly 4½ million [illegible] ready-to-cook in 1957.

Production High — National production is at a record level and indications are that these supplies, with relatively low prices, will continue for the next three months. About 25 per cent of the broilers marketed in Ohio are raised here. The remainder of the supply comes from the southern market—Georgia, Alabama and North Carolina.

There's a Change in Name — Now it's "broiler-fryer" and they are one and the same. At one time broiler referred to a smaller size — "fryer" to a larger chicken. Today the term "broiler-fryer" is used interchangeably and refers to young 9 to 12 week-old birds suitable for either broiling or frying. All are young, tender, meaty birds that weigh up to three and a half pounds and appear on the market as one and three-quarters to two and a half pounds ready-to-cook weight.

What Form to Buy—Broilers may be purchased whole, cut up, split in half, or as separate parts. One of the newest ways to buy the broiler is cooked whole at the store. Some markets have installed rotisseries and are offering whole, ready-cooked birds. In making a selection consider price, convenience, family preference, time, and cooking plans. Usually the greater the convenience or labor involved, or the more choice the part selected, the higher the [illegible].

When you buy the whole broiler figure a quarter or half bird per person or three-quarters to one pound of ready-to-cook meat per person.

Whole broilers will yield 80 per cent edible cooked meat, breasts 68.4 per cent and legs and thighs 53.2 per cent.

To Come — More Inspected Poultry — For the past 30 years, inspection of poultry by processors has been done, but on a voluntary basis. As of January, 1959, a new regulation becomes effective. It requires that all poultry moving in inter-state commerce must be inspected for wholesomeness.

Inspection consists of inspecting each bird processed to determine its wholesomeness and fitness for food, maintenance of prescribed sanitary standards, and supervision of the preparation and processing, labeling and packaging of poultry products packed at the official establishment. In the future you can look for the label "U.S. Inspected for Wholesomeness."

CONGRESS

SHAPTER'S PLATFORM

LABOR: A bill to curb the actions of irresponsible labor leaders was defeated by administration Republicans during the last session of Congress. Enactment of such a bill is a must.

Defeat of the Kennedy-Ives bill, which had the full support of the labor movement in this country, stands as a blemish on the record of Republicans in Congress this past session.

FOREIGN AID: Our foreign aid program has failed to gain for us the respect or co-operation of other nations. Every proposed expenditure in this department must be carefully weighed and evaluated before its acceptance. When we do give aid, whether it be food, money or material, we should insure its being received by the persons for whom it was intended through distribution by our own people in the countries receiving aid.

ECONOMY: The entire resources of Congress should be directed toward a purposeful watchfulness of all spending programs with the ultimate goal of lowering federal [illegible].

One example of how to achieve this economy is to curtail the practice of adding thousands of persons to the federal payroll, such as was done by Secretary of Agriculture Ezra Taft Benson who added 17,000 persons to his department's payroll since taking over.

EDUCATION: There is a definite need for a re-evaluation of our academic needs in this space age. Necessary incentives, such as financial assistance and scholarship, must be provided to encourage greater numbers of our young people to become scientists, physicists and mathematicians.

SMALL BUSINESS: Some aid was given small businesses during the last session of Congress, and although this was a step in the right direction, it already is apparent this was not enough. More effective legislation giving the small businessman a break, tax-wise and by making loans more easily available at nominal interest rates, is a must.

AGRICULTURE: The farmer's share of the housewife's food dollar is continuing downward, while at the same time his costs for machinery and living move upward. A reversal of this trend, through effective legislation, must come soon or initiative in agriculture will be stifled. We know that giveaway programs are not the [illegible].

ARMED FORCES: We still have three competing branches of the Armed Forces. Until effective and complete consolidation is achieved, we will continue to have wasteful spending here by duplication of effort in military and missile programs.

FOREIGN POLICY: Democrats of the 85th Congress gave President Eisenhower solid, non-partisan support of his foreign policies, despite the fact they were not in accord with them. This was done to prevent the collapse of the U.S. position abroad.

A Congressman, or Congress as a whole, cannot formulate a foreign policy. The President alone is in a position to appraise, formulate and propose what should be done since it is his cabinet that provides the information on which a policy is based. The President has failed as a foreign policy manager. He has failed to correctly interpret fast-moving events in the world [illegible].

HOUSING: The next major housing bill which would give to the people urban renewal and slum clearance programs, and which would lower down payment on mortgages through Savings and Loans by creating a new Federal mortgage insurance program, would have my support.

Such a bill must also have a solid financial foundation to enable it to keep workable over a period of many years and eliminate the bust and boom aspect of building.

I also feel home ownership must be made more readily available to elderly persons and young couples just starting family life. A bill such as mentioned here would make this possible.

Robert F. Ebinger, President, Columbus

what good is my one little vote?

That's a natural question to ask on Election Day . . . If the weather's bad, or you're tired, or don't feel well. Don't let anything keep you from the polls . . . the right to vote is the most fundamental right of all!

remember...

USE YOUR **RIGHT** TO VOTE!

Your one secret vote can decide which candidate wins, which proposal can be adopted. Only what the majority says goes.

The one basic difference between America and the dictatorships is that here the right to vote gives the right to govern.

In the secrecy of the polling booth, let your vote speak for you on Tuesday, November 4, or before by absentee ballot.

Individual Votes Have Important Bearing At Election

'Won By One' Happens Often Throughout State

By Ted W. Brown, Secretary of State

There are many impelling reasons why persons who are eligible should vote.

Newspapers and other information media have done an excellent job of bringing facts regarding Ohio's elections and election laws and procedures to all concerned, and we are glad to say, there has been an improvement in Ohio's percentage of voting.

Some say, "Why should I vote? My staying away from the polls won't change the results."

But there are instances in local elections every year where a candidate has been defeated by one vote, or a bond issue or tax levy has been defeated or carried by a fraction of a vote.

Similarly, there are many cases in history where an average of one vote per precinct in Ohio has decided a statewide election. In other words we might adopt a slogan: "WON by ONE—many elections have been won by one vote in a precinct."

Staying away from the polls encourages minorities and ill-fitted candidates to try their hand and to gain control. The republican form of government under which this country has become great and under which our freedoms have been perpetuated is weakened by a lack of interest on the part of the electorate.

Ohio is fortunate in having had election officials and legislatures which have been interested in seeing that Ohio's election laws safeguard the sanctity of our vote.

Let's make us of this precious franchise not only in the election Nov. 4, but in every election.

Apparently everyone enjoys a good laugh. Humorous novels, amusing reminiscences, comic verse, and collections of cartoons are in year-round demand at the Columbus Public Library.

Congress Candidate Shapter Seeks Wiser Defense Money

"The tax resources of the American people is not a bottomless well," Walter J. Shapter, Jr., Democratic candidate for Congress warned in a series of speeches at ward meetings about the county.

"Old Joe Stalin prophesied that we would "spend our way into destruction" and he may well be right if we continue the profligate practices of the present national administration.

"We have reached the ridiculous point where the administration boasts that we are spending so many billions of dollars for defense. I say to you that it does not make any difference if we spend four billion or four hundred billion if our defenses are not adequate. If we need 30 atomic submarines, we should have 30 atomic submarines.

We should not have one billion dollars or ten billion dollars appropriated for submarines. That doesn't tell us anything. You can't bomb the enemy with the dollar bill. You have to have hardware—and not just so many dollars worth of hardware.

"Since we have to buy hardware to defend ourselves, we have to have money. But if Mr. Ezra Taft Benson puts another seventeen thousand deserving Republicans on the Agriculture Department payroll, the American people are going to have to dig deeper and deeper into our tax pockets.

"Our pockets are not bottomless. We must spend wisely. We must do first things first. When you build a house you first build a solid foundation to defend it from wind and storm. So must the national government spend first to defend us from storms.

We can gold-plate the door knobs later, if we have any money left. But we should not bankrupt ourselves on goldplated door knobs and jerry-build the foundation. Political patronage of the type practiced by Mr. Benson is gold-plating the door knobs."

These Tafts Speak Out Against 'Right-to-Work' Laws

The Late Senator Robert A. Taft

"I myself came to the conclusion that since there had been for such a long time so many union shops in the United States, since in many trades it was entirely customary and had worked satisfactorily, I at first was not willing to go to the extent of abolishing the possibility of a union shop contract. It seemed to me that (instead) we should meet the problem of dealing with the abuses which have appeared.

". . . I think it would be a mistake to go to the extreme of absolutely outlawing a contract which provides for a union shop."

Excerpts from remarks by Senator Robert A. Taft in opposing an amendment to the Taft-Hartley Act which would have provided for a national so-called "right-to-work" law. (Congressional Record, p. 4825-6, May 9, 1947.)

Charles P. Taft, former Mayor of Cincinnati

"I am interested in the freedom of the individual worker, too, but I see every reason why he should pay something for the representation he receives when the union lawfully designated by vote of the workers bargains for him. I see no reason for the 'free rider.'

"The intent of these ('right-to-work') acts is clearly anti-union, as anyone knows who has talked to the overwhelming majority of those who favor them."

Excerpts from remarks by Charles P. Taft before the American Baptist Convention, June 17, 1958. Mr. Taft is vice president of the National Council of Churches.

The Late President Wm. H. Taft

"Labor unions were organized out of the necessity of the situation. A single employee was helpless in dealing with an employer. If the employer refused to pay him the wage he thought fair, he was nevertheless unable to leave the employ and resist arbitrary and unfair treatment. Union was essential to give laborers opportunity to deal on equality with their employer."

Ex-President Taft, father of Robert and Charles Taft, wrote the above when he was Chief Justice of the U. S. Supreme Court. (See American Steel Foundries Co. vs. Tri-City Trades Council, 1912 decisions.)

Whether or not you are in tune with the Tafts, you have a personal stake in defeating Issue 2, the so-called "right-to-work" amendment. Stripped of its empty promises, it stands hared as a fraudulent measure which would hurt virtually ALL Ohioans—businessmen, farmers, housewives, working folks. It aims not to cleanse but to destroy. Under "right-to-work" you have nothing to gain, much to lose.

Only one of 11 lucky insignia, placed on ads in 11 copies of last week's issue was spotted by a subscriber and redeemed for "Confederate" cash.

Jodie Howard, 122 S. Powell-av, exchanged her newspaper for one "Confederate" bill.

Nine others containing $1 insignia as well as the one with the big jackpot emblem went begging.

ERRAND OF MERCY — Fr. Michael Wellnitz, of St. Brendan's Church, Dublin-rd, prepares to leave on an emergency run for the Franklin Twp. Fire Dept. Fr. Wellnitz is one of the many volunteers who enable the department to provide full-time emergency squad service for residents of the township at minimum expense.

Dublin Church Reverend Serves As Franklin Township Squadman

"Praise the Lord and pass the ammunition."

That familiar wartime phrase might well be adapted to fill the peacetime discription of Fr. Michael Wellnitz, of St. Brendan's Church, Dublin-rd.

Besides his regular duties at St. Brendan's Church, Dublin-rd.

Fr. Wellnitz is a member of the Franklin Twp. Fire Dept. and regularly volunteers to serve squad.

The township emergency squad is manned almost entirely by volunteers who serve without cost to the fire department and enable the organization to operate with a minimum cost.

Fr. Wellnitz, who joined the local fire fighting unit a little more than a year ago, says he did it because he felt "a need." He became interested in local fire departments earlier when he helped organize such a group at Shawnee near Lancaster in Perry Co.

"Help, I believe," he said, "is the magic word. When someone needs help and calls for aid, they feel wonderfully relieved when another person arrives to lend a helping hand."

Fr. Wellnitz went on to say that "someone in every family should know first aid. There may be a time when that knowledge could mean the difference between life and death."

He evidenced some displeasure at the complacent attitude of some people regarding civil defense.

"If I were in charge of civil defense," he continued, "I would make everyone realize how important it can be.

"I'd stage demonstrations every chance I got. I would see that the sirens were blown as often as possible and people would soon come to realize what civil defense was about."

When asked about the cause of most automobile accidents which he was called to, Fr. Wellnitz answered with one word . . . "negligence . . . and it's a shame."

Fr. Wellnitz doesn't let the work of the department interfere with his regular duties, but helps out every chance he has.

He pointed out that people living in Franklin Twp. receive a lot from the tax dollar which they spend to provide fire and emergency squad service. He added:

"When you need help, it's comforting to know that there is someone available and ready to answer your call."

He is also a former special counsel for the School Survey Commission and executive secretary of the Ohio Uniform Law Commission.

Judge Campbell, his wife and two children are active members of the Broad Street Presbyterian Church and reside at 2165 S. Parkway-dr.

O'Neal Affiliates With Local Firm

Russell O'Neil, 869 Vanderberg-pl, has become associated with the Lowell T. Sullivan Insurance Agency, 2211 W. Broad-st as a full partner.

A long-time resident of the Hilltop, O'Neal has about 15 year's experience in all phases of the insurance business. He is a veteran of five years service with the Air Force.

Columbus children are deserving of the best in schools. A vote FOR the School Levy on Nov. 4 will make this program possible, says the Sirma PTA.

Ex-Central Men In Army Tests

Two former Central High School students recently took part in the army combat efficiency tests in Germany.

Pfc. Charles A. Rhinehart, who also worked at Ternstedt, is a fire team leader with the Eighth Infantry division. He entered the army in July 1957, trained at Ft. Riley, Kan., and arrived in Europe last January.

Pfc. Walker R. Winks, a 1953 graduate of CHS, is a photographic laboratory technician with the Seventh Cavalry's headquarters troop. He was formerly employed by the Columbus Dispatch.

Kehagias Active In Maneuvers

Army Pvt. Harry G. Kehagias, 19, son of Mr. and Mrs. George Kehagias, 77 S. Hague-av, is participating with the 101st Airborne Division in "Exercise White Cloud," a Strategic Army Corps (STRAC) maneuver involving parachute assaults on Fort Campbell, Ky., and Fort Bragg, N.C.

Kehagias is a driver in Headquarters Company of the division's Command and Control Battalion at Fort Campbell.

This Was Fun? We Disagree!

VANDALISM—Patrolman Robert F. Tresemer, investigating damage to Hilltop Lutheran Church by vandals Halloween night, found the brick used to smash five windows in the area.

Halloween means for most a time of gaiety—a few use the holiday as an excuse to vent their spite on the world in senseless acts of deliberate malicious mischief

One brick-wielding person, or perhaps more, stood in a quiet, dark courtyard Halloween night, in a community sponsoring a series of parties to insure entertainment for children and adults alike, and created the havoc shown in the photo

Methodically working in a 20-foot area between the rear of Hilltop Lutheran Church and Hartley Newspapers' office, W. Broad-st at Terrace-av, the vandal's score was two smashed stained glass windows in the church, two windows in the publishing plant's stereotype department and the windshield of a parked auto.

The culprit reaped no profit . . . nothing was stolen; no victory . . . no one offered resistance . . . no satisfaction . . . for there can never be a good return on a deed that is harmful to all, helpful to none

Valleyview Mayor Takes Office

The new mayor of Valleyview, Norris Boothe, presided at the village council meeting on Monday night after receiving the oath of office from village solicitor, Gale King

Council then proceeded to give their tentative approval to engineering plans which were submitted for $10,500 of street improvements This entails a three phase project for badly needed street repairs on Harris-av and Warren-av between Elliott-av and Dibblee-av

Major expenditure involved in the project is the cutting down to grade a steep hill at Warren-av and Elliott This accounts for almost half of the cost Third phase in the street improvements is on Warren-av from Elliott-av to Valleyview-dr

Other matters discussed concerned the appointment of a new councilman to fill an existing vacancy. Mayor Boothe will make the appointment with the approval of council at the next meeting on Dec. 1

At present, the mayor has suggested that Ronald Beddow 499 N Harris-av. be given consideration for the council seat

The suggestion was acted upon that immediate arrangements be made towards contracting removal of expected ice and snow from village streets

'Light A Life' Drive Dated Next Wednesday

MRS. HARRY B. FINDLAY, 52 Binns-blvd, center, West division chairman, of the Nov. 12 "Light a Life" drive, poses with Mrs. Richard Mahley, South division chairman, and "Curly" Morrisen, honorary chairman of the campaign to raise funds for retarded children. 8,000 volunteers, known as "Fireflies" will participate in Franklin County.

With a quota of $7,500 for the Hilltop and West Side area chairmen for the "Light A Life" campaign this week made an appeal for support of the one-day drive to be conducted Nov. 12. Between 7 and 9 p.m., hundreds of volunteer solicitors, known as "Fireflies," will canvass West Side homes seeking funds to help retarded children in Franklin County

A goal of $50,000 has been set for the county wide campaign. Funds are used to provide special training for mentally retarded children who have been excluded from public school because of their limited learning capacities

Area Chairmen Chosen

Named as area chairmen for the drive sponsored by the Council for Retarded Children are Gene Stinson, 806 Pierce-dr, Mrs. William Brown, 4850 Taunton-wy; Mrs. Cicero Neely, 407 S. Wheatla-d-av, Mrs. George Georgiton, 272 N. Ogden-av; Mrs. Harry Findley, 52 Binns-blvd; Charles Emory, 2900 Valley view-dr; Mrs. John Grace, 697 S. Wheatland-av, Mrs. William Wilson, 2827 St. Joseph-av and the Smith Barratt American Legion Post No. 249. All are seeking workers to help conduct the drive

The aim of the council's educational program is "to develop the full potential of each pupil and teach him to become a useful, productive, and socially acceptable adult."

Now In Temporary Quarters

A fire last January forced the CRC enrollment to evacuate the 70-year-old Mt. Vernon Avenue School which had been loaned to the council by the Columbus Board of Education. The 180 pupils in the 15 full-day classes are now housed in temporary classrooms at the Indianola Presbyterian and Indianola Methodist Churches

Mrs. Wilbur Crist, CRC executive secretary, said the council has teachers, classrooms and school buses available

"All we need is the funds to continue operation," she said

The CRC operating budget for the 1958-59 school year is over $122,000. The main source of revenue, according to Mrs. Crist is the annual fund drive soon to be conducted by about 8,000 volunteers in Franklin County.

THIS WAITING IS UN-BEAR-ABLE!

MOTORISTS GULPED when they spotted this strange pair "hitchhiking" at W. Broad-st and Powell-av, Monday afternoon. And no wonder . . . they saw a 720-pound chinchilla black bear, 'Kelly" resting his tootsies while his companion R. W. Barnes, Dayton, does all the work. Needless to say, few cars stopped. The "whew some twosome" are in town to promote the opening of a new supermarket . . . Big Bear, what else?

The defensive efforts of both teams were spectacular as Highland twice held Westgate within three yards of the goal with four downs to go James Bell caught a long pass and looked as if he would go the distance only to be caught 10 yards from the goal by two Westgate defenders.

Need For Practical Nurses Exceeds School's Supply

PRACTICE SESSION—A lifesize dummy is a willing "patient" for student practice in sickroom techniques. Shown are, from left, Thelma Smith of Circleville, Charlotte Westrip and Loretta Demaree, Shadeville.

NUTRITION — Preparation of nutritious, well-balanced meals, an important factor in any illness, is included in the school's study course. Charlotte Westrip and Thelma Smith take their turn at the range.

Nursing Field Offers Opportunities In Hospitals, Clinics, Private Duty

A dignified, well-paying profession in the time-honored field of nursing is now within the reach of many who once were denied the opportunity.

Practical nurse School, 1414 S. High-st, accepting women from 18 to 50, has the endorsement of hospitals and physicians.

Directed by the Columbus Board of Education in cooperation with affiliating hospitals, the school accepts any woman who qualified with its standards.

Columbus' tremendous hospital expansion program and the resulting demand for more and more trained nurses opens an unlimited field of opportunity for trained practical nurses.

Demand for their services by hospitals, clinics, and physicians is far ahead of the school's supply of graduates.

Paid at the scale of approximately three-fourths that of the registered nurse in the same work situation, a graduate practical nurse invests only a fraction of the time and cost in her training program.

The year-long course of study includes 17 weeks of pre-clinical training at the school and 33 weeks at affiliating Columbus Hospitals. During the eight months clinical period, each student is paid $75 a month by the hospital.

A vacation of two weeks is also provided during the year.

Study course includes general nursing, body structure, conditions of illness, community health, human behavior, family living, nutrition and pediatrics.

A graduate, practical nurse, working under the supervision of a registered nurse, or physician, is capable of performing many services to the sick once that once were the responsibility of registered nurses only.

Her position in a hospital, clinic, physician's office or private duty in a home, conserves the technical skill of registered nurses, freeing them for more demanding assignments.

Information is available from the director of school.

GAINING IN ACCEPTANCE

Electricity provides a practical heating system for the home and is gaining in acceptance and popularity each year, particularly in rural areas of Ohio, say OSU Extension engineers.

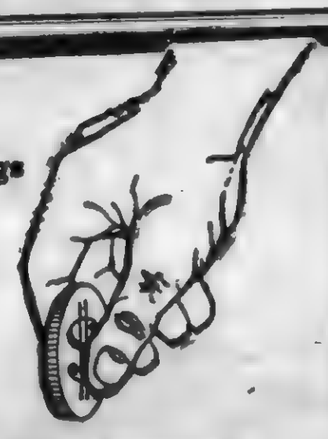
My electric dryer helped me sew a dress!"



She sews a fine seam and she's found the way to make the time it takes to sew. She lets her electric dryer help her. Low-cost electric drying does more for her than dry clothes fluffy and sweet. It saves her time and energy by shortening laundry-day routine and putting an end to back-breaking drudgery. Then she uses the extra time and energy to be a better homemaker, mother and wife.

How about you? If you don't know what an automatic electric dryer can do for you, see your electric appliance dealer. He'll be happy to give you a free demonstration.

Bears do not hibernate, in the true sense of the word. The bear's winter sleep is fitful; the animal is easily roused and may get up and walk around. Unlike the true hibernators, the bear does not have a lower temperature during its period of sleep, and its breathing is normal.

Metropolitan Division was responsible for the remainder of the contribution with its collection of $1784 in the West Side area and $812 in the Hilltop. The Metropolitan Division's goals for these areas are $3887 and $2002, respectively.

Let's Help Pat Youth On The Back

Members of Optimist International are inviting everyone to join in a special observance next week.

They call it "Youth Appreciation Week."

Its purpose is to honor those 95 per cent of today's youth who stand for decency, not delinquency. It is to show the young people of the world that there are many who believe in them and have faith in their generation.

Spearheading observance of the week on the local level will be members of the Western, Hilliards, South Side and Downtown Optimists Clubs.

It is not hard to imagine this statement being made today:

"The children now love luxury, they have bad manners, contempt for authority, they show disrespect for elders, and love chatter in place of exercise. They no longer arise when elders enter the room. They contradict their parents, chatter before company, gobble up dainties at the table, cross their legs and tyrannize over their teachers."

With all the familiarity possessed by those words, it is hard to imagine that they were spoken more than 2,000 years ago by the wise, old Greek philosopher, Socrates.

Although Socrates and many after him have made such statements, the upcoming generations have never failed civilization. They have added to the knowledge and culture of the world making possible the progress of today.

Human nature demands a certain amount of praise. Our young people, in their sensitive, growing years, need a great deal of appreciation. Statistics show the 95 per cent of our youth are developing into the solid citizens of the future.

It is up to us to demonstrate our faith in their future and encourage them to maintain their standards. We must not make the 95 per cent live in the shadow of disrespect cast by the others.

There is an easy way to show our youth how much they are appreciated. That is by joining with the Optimists next week and:

"Pat 'em on the back."

COURTHOUSE CURRENTS

Franklin County Townships Spend Over Million Dollars

By DAVE HESS

According to statistics released recently by James A. Rhodes, Auditor of the State of Ohio, Franklin County townships spent just under $1 and a quarter million during the year 1957.

Franklin Township led county subdivisions in total expenditures with a total of $237,376, which left only $12,510 in the township's coffers to begin 1958.

Fire protection represented the greatest single expenditure with $513,402 being spent for this service. Other expenditures, in the order of descendance, were: highways, $325,-171; miscellaneous, $278,196; general governmental expenditures $86,131; and cemeteries, $40,278. Total $1,243,180.

Marion Township, before its annexation to Columbus, followed Franklin Township's total expenditures among area townships with [illegible].

Jackson Township, with $90,609 spent, was third and showed a balance of $14,527 to start 1953.

Other township figures are:

Prairie, $76,351 with a $9,501 balance; **Hamilton**, $71,182 with $17,289 balance; **Madison**, $48,924 with $19,832 balance; **Norwich**, $40,055 with a $16,339 balance; **Washington**, $52,940 with $8,546 balance; **Truro**, $24,306 with a $50,339 balance; **Pleasant**, $22,909 with a $7,726 balance; and **Brown**, a rural township with $9,201 expenditures and a $37,875. balance.

Township monies are garnered through five principal sources. Property taxes make up the greatest percentage, generally, of a township's revenues, accounting for $878,048 of a total of $1,383,527 in receipts. Township shares in gasoline taxes amounted to $143,689; miscellaneous sources of revenue brought in a substantial $308,719; auto registration receipts totaled $30,196; and the local government fund receipts amounted to $20,873.

Hamilton Township began 1957 with the fattest balance from the previous year—$86,321. But Hamilton's receipts were relatively low in that the township collected only $33,-120 in revenues.

Franklin Township's property tax receipts totaled $222,684 in 1957, explaining to a great extent why Franklin's expenditures reached such a high figure (as quoted above).

Latest figures for this year seem to indicate that townships will be collecting and spending even more money than last. Property tax receipts will undoubtedly rise, due not only to the emigration of "city folks" to the country, but to higher levies instituted to cover expanding school, fire and other service facilities.

BIBLE COMMENTS

Environment Not Always Life Factor

That a great man need not arise from a plush and urbane environment is demonstrated dramatically by the life of Jesus.

He came from a small town and a humble home. Although his village of Nazareth stood near the great trade routes, the Boy Jesus was able to grow to maturity amid pastoral and down-to-earth influences.

Nazareth was a nondescript, unimportant dot on the map—a place where nothing ever happened. It was not without warrant that Nathaniel questioned, "Can any good thing come out of Nazareth?"

Yet, the best of all good things came out of that Galilean hill village. The unknown collection of buildings was destined to become one of the most important locations in the Christian world. It was curiously well fitted to be the environment of the Son of God.

Remote from busy and troubled Jerusalem, Jesus could grow up in that normal development which Luke sums up in simple words: "And Jesus increased in wisdom and stature, and in favor with God and man."

How many statesmen, missionaries, scientists and humanitarians have found their beginnings among similar humble circumstances?

Caught up in the turmoil that is the city, far from factors that can induce a life of contemplation, how many of us long for a return to a life like that which surrounded Jesus?

Humility has become a commodity which modern civilization sells cheaply. In our rush to "keep up with the Joneses" we find ourselves leaving the item off the shopping list of

Automobiles, rockets and the clamor of 20th century life have turned our faces from our spiritual needs.

Each boy pinned on his mother a miniature of his new badge of rank.

Merit badges were presented to the following boys: Craig Weaver, hiking, citizenship in the home, art, pottery, and sculpture; Paul Morgan, basketry, citizenship, hiking, firemanship; Melvin Allard, woodwork, hiking, firemanship; James McCann, Randall Sheets, Rondell Blythe, Richard Wilkinson, hiking, and Terry Elliott, hiking and firemanship.

Trail Medals Awarded

Ten scouts and five leaders were the proud recipients of the handsome Kentucky Lincoln trail medal, showing that they had, as is engraved on the reverse side of the silver medal, "walked in Lincoln's footsteps." They took the 32-mile trail several weeks ago. The hikers were: Paul Morgan, Melvin Allard, Terry Elliott, Craig Weaver, Rondell Blythe, Randall Sheets, James McCann, Richard Wilkinson, Brian Horne and Jay Templin, and leaders Evan Morgan, Horace Elliott, Clayton Horne, William Sheets and Mearl V. Weaver.

The same 15 boys and men in September became eligible for the Logan Trail medal.

The group was the sixth to walk the new trail near Tar Hollow and set a new time record.

Twenty-five Scouts and leaders of the troop received arcs signifying their attendance at the district camporee held last weekend near Darbydale.

Earl Sisson, Sr., was welcomed as a new committee member.

Following the awards ceremonies the troop and their families and guests watched color movies taken on the Kentucky-Lincoln trail trip.

Letters To The Editor

'Old Sarge' Commends Post's Armistice Dinner

Mr. Editor:

Permit me as the legislative director, Department of Ohio, Veterans of World War I, USA Inc., to publicly thank members of Westway Post 3441, Veterans of Foreign Wars, for keeping alive in this city, the spirit of Armistice Day.

This VFW Post has received national acclaim for the action they have taken to keep alive, the last national recognition of services rendered this nation in time of war, by veterans of World War I.

When the name Armistice Day was changed to Armed Forces (Veterans Day), the last national recognition, accorded us went down the drain. To keep it alive in this city, Westway Post VFW went on record as considering Nov. 11, Armistice Day for ever.

They have established a method of keeping this day alive by an Armistice Day dinner, each Nov. 11, for their members who are world war I veterans.

Members from world war II and Korea cook and serve the dinner.

This was such an outstanding [illegible] that I wrote an article on it for the National Tribune (Stars and Stripes) and I have received mail from all over the United States. Some have [illegible] copied Westway's plan, others have used other plans but each have the same idea in mind: Keep Armistice Day alive in the hearts and minds of our people, just as we keep the fourth of July, Christmas, New Years alive, by celebrating them.

Armistice Day chairman of Westway Post VFW, George Bradley, has announced that at noon, Nov. 11, dinner will be served in Westway Hall to the veterans of the post.

The Old Sarge,
R. M. Hartman
Director of Legislation
Veterans of World War I USA; Department of Ohio.

East Meets West In Season's Sunset

By BOB WILCOX

The West Cowboys will pull the curtain down on their 1958 football campaign this Friday night at Magly Field. They will meet a foe who helped open the season's warring, to those many weeks ago in the City League preview held on the same field.

The oppenent is East, who fought with West for one of the lower spots on the ladder in last year's City League race. They were in contention for the title this week until beaten by South last Fridaynight.

Their record going into this final contest is a 500 mark . . . 4-4. Their top player, leading ball carrier and back who does almost all of their scoring is fullback Clarence Winston, who showed himself to great advantage in the Preview. Quite good sized for high school backs, but with speed to burn (he's the City League 100 and 220-yard dash champ in track) he can barrel up the middle or sweep the ends.

East does possess a good aerial game "generaled" by quarterback Johnson. They use the "T" with the variations of split ends, flankers and spread formations . . . the latter mostly for throwing purposes. Their backfield has speed and more speed so their favorite "bread and butter," or clutch play, is the end sweep. Their line is big, but with only medium speed.

On defense they use a six-man line and vary their secondary . . . sometimes two and sometimes three linebackers. Their losses this year came at the hands of Newark, South, Linden and one of the Cincinnati schools.

Thanks to West . . . and a couple of good breaks (or more appropriately some bad "calls"), the North Polar Bears are still in contention in their attempt to "walk off with the cake and the icing, too," duplicating their championship effort of last season. To accomplish this feat, the Northerns "pushed over," sneaked by, crawled around and nosed out" the Cowboys at North's stadium last Friday evening, 21-14.

It was a real old fashioned humdinger from start to finish. As the headlinesman so aptly put it at one time during the fray . . . "That's real rock 'em; sock 'em football out there." West took the opening kickoff and almost at once their old bugaboo, fumbling, put them in the hole.

Dave Francis picked up a first down with an 11-yard gallop off left tackle on the game's first play from scrimmage. However, two plays later Bob Pate fumbled and North recovered on the West 30. Although able to pick up one more first down and get as far as the West 11, the Polar Bear attack finally bogged down . . . a fourth down pass falling incomplete.

West took possession and on second down and four yards to go, quarterback Bill Kerns fumbled the pass from center, but fell on it for a one yard loss. Bill Smith picked up four, but that presented the fourth and one situation on West's own 19. However, West decided to take the highly dangerous risk so deep in their own territory. Francis went over center and although met by a stone wall of Polar Bears it appeared he had at least made the one necessary yard. However when the officials set the ball down . . . the gamble had failed and North took over.

This time North was not to be denied and capitalized on this break. In nine plays quarterback Everett Shimp hit end Robert Fuller with a very nice running jump pass, in the right corner of the end zone. Gary Howard (an end converted to halfback and one of North's leading ground gainers) kicked the extra point. The number of plays needed to go just 19 yards, plus the fact that the pass was a fourth down desperation throw on the four yard line—it was fourth and goal), shows how fierce the West defenses were.

Midway in the second period North scored her second touchdown of the evening . . . this one an indirect result of another break . . . this, courtesy of the officials. North was faced with a fourth and six situation on the West 46. They, too, elected to take a gamble, but with "aid" their's paid off. Terry Saunders, in for Shimp, threw a pass intended for Howard at the West 39, where Howard was well defended by half Jim Hastings.

To this reported and those stationed with him on the sidelines it appeared that contact between the two men was made the same instant that the ball touched Howard's finger tips . . . which is perfectly legal. Since Howard could not hold on to the ball the official right on top of the play signalled an incomplete pass . . . However another official . . . appearing as if coming from across the field if not actually from behind the line of scrimmage raced up and called interference on Hastings.

Thus instead of being West's ball on their own 40 . . . it was first and ten (automatic first down) for North on the Cowboy 39. Three plays later North climaxed their 11-play drive as halfback Robert Aplington went over left tackle for the final five yards. Although the pass was the key play, the longest gainer of the drive was the play immediately after the pass. Aplington went around left end for 29 yards before being pulled down from behind by Hastings. Howards' try for the extra points over tackle was no good.

On the first play after the kickoff . . . starting on their own 20 . . . Francis swept right end for 11, but was badly shaken up. However he was able to stay in and seemed to ignite a spark in the Cowboys.

On the next play Smith went over left tackle, cut back toward the middle and "clipped" of 15 yards before being stopped. He picked up another five over left guard and then Bob Thornton went around right end for 15 . . . and four plays later Smith went the final 11 yards over left tackle to score. Francis went over the same spot for the two extra points. Thus the half ended—North 13, West 8.

• • •

On West's first play in the half, Thornton swept right end, cut back toward the middle and then slowly veered to the left sideline as he dashed 54 yards to paydirt. Although followed by Polar Bears at no more than five yards behind all the way, no one was ever near enough to put a hand on him. Francis again made two extra points over left tackle.

That is the way it remained until 1:07 of the fourth stanza. Both teams moved but not too far, on each other. Both teams hurt themselves with fumbling, but usually recovered their own bobbles. However, Fred Ash did manage to fall on one North bobble on the West 43. Finally North started its . . . what proved to be . . . victorious drive on their own 35.

Their key play was another fourth down gamble that paid off—with fourth and eight on the West 38, Aplington started wide to the left as if to sweep end. He then straightened up and threw to Howard, good for nine yards and the first down. However the touchdown play itself has become more of a controversial play than the interference penalty on their second TD drive.

Fourteen plays after the drive started fullback Dennis McAdams went the final six (?) yards over left guard to score. The "bone of contention" is that he was not in the end zone . . . and he fumbled. The man operating the ball marker stick—from North—stated that McAdams' knee had touched down some good two yards shy of the double stripes and had been pushed the final two. To this reporter on the line, it appeared that when his motion was finally stopped, he was still not in the end zone. And then to complicate matters he fumbled immediately upon hitting the ground—into the end zone with West recovering for an apparent touchback.

But instead of stalling the drive, having the ball on the 20 and perhaps having a well deserved victory — the Cowboys had to stand by and watch as an official (criticized also for not being the one "on" the play and therefore not the one to call it) raced in to call it a North score. Dave Reid (North's supposed running ace and scoring star, who hardly saw any action at all) went around left end for the final two points.

Unable to get anywhere through the line early in the game, West has resorted to going wide afound the ends with phenominal success (this also eased the pressure on Francis—though he also at times went wide . . . up the middle for good gains). So in the dying stages they again resorted to this formula. But, as had been evident throughout the final period North had finally diagnosed this and was stopping it fairly well. So on second down and time running out West tried a halfback pass play. Thornton did the throwing, a nice long heave intended for Hastings on the West 48. Both Hastings and North's Saunders went up for the ball, both had full grips on it, but Saunders came down with it and that was it. North "sat" out the clock.

The halfbacks for West were just short of sensational—and what a pity that they haven's shown this potential and speed earlier in the year instead of so late. Smith's TD was the first scored by a West halfback all year. It was also the first game in which Francis did not score a single TD . . . just the four extra points.

Now, if we only had the passing attack that we need so desperately for "dying moments of desperation" such as at North and to further vary our offense so the enemy can't set for one type of play (on the ground) or one player (Francis) . . . the latter may be cured.

Meet The Cowboys

Fred Ash

Fred Melvin Ash, better known as "Meatball" around West High, is the 17-year-old son of Mr. and Mrs. Melvin E. Ash of 959 S. Harris-av. He has a younger sister, Carol.

Born June 18, 1941, he's a lifelong Hilltopper. He attended John Burroughs Elementary and West Junior and Senior High, and will graduate next January. He has maintained an excellent 3.7 grade average during his high school days.

This is his third year on the varsity football team as both offensive and defensive tackle. As an early season "specialist" in the "hole opening" of defense, he has, in more recent games, become quite a defensive stalwart. Blocked punts and passes and recovered fumbles are his favorite "meat."

He has also played three years of baseball for West at shortstop and in center field. He played two seasons of basketball at guard for the Cowboys, too. Ash was given Honorable Mention of the 1958 All-City baseball team.

During the summer he played for the champion Hoge Memorial softball team. His summer and present Saturday job is stock clerk at Lazarus.

Ash is a member of the Hoge Memorial Church where he also belongs to the Youth Fellowship and the Youth Choir. At West he is a member of Student Council and the "L" Society, 11th grade honor group.

His Hobbies differ some from our earlier surveys of the Cowboys. They include reading, studying, working in the yard (a member of the "Order of the Green Thumb"), fishing, collecting tickets from his favorite sports events.

His future plans call for enrolling at Ohio State to major in accounting, aiming for C.P.A. He may give baseball and football a try while there. He hopes to eventually own his own business. Fred, one of the larger men on the squad, weighs 195 and stands 6'1".

Central Puts Linden Back In 20-0 Win

Slightly bewildered and shocked fans watched as Henry Hairston led the Pirates to a 20-0 upset victory over previously untied and undefeated Linden McKinley in last week's action on the Panther gridiron.

Central scored twice in the first quarter with Hairston crossing the goal for two touchdowns within two minutes. Both conversion tries were unsuccessful.

The second touchdown was set up after recovering a Panther fumble. It was one of three fumbles charged to Linden. Hairston dashed 47 yards to score.

The third touchdown came late in the fourth quarter with four minutes left on the clock as Hairston charged for 3 yards through the Panthers defensive line. He then added the 2 extra points with a running play.

The senior halfback leads all City League scorers for the season. Hairston carried the ball 23 times and picked up a total of 173 yards.

Central's defensive unit held on the one foot line to prevent Linden from scoring as the first half ended.

The Pirates will be host to Marion Franklin for the game on Friday, Nov. 7.

Terriers Press Cowboys' Lead At Glenwood

Using a slow but deliberate attack the Terriers are closing door on a possible league championship for the Cowboys in Glenwood Center football contests.

The Terriers have won five straight while the Cowboys took two out of their last seven games.

Hard blocking by the Terrier linemen and the aggressive running of their backfield enabled the Terriers to beat the Polar Bears 28-6.

The Cowboys, operating from a T-formation, handed the Bulldogs a 32-6 defeat and in so doing won their eleventh victory.

Larry Graves, scoring two touchdowns in addition to one each by Newman and Bradley, proved too much for the Cowboys, as the Terriers ran up their tenth win of the season, 25-12.

Wild Game Deserves Care In Cooking

INSIDE ON THE Outdoors
By ROD COCHRAN

Hartley Newspapers Offer Free Booklet On Subject

The harvest of field and stream, properly prepared, yields an eating treat second only to the sports of hunting and fishing themselves.

In order that you may enjoy your sport to the fullest flavor, Hartley Newspapers have for you a free booklet, "A Guide to Game Cookery." Stop in at the newspaper offices, 2465 W. Broad-st, for your copy, or write to the same address.

Preparation of game for the table, of course, has become an art. The highest paid chefs in the world spend their time preparing pheasant under glass, pressed duck, and similar delicacies. The game brought to bag right here in Ohio is "raw material" for the best eating to be found anywhere.

Few of us have the time or the inclination to spend all day preparing one main course and two or three sauces to go with it. We are content to leave that to the French restaurants. But on the other hand, the trophies of the hunt deserve a little special care. Whether you bring home a venison, limit of rabbits, or a brace of grouse, you should enjoy this wild food to the fullest.

Here are several small bass cut into pieces and ready to be smoked. Electric smokers have been a boon to sportsmen, for smoking is an excellent way of preparing fish and game.

An innovation I have tried this past year is a small, electric home-smoker. These have come on the market fairly recently, and are designed for smoking fish and game. So far, I have smoked several kinds of fish, rabbits and ducks.

My smoker is a Herter's, made by that famous outfitter of sportsmen's supplies located in Waseca, Wis. I was a little hesitant about buying it, since I had been told that smoking meats was a long, drawn-out process. Actually, with an electric smoker, it is very easy. A hot-plate makes wood chips burn at just the right speed. As far as I'm concerned it's fool-proof.

Field Care Important

No matter how you prepare fish and game at home, a very important point is proper care in the field. Fish should be kept alive or on ice until dressed. I take a portable ice chest along on all fishing trips just for this purpose.

Game care in the field is a little more difficult, since you cannot lug an ice chest around with you. The free booklet on game cookery tells you in detail how to handle freshly killed game. In the case of a game bird, it's advisable to pluck, draw, clean and cool as soon as possible. I have never plucked a bird while it's still warm, so I guess I've been doing it wrong. This year I'll have to do it by the book.

Actually, this game cookery booklet is packed with helpful information. I've read it through a couple of times, and I still find it interesting reading. Better get your free copy now — the supply is limited.

Food Markets This Week
by Mrs. Estelle B. Franks

November is the time when the yields of our good earth have special significance.

Farmers have produced a bountiful harvest this year. This can mean good meals for your family at reasonable cost. One of the best ways to get the most from your food dollar is to use often the foods that are in plentiful supply. The following will give you some picture of what you can expect during November.

FRUITS — Large supplies of apples will continue. Winter apple cerities . . . Staymen, Winesap, and Rome Beauty . . . are now on the market, along with a good supply of fall varieties — Red and Golden Delicious, Jonathan, Grimes Golden. Small size apples are escpecially good buys now.

There's a good crop of cranberries this year . . . color and quality are tops. Prices on cranberries have dropped and you can expect still greater bargains just before Thanksgiving. Bartlett pears and Emperor grapes are still economical choices.

November and December are months to enjoy pomegranates. They make a wonderful garnish for winter salads. Peel back the skin until you've uncovered the number of seeds you need. Rewrap and keep in the refrigerator.

VEGETABLES — The salad bowl need not go begging just because fall is here. Endive, escarle, cucumbers, onions, green peppers, celery and cauliflower, are still very reasonably priced. All the cabbage family — cabbage, cauliflower, broccoli and Brussels sprouts, are good.

A good selection of, winter squash, potatoes (white and sweet), parsnips, carrots, turnips and rutabagas can round out your menus. All of these are in good supply and the quality is high.

Ohio greenhouse growers report that tomatoes, Bibb and leaf lettuce and watercress have started to move in volume. Growing conditions have been ideal and the quality of these crops is reported to be excellent. The pack of frozen peas this year is estimated at 250 million pounds—the largest on record.

RED MEATS — Marketing specialists predict little change in meat prices during November. Pork prices, which usually reach their seasonal low about this time, are not expected to drop much until next year. Hogs are not yet available in the numbers expected . . . but a big supply is sure to come in 1959. For your best meat values watch for "specials" and compare prices of different cuts on a cost-per-serving basis.

POULTRY AND EGGS — Whole, cut-up, or by-the-piece, fryers are priced to please the food budget and will remain so. Turkeys are plentiful, too. The medium-size egg season is near an end, but will remain the better egg value on a price-per-pound basis until late November when large eggs become more plentiful.

OTHER BOUNTIFULS — To add interest to your meals there are English Walnuts, dates, canned ripe olives, and peanut butter. Look for honey, too, for holiday cakes and cookies, and as a spread or table sweet.

FORECAST FOR CITRUS CROPS

ORANGE CROP — Although prospective production is two per cent above the relatively short 1957-58 crop, its is 9 per cent below the pre-freeze crop of 1956-57. Quality is expected to be excellent. The U.S. 1958-59 grapefruit crop (excluding California) is forecast to be seven per cent below 1956-57, and six per cent below average. Prices on citrus products are expected to stay fairly high.

BARGAIN BOOK FAIR

More than 7,000 books, donated by Guild members of First Community Church for their Bargain Book Fair will go on sale in the Oliver Weist room at the church, 1320 Cambridge-blvd, Grandview, Thursday, Nov. 6, 9 a.m. until 9 p.m.

THIS MONTH GIVE THANKS-AND

'LIGHT A LIFE'

ON NOV. 12th

You may never know the frustration of being the parent of a mentally retarded child . . . Yet you probably know of a home touched by this heartbreaking handicap. TRAINING and ENCOURAGEMENT are just as important to the retarded youngster . . . and he needs BOTH if he is to become a useful, socially acceptable adult who is an asset to his home and community.

When your "LIGHT A LIFE" volunteer comes to your door NOV. 12th, GIVE generously to help the retarded children of Franklin County.

"LIGHT A LIFE" is sponsored by the Council for Retarded Children of Franklin County.

EXAMINE MATERIALS — County elementary teachers take a first-hand look at the equipment "necessary" for instructing today's space-age children in science. Examining laboratory materials are, from left to right, Mrs. Hazel Marx and Don McWilliams, W. Franklin Elementary School; Frances Mason, D.C. Heath & Co. representative; Audrey Wilson, Mrs. Ruth Early, and Nancy Brown, Hamilton-South Elementary School.

Science Conference Held For Teachers

A three-day teachers' workshop which culminated in a meeting of the 35 member County Schools Science Committee, was held last week at East Franklin Elementary School, 1955 Richmond-rd.

Miss Kathryn Opes, elementary school consultant for Franklin County schools, reported that the session was part of an over-all plan to revise or improve the elementary science program throughout the county.

Frances Mason, a consultant with Heath Publishing Co., a Chicago text book firm, was guest lecturer at the workshop and led demonstrations and discussions of latest elementary laboratory techniques.

Primary workshop for grades one through three was held on Tuesday, Oct 28, from 3:30 to 5:30, and an elementary workshop for grades four through six was conducted the following afternoon, Wednesday, during the same hours.

About 150 teachers from elementary schools throughout the county were present at the meeting.s

The final day of the meeting the Science Committee convened —in two groups, both high school and elementary—and set forth recommendations for new texts, methods of instruction, areas of scientific study and a general reorientation toward science programs in the county schools.

These recommendations will go to the Franklin County Curriculum Council for scrutiny and probable approval, then will be studied by a State Curriculum agency which has the final nod on whether they will be adopted.

LEARN TECHNIQUES — Franklin County and E. Linden educators are shown techniques of teaching science to elementary school children by Francis Mason, representing D.C. Heath & Co., Chicago textbook publishers. From left to right are Mrs. Lois Hovermale principal of E. Franklin Elementary school; Katheryn Opes, elementary consultant from Franklin County board of education; Thomas J. Quick, superintendent of county schools; and Theospina Antjas, E. Linden School teacher.

Big Bear Supermarket Open As First Unit In New Center

Columbus' newest Big Bear supermarket opened on Wednesday as the first in a number of units to be built in the new shopping center at W. Mound-st and Central-av. Several other stores are in the planning stage. Architecture of all units will conform with the modern styling of the Big Bear unit.

Wayne E. Brown, president of the 26 store organization, said "both supermarket and shopping center styling have changed considerably over the last few years with a rapid trend toward greater areas of plate glass and a wider use of stainless steel." "Almost in its entirety, he added, "the 160 foot frontage of this new store is enclosed in plate glass set in stainless steel clear to the top of its 15 foot ceiling."

Constructed of glazed tile and brick, the store contains approximately 20,000 square feet of floor space. The entrance, angled-in from the corner of the building in the "new look" style of modern supermarket architecture, is also entirely of plate glass and stainless steel.

A year-round air-conditioning plant insures both customer and employee comfort. Exit doors are of the hydraulic-electric type, opening automatically at the approach of all outgoing traffic so that anyone carrying bundles in ther arms will have a clear opening for passage.

The whole store is planned on the grand scale. The meat department stretches across the entire rear wall with 140 feet of refrigerated self-service display cases.

This makes the twenty-eighth store in the chain and is one of the seven stores planned for building in various locations over the next two years. Two more are already under construction—one in Marion, Ohio, and one in Huntington, W. Va.

Of the 28 Big Bear supermarkets now in operation, 18 are located in Columbus, three in Springfield, Ohio, two each in Newark and Toldeo, Ohio, one each in Chillicothe, Lancaster, Mansfield, Marietta, Marion, Waverly and Zanesville, Ohio, and one in Parkersburg, W. Va.

Lions To Get 'Cold Facts'

Members of the Hilltop Lions Club will see and hear "Hot Facts on A Cold Subject" at their 6:30 p.m. meeting Thursday, Nov. 6, at the Dragon Restaurant.

Royal S. Buchanan, manager of advanced refrigeration engineering and development for Westinghouse here will give a "humorous yet educational" demonstration of a little known liquid, Freon 12, a basic element in modern refrigeration.

Age of Chiselry?

In these days of screaming from the rousetops about big discounts and cut prices it is well that we, as consumers, carefully investigate the big discount and glorified markdown before we pay cash on the line or sign up for easy payments.

Certainly we don't want this to become known as the age of chiselry! But we must be concerned that it is not so much a set of figures as to how much discount we are getting but what are we getting in quality and service for the money we spend. Maybe values are being lost in our would-be bargains. Maybe the biggest discount is in the truth. Maybe prices were advanced in the first place in order that an imaginary discount could be given later.

Time magazine this week points out that it is time the public gets a true picture before they buy.

Bargain prices are of no value at all if you in turn can't get service on the merchandise. Reputations are built by good merchants by the backing of their sales not just the matter of a quick shuffle to get rid of merchandise.

If you do not want to discount satisfaction then shop and buy from the merchant that guarantees his merchandise and his service.

On Telephone Ads

Something new was used in the recent political campaign. Many people were called on the phone to be told by an automatic recording device that they should vote for such and such an issue.

In this wondrous age of electronics and what with all the fine developments that have come from the telephone company we sincerely hope that this particular gadget has been used for the last time.

We have always had the highest regard for the phone company and the way they do business but this kind of an imposition on their subscribers just doesn't set well. We believe the public generally agrees with this stand.

Employes To Be Guests At Employers' Banquet

Members of the Hilltop Business Association will entertain their employes at the annual employer-employe dinner at 7 p. m. tonight at Westinghouse cafeteria.

More than 250 reservations have been made for the annual event.

A feature of the program following the dinner will be an announcement of new HBA officers for the year. Ballots, cast by mail, will be counted and final results announced, C. H. Campbell, executive secretary, reported.

Walt Seifert will speak on "Attitudes Are Ammunition," a film on customer relations will be shown and performances by Vernel Lambert, banjo artist and Roxanne, acrobatic dancer will complete the program.

NURSES HOME IN PROGRESS

NEW NURSES HOME—Construction of the new nurses home at Mt. Carmel Hospital, 793 W. State-st, progressing according to schedule, is expected to be finished in time for occupancy in January. Planned to accommodate approximately 90 students, the $1.5 million building is financed partly by the Columbus Hospital Federation and the last bond issue, with the balance paid by Mt. Carmel. The back view, above, is seen from W. Town-st and the front of the building is pictured at right.

"Vere . . Oh, Vere Did Der VW Go?"

Folks on the Hilltop are still chuckling today about the little Volkswagen that went astray on W. Broad-st Monday.

At 9 a.m. the people at General Tire, Eureka-av and Broad-st, blinked as they saw the tiny driverless auto make an abrupt stop in the middle of the street. Seconds before, it had been nosed up behind a three-ton truck traveling west. A woman on the street corner dropped her umbrella in surprise.

Tire dealer Dick Hollingshead and his men found the car locked and the brake partly on. They called police who towed the German car to the curb, made out a partial accident report and left it.

Owner Dumfounded

Meanwhile, about two blocks away a delivery boy went into Beaver Press offices and told Dewey Abram, 490 Wrexham-av, that his car was seen in weird circumstances down the street.

"But that's impossible. I just parked it . . . and locked it," Abram insisted. Nevertheless, he checked and saw a hole where he had parked minutes before.

He went down the street, rescued his VW, and got back in time to get a phone call from Mrs. Abram. A policeman had traced his number to their door and wanted details of the accident.

"What accident?" Abram wanted to know. The mystery grew more involved.

Abram then checked with merchants up and down Broad-st and finally got a lead at West Hill furniture. A man there said he saw a Borden's ice cream truck pull away from the curb with the unmanned VW hooked by the bumper on behind. He couldn't stop the driver.

Armed with this clue, "Sherlock" Abram called the dairy firm. The driver was finally located. He was as perplexed as everyone else . . said he had been the little convertible parked behind him but had no idea that it turned out to be a "free-loader." It somehow unhooked itself at the intersection while he drove on unknowingly.

Police said the truck dented the VW a little and ruined a seven-year accident-free record for the trucker.

Not First Time

A once-in-a-lifetime incident? Not for Abram. The same thing happened to him about 10 years ago right across the street in the same block. Abram was under a barber's apron and looked out the shop window just as a lady drove away with his '33 Plymouth attached to her bumper. He hurtled outside, apron and all, and caught her at the next traffic light.

The lady retorted, "I wandered why that car was following so close behind me."

HBA May Not Attend Site Confab

The Hilltop Business Association probably will not press efforts to encourage the construction of a new state office building somewhere west of the Scioto River.

C. H. Campbell, executive secretary of the HBA, said the group may not be represented at a public hearing on the site selection, this coming Thursday. The session will begin at 10:30 a.m. in hearing room No. 2 of the State Office building.

Campbell said the decision came about following a talk with building commission representatives Monday afternoon. "We learned that the Regional Planning Board is discouraging the selection of any 'fringe' location, preferring to keep the building close to downtown state buildings. We feel the planners have put a great deal more thought into the thing than we have so we don't want to oppose them," Campbell continued.

Two West Side areas had been favorably considered as sites for the new $15 million building. One was just west of Central High School, the other is vacant land already owned by the state south of Broad-st at Central-av.

"The commission assured us that this land is still well adapted for other state buildings of the future, but too far out for the big office building," Campbell said. Architects have pointed out that the main problem facing them downtown is parking.

Representatives of the West Side Board of Trade Tuesday had not decided whether or not to cancel their appearance at the hearing.

Rubinoff Slates Pre-Concert Assemblies For Youngsters

Rubinoff and his violin may not be as well known to the younger generation as to their parents, but he'll greet youngsters in five Hilltop schools Thursday as a prelude to his evening concert at West High.

The famed musician was [illegible] a popular radio entertainer. He plays an historic Stradivarius violin which is insured for $[illegible].

Rubinoff's appearance here is sponsored by the Hilltop Kiwanis Club. He will give free morning appearances at the following schools: Hilltonia Junior High, 8:50 a.m.; West Junior and Senior High, 9:45 and 10:15 a.m.; St. Mary Magdalene, 10:40 a.m.; Binns School, 11:30 a.m.

A student matinee will be given at West at 3:30 p.m. (admission 50 cents). Kiwanians have plenty of tickets on hand (or the public concert to be given at the school at 8:15 p.m. Admission will be $1.65 for adults and 75 cents for youngsters. Tickets may be purchased as the door.

Three Injured In Auto Crash

Three persons were injured in a three-car accident in front of the Columbus State Hospital on W. Broad-st, Sunday.

John Fleming, 28 of 345 S. Warren-av; Douglas Fleming, four and Mrs. Helen Cobb, 23 of 325 S. Wheatland-av, were all treated at Mt. Carmel Hospital, and have been released.

Fleming's eastbound car struck the rear of Mrs. Cobb's auto which was knocked into a car driven by Elba Evans of 1960 W. Broad-st, according to police reports.

Fleming was cited for failure to maintain an assured clear distance.

Results Are 'Terrific'

Mrs. William Hanson, 723 S. Warren-av, reports the lumber sales after her advertisement in the Hartley newspapers were "terrific".

"We never have any trouble. Everything we advertise in the Hartley Newspapers always sells fast."

West's Upset Big Surprise For Guessers

Two ties and West's stunning upset of East were the big stumbling blocks this week for entrants in the Record-News Football Guessing Contest.

The tie games included Purdue's comeback to deadlock Ohio State, 14-14, and South High School's 6-6 melee with perennial state power Fremont. West's Cowboys laced East, 36-28.

Placing first in the final tabulation was Del Walters, of 284 Sturbridge-ln, who correctly predicted the results of 18 contests. Following close behind was B. W. Gray, 304 W. Park-av, and Marion Brandenberger, 2025 Whitehead-rd.

The three winners are eligible, in the order of their finish, to collect $10 in cash, one roaster from Schulze Superette and five hamburgers from Borland's Stadium Grill.

A new set of winners will be announced next week. They will be eligible to receive $10 in cash, a lube job and oil change for a passenger car from the Hilltop Motors and $5 in merchandise from Raymond Schulze's Grocery.

Another big contest is being offered this week where readers may take a stab at picking winners of games to be played a week from this Saturday. High placers in that event may receive $10 in cash, a wristwatch strap from Fritch Jewelers and one haircut and shampoo and facial from Frank McDonald Barbers.

Glancing ahead into this week's action, local football fans picked these as winners:

Iowa to smash Ohio State. Pittsburg to whallop Nebraska. Notre Dame to down North Carolina. Wyoming to upset Air Force, Illinois to surprise Wisconsin, Wake Forest to tie Duke and Indiana to topple Michigan.

INJURED AT QUARRY

Pryce Fields, 49, of 145 N Sylvan-av, received back injuries Tuesday when a 30-ton Diesel railroad crane overturned at Marble Cliff Quarries.

New High School Report Is Denied

A report that a Catholic High School would be built soon on the diocese-owned lot south of Mound-st, between Brinker and Binns-blvd, was denied yesterday by a spokesman from the office of Bishop Clarence Issenmann.

Grading equipment in use on the land recently, caused many to believe construction activities were underway.

Msgr. Schoor explained the ground was being leveled to completely clear the area of unsightly weeds, in response to complaints from nearby residents.

Irwin Johnson To Cut 10-Foot Pearl Strand At New Store

Miss Bess Davis

When Rogers Jewelers' new Great Western store is opened Friday evening, Nov. 14, two long-time associates of Rogers will participate. The store will be officially opened when a 10-foot strand of pearls is cut by Miss Bess Davis, long-time secretary to Rogers president, and Irwin Johnson, host for many years on the Anniversary Hour, Rogers' Saturday morning radio program.

This newest of the five Rogers stores will be dedicated to Miss Davis, a West Side resident for 31 years. She joined the Rogers company 37 years ago as secretary to the late Harry Ratner. Rogers' many down customers know her now as secretary to Jack L. Ratner, Rogers president.

During the 7 to 9 p.m. grand opening, to which the public is invited, "Early worm" Irwin Johnson and his wife will personally welcome each visitor with a ceramic "Early worm" as a memento. His appearance has become a traditional part of a Rogers' store opening. This Great Western store is the fourth suburban Rogers store he has helped to open.

West Side Kiwanians Buy Heifer For Young Farmer

Twice this year the West Side Kiwanis club has helped to put aspiring young farmers into the livestock business.

On Oct. 31 a registered Shorthorn heifer was purchased from Frank Teegardin and will soon be formally presented to Richard Spring, 3011 Norton-rd. Richard is a student at Grove City High School and a member of the Future Farmers of America chapter there.

Earlier this year, a pure bred Hampshire gilt was given to Barton Kaderly, Hall-rd, another member of the chapter, whose advisor is Richard Dyer.

The first offspring of each succeeding generation of the pig and cow will be given to other youths selected by the club and schools.

Kaderly's gilt, "Miss Ohio," already has shown great promise. She earned an 'A' rating in FFA competition at the Ohio State fair, and at the Franklin County fair won second in Junior Fair and fourth in senior showing.

In 1901 Ohio farmers were growing six million bushels of potatoes. Now production is about three million.

Food Markets This Week

by Mrs. Estelle B. Franks

FRESH PRODUCE — Apples, turnips, cauliflower, potatoes, cabbage, squash, leaf lettuce.
PROTEIN FOODS—ham, bacon, turkey, fryers, medium eggs.

WINTER VEGETABLES NOW IN SEASON

When the frost begins to show, hinting of the coming snow—that's about the time we get the first "winter vegetables" on the market. That's when locally grown turnips and parsnips, and rutabagas from Canada arrive on produce counters. While available throughout the winter, these vegetables are now in peak supply. They offer mealtime variety, along with good nutritive values which are important to good health, when many other vegetables are gone.

THE PARSNIP is strictly a winter vegetable. Its flavor is not fully developed until it has been exposed to temperatures near freezing. Select parsnips that are smooth, firm, well shaped, and small to medium in size for best eating.

TURNIPS, now on the market, are the late or main crop which is marketed with the tops removed. Acres of turnips are grown locally—enough to supply our own markets and many to ship to other cities. This year's crop is big and of fine quality.

You'll like best the turnips and rutabagas that are small or medium in size and have few fibrous roots at the base. Large or over-grown root crops have a tendency to be tough, pithy and strong flavored.

STORAGE—These vegetables keep well in storage. In a cold, moist place, turnips and rutabagas will keep four to six months; parsnips from two to four.

USES—These three vegetables are more versatile than one often thinks. To develop a sweet, nutty flavor, steam parsnips. Then peel and slit them, and if the core is large, remove it. They can be served mashed or sliced and glazed as sweet potatoes or pan fried, creamed, French fried, or cooked with pot roasts or stews.

Turnips can be served cooked or raw. Served raw they are a good source of vitamin C. Use them as a finger food on the relish tray, or add to vegetable salads. If cooking them, serve with butter or cream, mashed, or cooked in stew or with roasts.

Rutabagas are cooked the same as turnips. Or they, too, can be used raw, on the relish plate like carrot sticks or shredded in vegetable salads.

TREE NUTS ARE HERE AGAIN

Large and beautiful displays of walnuts, pecans, almonds, filberts and many imports are appearing in food markets. The 1958-59 national nut picture is favorable to consumers. The walnut (English) is estimated to be 28 per cent above 1957 and largest crop since 1948. Quality of walnuts is reported to be excellent. The pecan crop will probably run 17 per cent above average. The almond crop is down 36 per cent from last year and a sharp 42 per cent below average. Filberts are below last year's production, but about two per cent above average.

FOR THEIR BENEFIT—These and many other patients at Children's Hospital will benefit from proceeds of the annual Twigs' Christmas Bazaar. From left are Carol Byrd, four, of 1800 Woodward-av; Linda Cleveland, two, 290 McDowell-st, and Alice Davis, two, of 875 McAllister-av.

ONE FOR SALLY, TWO FOR THE JAR—Three-year-old Sally Biddle of Lincoln Village fills jars with candy for the bazaar while Mrs. Charles Jones, 264 Dakota-av, Twig 88, trims with spangles, a glamorous, white feather Christmas tree.

CHAIRMAN—Mrs. Walter J. Engel, Jr., 1976 N. Cassady-av, Twig 66, is chairman of this year's Christmas bazaar. Here is the tremendous task of channeling the energies of 2000 women and coordinating their efforts into one smoothly-functioning event.

Twigs' Big Bazaar To Benefit Hospital

Three thousand women will extend a collective helping hand this year to patients of Children's Hospital. Results of their time and talents will go on sale Monday, Nov. 17, at 10 a.m. to 8 p.m., at the Neil House in the Twig's gigantic Christmas Bazaar.

More than 200 varieties of gift items, ranging from apothecary jars to stuffed zebras will be offered for sale.

Proceeds from the event are given to Children's Hospital, to be administered by hospital authorities in the best interest of the sick and injured children.

Last year's profit of $20,000, used to help bridge the gap between hospital's income and expenses, helped provide many treatments and services to all the patients.

Organized more than 30 years ago, the Twigs have staged their annual bazaar for 27 consecutive years. The only cooperative venture of the year, the bazaar also served as a sort of homecoming for all members of the 120 Twigs.

STAMP OF APPROVAL — Patrick Allen, four, given a sneak preview of bazaar items, approves the Santa Claus suckers, little-boy bib and kissing ball shown by Mrs. Charles Behm, 3992 Beechcreek-rd, Twig 115.

HOMEMADE GOODIES — An important part of any bazaar is the home baked goodies, and Twig 52 members have planned a sumptuous variety. A member of the group is Mrs Alfred Schirm, 183 S. Washington-st, Canal Winchester.

SEWING SESSION—Putting the finishing touches on some of their handwork are, from left, Mrs. Wayne Utrey, 4387 Sexton-dr, Twig 123; Mrs. Clark Biddle, 374 N. Murray Hill-dr, Twig 122, and Mrs. Richard Headley, 660 French-dr, Twig 124.

DELIGHTED DESIGNERS—Puppets are fun to make for Mrs. Robert Chadwell, 2511 Johnstown-rd, Twig 108, at left, and Mrs. James Allen, 2039 N. Cassady, Twig 66.

Trucks Needed For Mail Load

Postmaster Allen M. Rowe has announced that the Columbus Post Office will need approximately 80 additional trucks to deliver mail during the Christmas period this year.

Although the trucks will not be needed until about Dec. 12, arrangements will be made for them now so proper allowances can be authorized for their hire. Trucks best suited for this work are small vans, large panel delivery, vanettes, or covered stake body trucks. One-ton trucks are acceptable.

Dump trucks, pleasure cars, pickup trucks, station wagons, small panel trucks and open body trucks cannot be used.

STUDENTS, PARENTS ADOPT HONOR CODE

An enterprising group of students and parents in the Sycamore School District are in the process of formulating a "code of behavior" to be followed by students in their dating, parties, driving, and other social activity.

Such a code, by its nature, cannot be absolutely binding, and must depend largely on a "honor" system of enforcement. The very fact that students are considering the code in an indication that the "honor" is present.

At a recent meeting held on the subject, several local dignitaries discussed the proposed code in general terms. Perhaps the wisest words spoken came from the Rev. Richard Isler, executive secretary of the Council of Churches of Greater Cincinnati. The Rev. Mr. Isler told the group that such a code would be a useful tool as a guide for the students and parents to follow in their demands and actions.

He also noted that such a code would be improperly used if considered as a "club" to be held over the heads of either group by the other.

Naturally, there will be those students who refuse to observe the code; in the same manner, there will be those parents who pay little heed to the code in being either too strict or too relaxed in their discipline.

Formulated through a joint effort of parents and students, and taking into account the views and attitudes of both groups, such a code should serve as a means for reconciling the feelings of most students and parents in regard to social activities. Neither group can claim ignorance of the desires of the other, and both will have a reasonably sound idea of what is expected and of what is approved by society in general. We applaud such an effort. —(Reprinted from The Sycamore Co. Messenger).

CANDIDATES SHOULD REMOVE POSTERS NOW

Candidates who campaigned vigorously during the past election have a chance to show their real public interest by performing a simple post-election gesture.

Winners, losers and campaigners could make a favorable impression upon their electors by removing the signs, posters and other material seen plastered across the countryside, littering street corners and hiding telephone poles.

No citizen can respect a candidate who allows the "leftovers" from his campaign to clutter the streets and create a general "eyesore."

The election is over. The campaign posters can bring no more votes. If the candidate really has the public's interest at heart, he will show it by retrieving the posters left in the aftermath of political battle before they fall upon the streets or blow into a neighbor's yard.

One way of doing this might be to have a huge bonfire at a park. The candidates could collect their posters and contribute them to the fire amid the presence of their opponents.

That would be an American way!

A name attached to a telephone pole might bring a few votes before election; it might lose more friends after election.

BIBLE COMMENTS

Keynote Story Of Christianity Is 'Preparation'

"Preparation" is written large over every aspect of the ministry of Jesus, the missionary labors of Saint Paul, and the whole story of the founding of Christianity.

John the Baptist, whom Jesus called the greatest of all men born of women, prepared the way, and called for preparation: "Prepare ye the way of the Lord, make His paths straight."

But that was only the beginning of the Christian preparation.

We should never forget the long period of preparation in the life of Jesus, himself, the nearly 18 silent years in Nazareth before He began His public ministry.

Nor should we forget Paul's silent years, his going into the desert and the long preparation before he launched out on his missionary journeys.

Think of the boy Jesus in Nazareth, waiting patiently, preparing fully, obediently listening, before He began that ministry, which was to last so shortly in earthly years.

But that ministry was to be timeless and endless in its truth and blessing for mankind.

Nothing in God's providence is accomplished without discipline and preparation.

Salary Stymies Recruitment Of Columbus Police Officers

By DON ZACKARIAH

Salary appears to be the styming influence when urging qualified young men to pursue a career with the Columbus Police Department. The candidate list is exhausted, said Capt. W. G. Miller of the training division, and applications are falling far below the hopes of the department.

Capt. Miller added that many men would like to be police officers if they didn't have to accept a monthly salary cut of $100 to $200. Private industry will offer these men more income towards keeping their families.

The Municipal Civil Service Commission has had to extend the deadline for filing applications, once again, from Oct. 30 to Nov. 21. Only about one-sixth enough applicants have filed for the examination set for Dec. 4.

At present there are 531 police officers on the force and Columbus needs 700, said Capt. Capt. Miller, according to the recommendations of the FBI, which advocates two officers for each 1000 population.

Applicants must be residents of Franklin County, between 23 and 31 years old, and have a high school diploma or the equivalent

Salary starts at the beginning of the 90-day training period in the Columbus Police Academy. A rookie patrolman earns $355 a month.

At the end of six months, a patrolman makes $373 a month and is advanced to $392 in another year. The salary jumps to $412 in a year and a half and to $433 in two more years.

A patrolman is eligible for promotion to sergeant in five years. Sergeant's pay starts at $455 a month. A year after promotion to sergeant, a police officer may compete for lieutenancy, which pays a minimum of $527 a month.

Besides salary and promotion, police duty includes a pension plan offering 50 per cent pay in 25 years.

Vacation time is accrued at the rate of one day a month with a bonus of five days after 12 years service. Only working days are counted against vacation time.

Uniform allowance is $150 for the first year and $75 a year thereafter. Policemen are eligible for treatment at the city health center.

Duty time is 40 hours a week with 10 paid holidays a year.

Letters To The Editor

Old Sarge Charges Federal Law On Income Unfair To Veterans

Permit me to point out to your readers one of the least understood hoaxes our government is working on our war veterans and their dependents.

Veterans laws are supposed to grant to the war veteran and to his dependents, certain benefits not accorded other citizens; contrary to the statement of the late FDR.

However, an income limitation, based on a 100 cent dollar in a day and age when it purchases less than 50 cents worth, denies the vast majority of all war veterans and their dependents, many of the benefits they could receive were it not for this present insane limitation.

All non-service benefits to both war veteran and to his dependents, carries an income limit of $1,400.00 for a single person and $2,700.00 for a veteran with dependent.

As a result of this condition, many of our citizens will tell you of the staggering cost of veterans benefits, knowing absolutely nothing about the actual conditions and ignoring the fact that this insane income limitation forces three-forths of these persons to fore-go applying for such benefits and seeking any kind of employment they can secure, simply because they can not even exist on the present income limitation, as it applies to the war veteran and to his dependents.

Persons who are crowing about the recent increase in Social Security payments should stop and take stock, for this increase put the income of thousands of war veterans and their dependents, over the present silly income limitation, forced on them by their government and thus cancelled out their social security benefits, benefits they have already paid for, just as they paid for their veterans benefits in war service, often at $1 per day while the stay at homes made 10 to 20 times as much.

We urge all right thinking persons to petition their Congressman and their Senators, to work for an immediate revision of the present income limitation as it applies to the war veteran and his dependents, and replace it with one based on the present purchasing power of the dollar to-day.

West Jefferson Youth Fellowship Sets Pledge Date

The Methodist senior youth fellowship's regular weekly meeting opened with devotions in the church parlor. Literature concerning the NY fund was distributed and next Sunday, Nov. 9, was set as the date when each member should make his pledge.

A committee was appointed to plan a social meeting for each month. The meeting was closed with a friendship circle and benediction.

The following were elected during the meeting: Judy Johnson, faith; Jo Anne Pfeil, witness; Barbara Sites, outreach; Bill Peak, citizenship; Susie Culp, fellowship and Bonnie O'Harra, news reporter.

The Springfield district meeting will be held on Nov. 16 from 2:30 until 8:30. Everyone is urged to attend.

Revival Planned At Brown Road

Revival services will be held at Brown Road Community Church, 1487 Brown Rd Nov. 19 through Nov. 30, each evening at 7:30

Rev. Eugene Gentry, Wesleyan Methodist pastor from Blacksburg, Va.; will be the evangelist. Dr. S. E. Nethstine is pastor of the church.

Cooperative Extension work is being used more and more by urban and suburban families. Last year Extension workers assisted about four and a half million nonfarm families in solving their problems.

Christmas Is Busiest Season For Paul Lugger Displays

Homeowners and storekeepers alike look to Paul Lugger Displays, 2781 W. Broad-st for

Paul Lugger

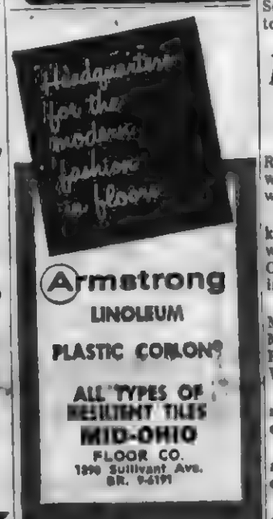
unique, imaginative materials for interior or exterior decorations.

Owner and operator of the business, Paul Lugger was Hilltop born and bred. He was graduated from West High School in 1932.

His highly specialized business got under way six years ago. It grew from an idea which Lugger conceived while selling paint for a well-known firm. He found display work a fascinating and ever changing art. After eight years with another display firm, Lugger started his own.

His store on W. Broad-st has been open a year. It offers to the wholesale and retail trade materials from 70 manufacturers. Papier mache, foil items, styro-foam, gift wrapping paper, artificial foliage, plastic screens and panels, mannequins, forms and many others are sold.

Lugger says 50 percent of his business is done in less than three months around Christmas. Everything from mantel decorations to eye-catching materials for department stores is sold. To make the business profitable the year around Lugger sends four salesmen all over Ohio and parts of neighboring states. Two other people round out the staff.



A second phase of the enterprise is store fixtures, layouts and planning. Shelves, tables and racks from an affiliated company are sold and Lugger himself designs many of the layouts.

Every year the busy manager attends schools in New York and Chicago to keep abreast of decorative trends.

"Several years peg board was used strictly in stores . . . now it's found in almost every home," Lugger observed. "We must always be on the lookout for the new and dramatic materials to catch the fleeting eye of shoppers."

Lugger and his wife and two sons live at 5733 Renner-rd, near Hilliards. He is affiliated with the Lutheran Church, Westgate Lodge of Masons, Scottish Rite, Shrine and Hilltop Lions Club.

Veterans' Council May Expand

Big Four Veterans Council met recently and held long discussion on whether or not to admit all congressionally chartered veterans organizations into the group.

All four major veterans groups were present in addition to a representative from a World War One organization.

According to H. O. Parke, publicity officer, 314 S. Glenwood-av, the matter will be settled at the Dec. 2 meeting at the New Veterans Memorial building. If other groups are admitted the name of the council will be changed, Parke said.

Overheard: "He swallowed his pride and used alcohol for a chaser.

Cowboys Win Sizzler In Finale With East

By BOB WILCOX

Words . . . and especially adjectives . . . almost fail us in describing the sudden turn of events in the recent fortunes of West High football.

The smash season finale presented last Friday evening at Magly Field, could be titled "West Conquers East" or Man Over Animal" (Cowboy over Tiger to be more exact) . . . starring Francis, Horky and Company. Spellbound and thrilled spectators showed their enthusiasm with a wild (and watery afterwards) acclaim. The score — West 38, East 20.

Before rushing downtown to file rave 'reviews' for the next day's editions, I hustled into the 'wings' to congratulate some of the 'players'. There was 'producer-director' Bill Schmitter in the locker . . . or the dressing room. Seemingly a little dazed, he was heaping praise on each member of his huge 'cast'.

"Weren't they all just grand . . . superb!" he chanted. But, deciphering those theatrical thought-waves . . . we could hear in his mind over and over . . . "Why, oh, why, couldn't this have been our opening instead of closing performance out there tonight . . . with the fall season ahead, not behind us;?"

To say that the game was 'weirdy' wouldn't be quite right but it did have that touch . . . as the fans saw several oddities that you often read about, but very, very seldom see yourself. The victory was truly a team effort, but with 'stars' galore.

West took the opening kickoff and in 16 plays marched 81 yards to score with Dave Francis going over right tackle from five yards out with 3:38 showing on the clock. He made the two extra points over the same spot. Francis as usual all season . . . and Friday night was no exception . . . was the chief ground gainer with a 12-yard 'dash' over center—longest of the drive. Opening up his own hole, he scored with at least three men hanging on.

West's next score came on the very next play and was one of the 'weirdies'. It is a play seldom seen even by football professionals' (coaches, sportswriters, etc.) who see game after

Don Uldricks kicked off after West's first score and East's right safety man, Art Angel, let the ball roll by him into the end zone. He neither touched it nor did he down it in the end zone. Jim Hastings raced in and dropped on the ball. However the official there didn't seem to comprehend what was happening. He proceeded to pick up the ball as if it were a touchback . . . East's ball on the 20. (Here is where this reporter lost his voice . . . and still doesn't have it back.) He readily admitted that Angel had not touched the ball and he finally replaced the ball on the ground. Thereupon . . . amid frantic screaming from the sideline . . . Hastings again fell on the ball. The second official arriving on the scene immediately gave the touchdown' sign.

(It would have been a touchdown even if Angel had touched the ball, but in that case he probably would have fallen on it himself. However what he failed to remember is that even if you don't want to return a kickoff out of your own end zone, you must 'handle' the ball and touch it down in the end zone. After a kick off has gone 10 yards it is a free ball . . . as witness again in a different situation later in the game.)

Since the clock was never officially started it presented another 'weirdy' . . . two touchdowns scored at "exactly" the same time, or a total of 16 points (Francis's extra points try around left end was successful) . . . all at 3:38.

Later in the period half Al Jordan fumbled for East and Ray Horky recovered for West. However after only five plays Bill Smith returned the ball to the Tigers via the same method. Hugh Marbray received for the visitors. Thus the period ended, 16-0.

On the second play of the second quarter, East's "bolt of greased lightning", halfback Clarence Winston broke over left tackle, cut for the left sideline . . . and was gone.

However, at 5:45 of the same period West bounced back scoring on an 11 yard dash over right tackle by Francis. Again his extra points try was good. This drive took 11 plays and traveled 66 yards. The big gainer was a 16-yarder by Francis over right tackle. There was no further scoring in the first half.

East took the second half kickoff and after picking up two first downs was finally forced to punt dead on the West 15. From there on the first play Francis lighted the cowboys fuse again as he burst over right tackle and rambled 85 yards to score. Jim Carter threw the final key block that sprung Francis loose for good a little past midfield. Uldricks kick conversion was good.

With just 55 second remaining in the third quarter, East quarterback Bill Johnson hit Angel with a completed pass. However . . . and here was another oddity . . . he fumbled around the 14 and Tiger halfback Frank Crawford (a speedy thorn in West's back all night) picked up the loose ball—and went the final 12 yard to score. The pass try for conversion was no good.

This drive covered 63 yards with big gainer being the tallying 38 yard pass-fumble play. They kept their drive going earlier by an interference penalty netting them 8 . . . called on Cowboy Bob Dean.

Francis returned the ensuing kickoff 29 yards . . . bowling over one Tiger after another in the process. From there the Cowboys were off to the races again. In 13 plays . . . at 6:15 of the final stanza . . . Francis went over for his fourth TD of the evening. The play that climaxed the 56 yard drive was a one yard plunge over left guard. Uldricks kick was good. The big gainer was a flare pass-right end sweep from quarterback Bill Kern to half Hastings good for 26 yards. He fumbled when hit, but the ball went out of bound . . . picking up a few more yards without anyone else touching it, so no harm was done.

The final score of the evening was made by East at 2:01 of the final period on a 18 yard pass play from Johnson to right end Larry Jones. East's pass for the extra points was good, but they were penalized five yards, but again made good on a pass from Johnson to end Walt Stewart. This drive covered 74 yards and took nine plays.

The final 38-20 count was not an out-and-out rout, but darn close to it. After leading in five games this season going into the final quarter and then losing them it was heartening to loyal West followers to see no such collapse against East.

• • •

Two of the many stars for West must be singled out. One, Francis, is no newcomer to these pages. His "bull-like" charges made holes where they didn't exist. Many times he carried men with him or brushed aside their tackles as if they were matchsticks. He contributed immeasurably to West's success. He scored 20 of their 38 points (four touchdowns and three extra point conversions running), carried the ball 26 times (quite a yeoman chore in itself) for 257 yards (as held gainless one time, but never lost a yard) for a very fine average of 9.7 per carry. His defensive work was also quite good.

The second chap in this season's co-captain (along with Francis), Ray Horky. Out with a broken arm since a disastrous practice session, he was not supposed to be able to return to action at all. He finally convinced the "powers that be" to permit him to see brief action in this last game of his high school career. And only now do we know how sorely he has been missed all year!

He caught the two passes thrown him for 18 yards, at one time made four consecutive tackles, recovered a fumble, etc. And this was all accomplished in brief play. The first time he was tackled he was thrown on his "bad" arm and painfully battled until the Doc benched him for good midway through the second half.

Another rarity of football followed East's final score when they successfully tried an onside kick. The kicker covered the ball for them after it had traveled one yard beyond the required 10 (in order to be a free ball) on the West 49. But it didn't help their cause much as their air attack was "batted" down.

Another big feature for West: last week the long missing halfback and wide end sweep attack opened up. This time it was the supposed defunct West passing attack that startled everyone. Bill Kern had a perfect night in the "pitching" department hitting six for six aerials. Besides Horky, he hit Hastings on the flare and Jerry Spears for three good for 18 yards—a total of 62 yards passing all told.

The Kerns to Spears combo looked "sweet" on the quick jump pass over center with Spears' leaping catches) and holding on although instantly

Fred Ash also had a fine night with two intercepted passes. One was the result of the hard charge of the middle of the West line on the East passes with the result that the ball was deflected as he let go of it, and Ash collected it in.

Other defensive (and offensive) stalwarts were Pate (especially on passes), Dean, Tom Myers, Bill Ingle, Spears, Uldricks, Jim Horn, Bob Brown, Larry Barnett, Bob Thornton and Bob Pemberton. Myers, Spears and especially Uldricks did some efficient and vicious tackling.

The season's summary and individual and team statistics will be given next week. Two weeks 'til basketball!

CO-CAPTAIN Ray Horky, who has been benched this season with a broken arm, made a brief but brilliant showing Friday night in his final high school game.

Central Finishes Grid Season With 3-3 City League Mark

The Pirates finished the season last Friday night with a 3-3 record in City League competition. Central held a determined Marion-Franklin eleven at bay in the final period to earn its victory, 14-8.

George Heery connected with Dave Brockmeyer for a 36-yard scoring pass play in the first period. Henry Hairston added 2 points on a run.

Marion-Franklin came back to match the score at 8-8 in the second quarter after a 66-yard march.

Hairston drove in the end zone for the winning touchdown in the third period, scoring from the 8 yard line.

Marion-Franklin had a chance to change the whole complexion of the game during the final quarter, but dropped the ball in the end zone with 30 seconds remaining on the clock. Central took over and stalled out the last few seconds.

Hairston added eight points during the contest to give him a tie in the individual scoring column, with 72 points to his credit.

Don Harter lead the Central High band for the last time as drum major. He was named city champ for 1958 in a contest of local twirlers.

Meet The Cowboys

Jim Carter

James Henry Carter, son of Mr. and Mrs. James W. Carter, 338 Whitethorne-av, has been one of the stalwarts of the West High line this season, even though one of its smallest and lightest members. Jim, 17, weighs 180 and stands 5'11". A senior, he graduates in June.

A member of the Student Council at West and a good student academically, his other interests are hunting, fishing and riding (horses). Jim lived and attended his earlier school days in Wilmington and Mt. Sterling before settling here to attend both West junior and senior high school.

Uncertain of his major in college, possibly physical education, he hopes to attend Ohio State at least for two years and then possibly tackle a flying career with the air forces.

Athletic Program Now Under Way

Winter athletic program at Sunshine Recreation Center is now in full swing.

With the forming of basketball leagues which will start the week of Nov. 17, the program will be completed.

On Monday nights, Young Adult Basketball League will play. The league is for young men over 18 who do not play in city industrial or independent leagues.

Tuesday night, the Boys Intermediate League plays. The league is for boys 13 to 15 years. Wednesday nights the Boys' Senior League plays. Ages in this group are from 16 to 19, and Friday night, Junior boys from 9 to 12 play.

There are still openings for teams in the Boys' Intermediate League and individuals in the boys Junior League. Interested persons should call Joe Toaller at CA. 4-9660.

Home gardeners have been able to store parsnips for a month or two by burying the roots in sand or clean soil and keeping them in a cool part of the basement, say Ohio State University Extension horticulturists.

LEAGUE LEADERS—Westgate Hawks, leading team in the Ohio Bearcat League of boys 13 and under, hold an enviable season record of eight wins in as many games. They are, from left, first row, Bob Ralph, Steve Barnard, Bob Eberhard, Tex Hyzall, Mike Hobbs, Jeff Reader, Bruce Findley, Steve Walter; second row, Roger Estig, Larry Cook, Jack Stephenson, Steve Takos, Bob Stephenson, Jack Hilbert, Butch Williams, Steve Canfield, Dave Nachenan and Mike Blackmore; third row, Mike Morgan, Dave Younkin, John Schuman, Larry Cline, Danny Young, and Dennis McDonald, coach. Not present for the photo was Karl Fulton, coach.

Westgate Hawks Top Contenders For Two-State Title, Thanksgiving

It would be hard to judge who is happier these days, members of the Westgate Hawks football team or their proud coaches.

The boys, all 13 and under, and leading the Ohio Bearcat League, have tallied up an impressive season's total of eight wins in eight games, collected 238 points and have never been scored against. They also boast the top five scorers in the league.

They will make their bid for a two-state championship on Thanksgiving day when they meet the Yorkshire Rams, the champs of the Newport, Ky. league, at the Ohio State Fairgrounds. Admission to the game, scheduled for 2 p.m., is free.

Steve Takos, 13, of 196 S. Sylvan-av, left halfback of the Hawks, has accounted for 118 points, and run more than 960 yards.

John Schuman, 12, of 855 Salisbury, is second in the league with 34 points; Larry Cline, 13, of 2684 Vandenburg, third, with 32; Bob Eberhard, 13, of 2725 St. Joseph, tied for fourth with 30 and Tex Hyzall, 13, of 784 S. Harris-av, fifth with 18.

Coaching the champs are Dennis McDonald, Ohio State University student and West High graduate, named all-city quarterback in 1957; Eddie Richardson, North High graduate, all-city and all-state tackle in '56, now serving a six months' stint in the army, and Karl Fulton, graduate of South High and Ohio State University, where he played freshman football.

DENNIS McDONALD, 2788 St. Patrick-rd, and a student in the College of Education, OSU, is one of three coaching the championship Westgate Hawkes team. A graduate of West High, he was named all-city quarterback in '57.

Other impressive statistics of the team include completion of 21 of 28 passes with 313 yards gained. Balance of the season's 22,127 yardage was gained by running.

The Hawks will play Arrowhead Athletic Club Sunday at Mifflin High field.

McDonald, discussing Thanksgiving Day game, spoke confidently of the team's chances of winning.

He said, "The boys are very serious-minded about their game and non over-confident. If we play our best game, and we'll have to because the Newport boys are really good, I believe we have a good chance of winning."

A $100 gift from Hilltop Kiwanis Club was used to buy jerseys for the team.

OPENING DAY—Full of anticipation, hunter and dog take to the field on the opening of pheasant season. Good news for all nimrods is that hunting prospects are bright.

Hunting Predictions Are Good, Says Wildlife Division Experts

At nine o'clock next Saturday morning the rabbit and pheasant season will start with a bang, and I do mean bang.

November is the traditional hunting month in Ohio. Even though hunting has been available since Sept. 1 (rails and gallinules), "opening day" means only one thing to most hunters — mid-November and the rabbit season. When the opening of the season falls on a Saturday, it means that a record number of hunters will be in the field.

What will they see in the way of game? With the aid of Bill Edwards, farm game specialist for the Division of Wildlife, we will try to make a few predictions. These will not be impressions from a crystal ball, but conclusions drawn from game surveys conducted throughout the state.

INSIDE ON THE **Outdoors** By ROD COCHRAN

On the whole, rabbit and pheasant hunting will be better than it was a year ago. There are regional differences, of course. Rabbits, for instance, seem to be scarcer in the hilly section of Ohio. But basically, hunting prospects are bright.

It appears to the biologists that the rise in pheasant populations which began in 1955 is still continuing. In the northwestern section, the best pheasant range, pheasant hunting will be virtually the same as last year—good numbers of birds.

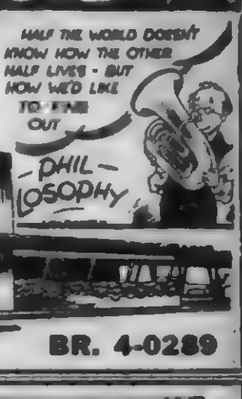
In northeastern and west central Ohio, pheasant populations have increased. The heavy summer rains did not disturb nesting too much, and in fact, aided the birds by hampering farming operations. The wet season provided much food and cover that would ordinarily not be present.

Glaciated Ohio experienced a substantial increase in rabbits this year. This is good news, since the cottontail is the most popular game animal in the Buckeye State. For some reason he did not fare so well in the hill country, so hunting there will not be up to last year's level.

Archers have been hunting deer since Oct. 15, and the gun enthusiasts will have their season Dec. 10-13. Deer hunting will be about the same as last year, when the kill reached 5,000. Ohio's deer herd is continuing to expand, and it is expected that deer will be taken this year in every county in the state. Prime deer country, however, is in the northeastern section and the southeastern area.

Quail and doves were censused by the game biologists even though they are not legal game here. The bobwhites changed little from last year, which means they are very plentiful in many areas. Southern hunters who shoot doves will be happy to know that Ohio produced a 50 percent larger crop of doves than in 1957. This is really a tremendous increase and these additional birds will provide neighboring states with much

Not so much information is available on fur bearers, although raccoons are present in goodly numbers throughout most of the state. This will be good news to the coon hunters, but trappers are still faced with the fact that fur prices are low. There seems to be no significant change in muskrat populations.



Well, that's about the story on what to expect this year. About all we can add is, hunt safely, respect the landowner's property, and good luck!

WORSHIP TOGETHER THIS WEEK

Somewhere in your town a man you may have never seen waits hopefully for you.

He is a minister. A priest. A rabbi. A man used to speaking out . . . making decisions . . . taking action for himself, for his congregation and his community.

But where you're concerned, he can only wait and hope you will come.

He holds something in trust for you—the powerful, crucial *first* introduction to Faith. And he is anxious to pass it on.

The strength and confidence of Faith can mean many things to many men . . . *and* to the families who count on them.

So together with your family start to find that Faith this week.

West High Students Plan 'Have Talent, Will Travel'

West High School will present "Have Talent, Will Travel", its annual student sales tax stamp show, Friday, Nov. 21.

Students may see the production in assemblies planned during school hours, and adults in the evening.

The vaudeville production of 20 acts ranges from comedy routines to vocal acts.

An important source of revenue to the school, money from the event is placed in a general fund and used to finance needed school equipment or improvements.

Proceeds from past shows have paid for such projects as stage curtains, sound-proofing for the cafeteria, audio-visual equipment and all radio equipment.

Admission for students is by $10 in tax stamps or 50 cents in cash. Evening admission is 75 cents.

Central Students Win Scholarships

Two Central High School girls won scholarships to the Columbus Art School in a recent competition.

Alice May Hayden, sophomore, 1002 Gibbard-av, and Mary Ellen Richmond, 1443 Wendell-av, will attend two hour classes every Saturday for one year.

They were sponsored by Central's Bellows Art Club in the all-city contest. Five pupils from each city school competed for the 15 scholarships.

Among life't little surprises is the unexpected snowstorm.

Play's Ending To Surprise Cast

COURTROOM DRAMA—Happenings as of "The Night of January 16th," will be recounted by senior dramatic students of Holy Family High School Nov. 24 and 25 at 8 p.m. A tense scene in the three-act mystery is portrayed by, from left, Mary Knipf, Linda Walter, widows of the murdered man; Lester Lewis, judge; Carmel Florio, accused murderess and Lenny Ebright, her attorney.

A surprise ending, with the cast in as much suspense as the audience as to its outcome, is the unique feature of Holy Family High's senior class play, scheduled for Nov. 24 and 25.

"The Night of January 16th," concerns a young woman on trial for murder.

Since her fate will be determined by a jury of 12, chosen from the audience, there are two possible endings to the play, and the cast will not know until the decision is returned, which ending to enact.

The production is under the direction of Carleen Conrad, English and dramatics teacher. Student directors are Eddie Rees and Roseanne Verolin.

Cast members are Barney Bland, Dick Barrett, Linda Walter, Carmel Florio, John Lind, John Schnieder, Lenny Ebright, Lester Lewis, Joe Oliver, Mary Knipf.

Maryanne Johnson, Chuck Oliver, Pat Kenney, Joan Wolf, Diann Mayernik, Mary Crawford, Jackie Shaner, Roseanne Frank, Joe Sardella, Jim Daugherty, Ray Valentine and Sue Graf.

Central Staff Is Honored By Students

Central High faculty, clerks, custodians and cooks were honored by members of the school's Future Teachers of America on Teachers' Recognition Day, Nov. 10.

Each was presented with carnations, and teachers were relieved of classroom duties for one period during the day by an FTA member. The entire staff was entertained at a tea after school hours.

Bob White, president of the student organization, substituted for Central's principal, L. N. Huber, and Eddie Newkirk, vice-president, was in charge of Howard Reigger's office as vice-principal in the occupational division.

Barbara Beck, FTA treasurer, was vice-principal of the Comprehensive Education Division, replacing Genevieve Griffith.

Office Management Chapter Encourages Better Spelling

More than 20 high schools in Franklin County are participating in a spelling program for business students, sponsored by the Columbus Chapter of the National Office Management Association.

More than 1400 lists of 600 words most frequently misspelled by the beginning office employes, have been sent to students. Two different tests of 100 words each will be given. Those passing both tests will receive the association's Spelling Proficiency Certificate and be guests of the local chapter at the annual Education Night meeting.

Carl Russell, NOMA education committee chairman said that the purpose of the NOMA spelling program is to create a greater interest in accurate spelling among junior and senior secondary school students, who are considering employment in the field of business.

Other members of the cast include: Diane Booth, 63 Starr and Janice Williams, 1060 Neil-av. Also Penny New, 1514 Meadow-rd and Tex Stump, 832 Bellows-av.

Y'S MEN CONVERT LOT INTO BASEBALL DIAMONDS

SERVICE PROJECT — Two good, useable ball diamonds were available for community use during the summer because of the efforts of Hilltop Y's Men. A portion of the new YMCA property on Valleyview-dr near Hague-av, was cleared, disc-harrowed and dragged and 100 pounds of grass seed planted and backstops erected. Y's Men took turns during the damp summer keeping the grass cut and trimmed with the new "Y" tractor, equipped with a rotary mower. In the photo at left, backstops are placed by, from left, Bill Nelson, Roy Agin, chairman of the development and Vic Karl. Stan Ruoff, in the photo at right is shown taking his turn on the tractor.

Your Youth

By Al Hollowell and Bert Kerle

Gra-Y Touch Football league came to a close Saturday with all teams seeing action in both divisions. West Broad won top honors in the North loop as they turned back Westgate 14-0. In the other contest in this sector, Highland and Valleyview tied 6-6.

Darrel Rohrer once more led his team to victory as he threw two touchdown passes to end John Grashel. The other two points were tallied as the West Broad line smothered Westgate quarterback Jud Boley in his end zone. Highland took an early 6-0 lead in their game on the strength of a kick off return by Lawrence Smith. Valleyview tied the count as Phil Johnson intercepted a pass and ran into pay dirt.

John Burroughs concluded the season with an 18-0 win over Binns. Lindebergh broke into the win column as they turned back West Mound 2-0.

President Given Honorary Title By Sesqui Group

President Eisenhower's personal secretary has acknowledged a unique title bestowed on the chief executive by the Lincoln Historical association and the Franklin County Sesquicentennial Commission.

The group voted to commission him "commander-in-chief of Mr. Lincoln's Army and Navy." Spokesmen said the citation will be awarded by Ohioans who have done something to advance patriotism and an appreciation of the study of history.

The president's secretary Ann C. Whitman, responded, "I think you know of the president's dedication to the principles that Mr. Lincoln espoused and of his many tributes to Mr. Lincoln's greatness."

The Lincoln Historical Association has elected Herman Ruckoff as finance officer.

Parents in the neighborhood and Humane Society officers still were searching Tuesday for the stray dog that inflicted the bites. It is described as a black and white mongrel, somewhat smaller than a collie.

Step-by-step instructions are given for repairing a roof, fixing a porch, installing weather-stripping, painting gutters and downspouts, waterproofing a basement, checking a heating system, and many other household repair problems.

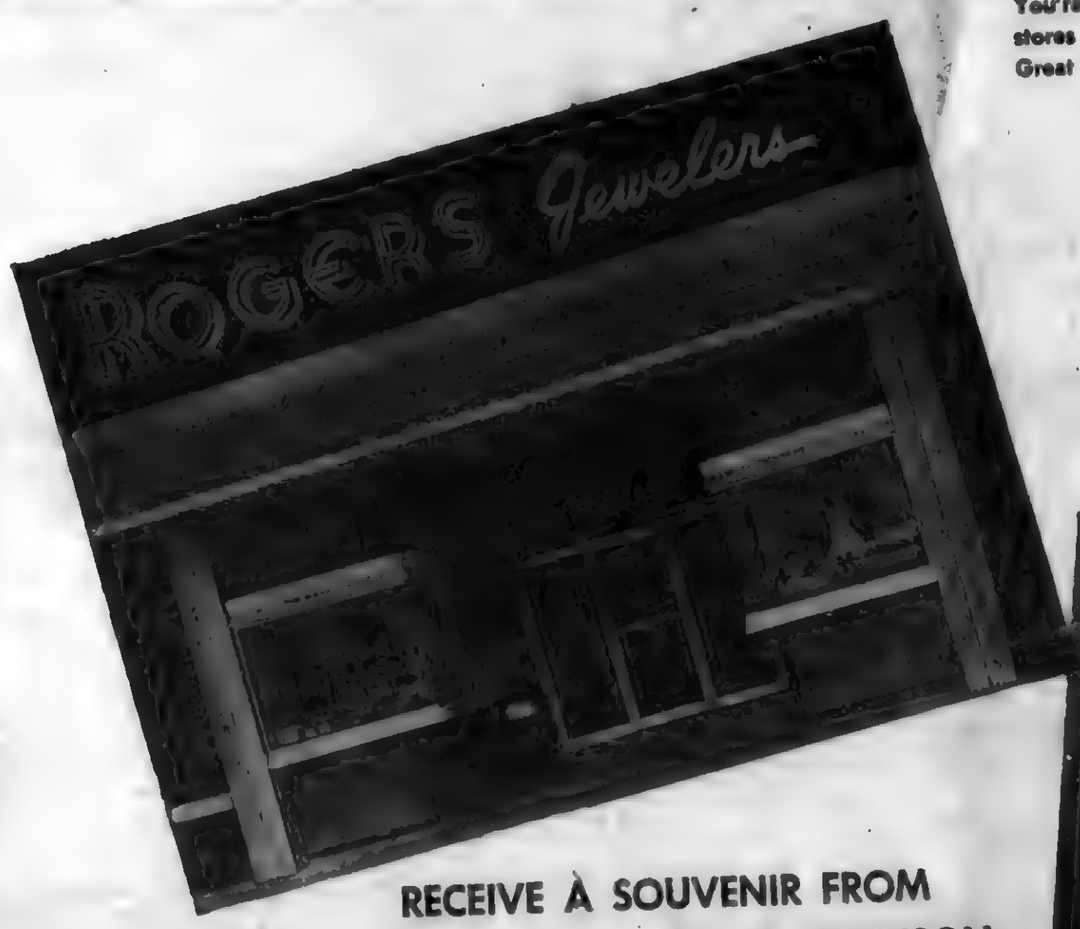
now, with FIVE diamond stores,
Rogers are all around Columbus!



GRAND OPENING FRIDAY 7-9 P.M.

Rogers New Great Western Store

You're invited! . . . to join in the Grand Opening excitement of the newest of the "diamond stores of Columbus." The time and place: 7:00 p.m., this Friday at Rogers new store in Great Western Shopping Center.

Rogers "goes west" Friday to further extend the outstanding and fine merchandise that's been their tradition for 38 years. Now folks from the west side and surrounding towns may combine the convenience of suburban shopping with the confidence they enjoy with a well established well-informed jeweler.

At the grand opening, no merchandise will be sold . . . it's your opportunity to admire the new store and to meet Irwin Johnson, for many years your host on Rogers Anniversary Hour. Later, we hope you'll come to rely on Rogers for fine diamonds, watches, clocks, silverware and special gifts. You'll like Rogers many extras, too . . . watch and jewelry repair, store hours 'til 9 p.m., utility payment service, free gift wrapping and best of all, a budget charge account that lets you take many months to pay.

RECEIVE A SOUVENIR FROM "EARLY WORM" IRWIN JOHNSON

Watch the Earlyworm cut the 10-foot strand of pearls that officially opens Rogers Great Western store at 7 p. m. Friday. The rest of the evening he and his wife, Junie, will welcome each of you personally and give you a clever ceramic Earlyworm (shown at right) as a souvenir. Irwin Johnson has a host of faithful west side listeners . . . he'd love to meet each and every one of you Friday. Come on out!

Will A West Columbus Site Suit New State Office Needs?

GIVEN HIGH PRIORITY by planners for the new $15 million State Office Building is this area just west of Central High School. At a public hearing on site selection last Thursday, a spokesman for the Columbus Area Chamber of Commerce and Metropolitan Committee insisted that this Belle-st site "stands out far above all others." The new building must be five times the size of the present office building (center, background) to meet state needs of 1970, architects stated. In addition, ample parking must be made available. A large building occupied by VA would have to be razed.

STATE-OWNED LAND, now part of the Columbus State School at Central-av and W. Broad-st, has been suggested by local groups as an "ideal location" for the new office building. A representative of the West Side Board of Trade at last week's hearing called it the "most expensive farm land in the state." Located just over a mile west of the Belle-st site, it lies vacant and offers plenty of room for expansion. An extension of Grandview-av may be built through the area in the near future. It will probably connect directly with the Columbus innerbelt. (See Editorial Page.)

School Study Asked; Board Buys New Site

Go-ahead signal for a comprehensive study to determine expected building and expansion needs in the Columbus School system, was given at Tuesday's meeting of the school board.

Building surveys, made periodically by probing the known and expected needs for new or larger schools throughout the city system, are used to chart the school expansion program for a three-year period.

Last survey, made in 1956, resulted in the $12,900,000 bond issue, used to finance a construction program for 1957, '58 and '59.

Preceding studies in 1953 and, earlier, in 1950 has guided the enormous building and modernization program of Columbus schools.

Administrative staff, proceeding immediately with the project, will retain Ohio State University Bureau of Educational Research on a consultant basis, to be sure its reasoning and recommendations are in harmony with modern trends.

Dr. Bibling, in asking for the survey, explained to the board, "A new survey has become necessary because the city of Columbus and the City School District have grown more rapidly since 1956 than at any other time in their history.

"In spite of the fact that the study has been substantially sound, it is necessary that additional information based upon recent changes in the city be secured so that the program may be continued on a well-planned basis."

Schools Acquire $24,000 Location

Purchase of an eight-acre tract of land south of Georgian Heights, from the Jones Flying Service by the Columbus Board of Education, cleared the way for construction plans of a new elementary school.

Bought through Gomer Jones, president of Jones Flying Service, for $24,000 the land will be the site of a nine-room building planned to house youngsters from the Georgian Heights area.

Completion of the school is definitely expected before school opens next September, and perhaps before the end of this school year.

Location is bounded on the north by Sexton-dr, on the west by Georgian-dr extended south, on the east by Savannah-dr extended south and on the south by an imaginary line approximately 1000 feet south of and parellel to Sexton-dr.

Buck Win Complete Surprise To Football Contest Winners

Disloyal Ohio State fans who picked the Hawkeyes to drub the Bucks were the unlucky losers in this week's Record-News football Guessing Contest.

None of the first three finishers picked the winner of the Ohio-Iowa game correctly. Each also missed the upset wins by Nebraska over Pittsburgh and Minnesota over Michigan State.

Finishing first was Gene Young, 197 Guernsey. He was followed by Marion Brandenberger, 2035 Whitehead-rd, and Bea Till, 197 Guernsey.

Winners, in the order of their placing, are eligible to receive $10 in cash, a lube job and oil change for a passenger car from Hilltop Motors and $5 in merchandise from Raymond Schulze's Grocery.

Local football fans have only two more weeks to enter the contest before all attention is turned toward basketball and other winter sports.

Football prophets correctly picking the winners of games listed in this week's paper will be eligible to receive $10 in cash, a free turkey from Bill White Motor Sales and a box of Cigars from Essex Pharmacy.

Predictions are already in on this week's games. These winners will be awarded a choice, in the order that they finish, of $10 in cash, a wrist watch strap from Fritch Jewelers and

School Tunnel Installation Expected Early Next Month

Casting of concrete pipe for a $30,000 pedestrian underpass to be built beneath the railroad south of Westmoor and Valleyview schools will be finished about Nov. 21.

Designer Carl Gibson said the 80-inch high tile had to be custom made and properly cured before installation. The contractor will not dig the necessary pit for installation of jacking equipment until the last minute, Gibson said, as a safety precaution to children, playing nearby.

"We expect to start the installation early in December," said the city parks architect, "and then it will be an around-the-clock operation." He explained that the 110-foot tube will be slid under the tracks on rails at the rate of six to nine inches an hour. "We will definitely finish the job in time for opening of Westmoor school on Feb. 1," he said.

The department also will build a 40-foot bridge over the creek where N. Huron-av. dead ends. This will serve as the main access for children who must cross the tracks to school.

Surprise Farewell Gathering Held For Sunshine Director

"We will miss you" — that was the theme of a surprise supper given for Mel Dodge at Sunshine Recreation Center last Tuesday evening.

A room full of friends, neighbors and associates gathered to honor Dodge on his promotion to a city-wide post as recreation supervisor. He has served as Sunshine director since July, 1951. No successor has been named for filling the vacancy.

"He picked up this center and made something out of it," said N. J. Barack, city recreation director in a glowing tribute. Dorothy Jones, department supervisor added, "The whole center reflects his ability to handle a tough job . . . now people all over Columbus will benefit from his work."

Jerry Fedderson, supervisor, praised Dodge for "often going out of his way to help other people."

Other tributes were given by Emmett Beely, of the city recreation commission who was emcee; and Homer Johnson, president of the Sunshine Advisory Council, Jack Miller, representing the Sunshine staff; and Sandra Bragg of the Teenage Club.

Dodge thanked the group for its support through the years. He and Mrs. Dodge were given several gifts and a decorated cake.

It was announced that Barbara Robinson would soon leave the staff to begin special services duties in Germany.

Following the pot luck supper a special ballet written by Dora Rosenfeld in Dodge's honor was presented. The dancers, Susie Turner, Sandy Bragg, Michele Ryan and Judy Turner, depicted the various center activities.

Columbus is among the top cities of the nation in its sharing with the less fortunate at Christmas, said Robert R. G. Meade, district scout executive.

STATE ALREADY OWNS GOOD BUILDING SITE

If a miss is as good as a mile, why not go out two miles?

That is our thinking on the matter of selection of a site for the new $15 million state office building. To repeat our editorial stand of Aug. 27 we believe the vacant Columbus State School lands hold the most practical and economical answer for the taxpayer.

At last Thursday's public hearing on site selection it was brought out that a building five to seven times the size of the present S. Front-st office would be needed to bring all state departments under one roof in the foreseeable future.

Admittedly, a spot right next to the present office building or the State Capitol would be the best as far as convenience is concerned. But the gigantic space requirements for building and parking seem to rule out all this 'togetherness'.

At Thursday's meeting Paul R. Gingher, speaking for the Columbus Area Chamber of Commerce and the Metropolitan Committee again promoted an old favorite . . . the site just west of Central High School. As a compromise between proximity to downtown and the needed space, this is a step in the right direction. But, is it the complete answer?

In this age when people are inclined to use a car to travel more than one block, we doubt that many would 'hoof it' to the other bank of the river on business matters.

The site, while excellent in many ways has its share of obstacles. It is now walled in by Central High School on the east and a railroad and homes on the west. (The Central athletic field may even be periled with later expansion moves.) Much time-consuming negotiation with the Federal government might be necessary before tearing down the large VA building between Bell and Starling-sts. Several homes and businesses would have to go. Broad-st traffic from the high school and new Veterans Memorial building already is a knotty problem. And, no one has proved that the area is immune from another "flood of 1913."

This raised the question, "should the desire to include the proposed State Office building in an aesthetic setting, "The Civic Center" preclude locating it in wide open beautifully situated land at Central-av and W. Broad-st?"

Soon to be served by the nearby Sandusky-st expressway and possibly by an extension of Grandview-av, the land seems to provide perfect elbow room for the future. As Bob Miller of the West Side Board of Trade put it at the meeting last week, "It's now the most expensive farm land in the state."

No red tape would have to be cut . . . the state already owns the land. Nobody's home and no federal buildings would have to be torn down . . . the land lies idle. By expressway, it would be less than three minutes from downtown.

If economy in government is what we really want, this is an excellent place for the new administration to apply it first.

BIBLE COMMENT

History Will Judge Pope's Role, Stature

Men of good will of whichever faith they profess cannot but wish well for Pope John XXIII as he begins his reign as spiritual leader of the world's millions of Roman Catholics.

Angelo Giuseppe Roncalli, third of 13 children of an humble Italian family, takes the helm of the church of Rome at a grave hour in history for all Christendom.

In the days of our years we see the line being irrevocably drawn between the kingdom of God and the realm of atheistic communism.

Within our own society the eternal struggle between good and evil is highlighted by values placed on materialism as opposed to the eternal values as proposed by Jesus of Nazareth.

To both those struggles, Pope John is committed utterly.

Considering his avowed dedication to the pastorate, to ministering to the people, it may well be that his greatest influence will be felt within the workings of his church.

It may be, though, that his abilities as a statesman will be required increasingly in his ministrations.

Whichever way he turns, he cannot but leave a mark on our times.

It will be for history to judge his stature in Christendom.

Commissioners-Elect State No 'Sweeping' Changes

By DAVE HESS

County Commissioners-elect Nathan A. McCoy, Jr., and D. J. Kunz, currently mayor of New Rome, concurred in the statement that they did not foresee any radical turnover in personnel at the Court House, following their installment in office.

"Of course," said Kunz, "there will be some changes made, but I don't think it will amount to a sweep." The New Rome chief executive probably will take office by Dec. 1, having been elected to fill a vacancy, but McCoy won't assume his commissionership until Jan. 1.

McCoy attributed the Democratic sweep in the county to the controversial Right to Work issue which he said resulted in a greater turnout of Democratic voters who otherwise might not have registered. McCoy, incidentally, had maintained a firm stand against the issue.

Kunz, while acknowledging Right to Work as a probable attributive cause to the Dem sweep, said he thought "people were awaiting a change in the county government; there was a lot of irritation at the financial difficulties which beset the commissioners' office."

Commissioner-elect McCoy said his first endeaver after his installation will be to "straighten out the trouble that the Children's Welfare Home has been having. Now that the welfare levy has passed, maybe we can do something to get those kids out of the predicament they've been in due to lack of funds. After all, it isn't their fault all this trouble has occurred.

McCoy said he didn't anticipate any important changes in the personnel of the County welfare department. "On the contrary," said McCoy, "I think Mrs. Cady and staff have been doing a wonderful job, especially considering the chronic shortage of funds they've had to contend with."

McCoy proposes to see that the two cottages at the Children's Home which were closed for lack of money will be opened "right after the first of the year." He also hopes to get the new receiving center opened, "so that the kids won't have to be subjected to the administrative and judicial procedures downtown."

When queried regarding his first project after taking office, Kunz said, "The first thing I want to do is make an informal survey of the office and get acquainted with the other agencies over which the commissioner's office exerts authority. Actually, until McCoy takes office Jan. 1, control of the county will still be in Republican hands."

Both men averred that they had no aspirations to higher office at the present. Their primary aim, they said, was to "do as good a job as possible and be of service to the people of Franklin County."

Letters To The Editor

United Community Council Praises Papers' Role In Election

On behalf of the United Community Council I wish to say thanks for the tremendous support of the Child Welfare Levy by your newspapers. Your efforts in bringing this vital matter to the attention and concern of the public contributed much to the success of the levy.

We appreciate the special effort you made in sending a photographer to Franklin Village.

The approval of the levy means that many needed child welfare services will be restored. But the levy is only an emergency solution to a crisis. The financing of essential welfare services must still be put on a sound and stable basis.

The United Community Council will continue to work toward a long range solution to the welfare problems facing our community. Budget and service programs of the Franklin County Child Welfare Board and the Franklin County Welfare Department are under study. We are cooperating with these agencies and with county and city officials in developing the highest possible efficiency in administration and the highest possible quality of service.

Special attention is being given to the 1959 budget requests of both agencies. The United Community Council will participate in budget hearings with county and city officials for the first time. The UCC renders the community a valuable service by budgeting United Appeal funds in accordance with the overall needs of the community. We welcome this new opportunity to provide similar assistance in the budgeting for tax-supported welfare services.

Without your fine cooperation the Child Welfare Levy could not have passed.

Pirates Gave Good Show Despite Loss

By Chuck Boulanger

Another football season has drawn to a close and the Pirates of Central were what many would call a "so so" ball club.

They didn't win any championship but did score a big upset in the victory over Linden not to mention wins over St. Charles, West and Marion-Franklin.

Then there were those games in which either offense or defense failed to hold.

There were some bright spots this season—the tremendous running of Hank Hairston, the punting of Dave Brockmeyer, the defensive work of Jerry Robertson, Leon Coleman, Eddie Parks and the rest of the defensive team, and also the quarterbacking of seniors Phil Stobart and George Heery.

It also gave much-needed experience to those underclassmen who went out for the squad.

Players making their last appearance in a Pirate uniform in the Marion-Franklin game were Don Van Cisaf, Leon Coleman, Dave Tweedy, Ed Newkirk, George Heery, Gordon Harris, Ed Kendall, Walt Alexander, Henry Hairston, Norm Myers, Ted Ellington, Jerry Strickler, Phil Stobart, Jerry Robertson, Paul Jackson, Victor Hart, Bill Penick, Walt Stewart, Ray Chapman, Otis Glover, Dave Brockmeyer and Charlie McCargish.

Central Sees Good Season For Netmen

Pirate cagers who last year went to the finals in the district and lost a heart breaker to North's Polar Bears should be rated this year as a team with good height and a great potential.

Wayne Rittenhouse, now in his sophomore year as coach, has many prospects from players returning from last year's squad and also from last year's impressive reserve squad, not to mention the new sophomores of this year.

Returning from last year's varsity will be seniors Otis Glover, Wallace Chandler and Hugh Lynch, all lettermen. Also returning are seniors Bill Lewis and Ernie Hicks.

Eddie Tucker, who lettered in his sophomore year and Herman Reeves are the returning juniors.

Up from last year's reserve squad are: juniors, George Chilton, Fred Gray, John Hillman, Gary Jewell, Jerry McGee, Steve Morlan, George Moxley and Cardell Steward; sophomores, Roosevelt Coffey, and Jim Gunnell.—by Chuck Boulanger

BOY SCOUT NEWS

Twenty Scouts and five dads of Troop 357 of Hilltonia EUB Church are making weekly trips to the headquarters of the Southeast Conservation Club on Hart-rd.

The idea began when Elden Koehler, outdoorsman of the troop committee, found that many of the boys were interested in hunting but were inexperienced in gun handling.

He contacted Al Darst of the club, who made instructors and materials available for the state-approved course put out by the National Rifle Association.

After four indoor and one outdoor sessions and passing an examination, the boys will be given a patch and a certificate stating they are competent gun handlers.

Pack 357 Sets Potluck

Cub Scout Pack 357 of Hilltonia EUB Church will have a potluck dinner at Westgate Park closed shelter house Thursday, Nov. 20, from 6 to 9 p.m. Opening and closing exercises will be given by the Webelos Den, led by Harold Doane and William Fisher, assistant cubmasters.

Juniors Win; Game Slated With Linden

Hilltop Lions Little League gridders ended their season Saturday, crowning the Ohio State Juniors as champs. They won six and lost none.

In Saturday's contests the Ohio State Juniors beat the Lions 20 to 0 and the Yellow Jackets took the Browns 14 to 6.

Season high scoring honors went to Don Shoemaker of the Jackets, who totalled 58. Close behind was Jim McMillen of the same team with 48. Others rating places were John Reiner, 46; Roger Nelson, 36; Norman Caune, 34; Rod Chrisman, 30; Bob Leach, 30; Bob Barnhart, 18.

There will be an All-Star game Saturday, Nov. 22, at Whetstone Park between an aggregation from the Hilltop league and a similar group from the Linden Lions league. The free game will begin at 9:30 a.m. and everyone interested is invited, said George Blackmore, Lions advisor.

Manor Teens Need Coach At Westgate

Westgate Manor football team and cheerleaders want to go caroling for Christmas, but they lack a music coach.

The 12 girls and 12 boys plan to entertain Manor residents with a program of carols under the street lamps which line Wedgewood-dr throughout the Manor. The lamps will be furnished with colored bulbs. A student in music or anyone with vocal training who could spare one night a week would be satisfactory, according to Mrs. Viola Swanson, advisor.

The team and cheerleaders belong to the Westgate Manor Athletic Association which formed last month out of a need for teenage recreational outlets in this area. The association plans an election of officers Sunday, Nov. 23 and will begin charging nominal dues to help pay for the purchase of a basketball.

Harry Jacobs of the Bearcat League has offered to help them set up their own leagues, according to Mrs. Swanson.

The association is still searching for a suitable building for dances.

Kids Attacked By Head Lice

Parents of a number of Westgate School students are armed with fine-toothed combs and various remedies these days, attacking with vigor the source of their children's discomfort.

A mild epidemic of head lice in the school is responsible for the afflicted youngsters' enforced vacation from classes.

Family physicians are prescribing safe, fast-acting medication and advising that the unfortunate youngsters be isolated from others.

Head lice are very contagious and isolation, plus treatment, are suggested to control their spread.

There's "food for thought" in a Thanksgiving Day visit to your house of worship

TODAY far too many of us think of Thanksgiving in terms of food and football—overlooking the fact that there is so much more food offered than that which is placed on the family table. For there is much "food for thought" as well.

Thanksgiving is a time to take stock of life's blessings . . . to take a bright-eyed child on your knee and talk to him quietly of things that really matter . . . of his great American heritage and the promise it holds for him. It's a time to take your whole family to your church or synagogue for an hour of prayer and thanks that will make your holiday mean so much more.

True, our lives are far removed from those of the Pilgrim Fathers. We live in the uncertainty of the Atomic Age. But we also live in the abundance of 20th Century America. Has any one of us so much or so little that he cannot find room or time in his heart for thanks?

This Thanksgiving, why not take your family to your church or synagogue? Wherever you are . . . whatever your beliefs may be . . . take time to offer your word of thanks.

BUILD A STRONGER, RICHER LIFE...

Worship together every week!

Kunz Faces Vote Recount

New Rome mayor and apparent county commissioner-elect D. J. Kunz is clinging to his new post by a 21 point margin with Republican opponent Lytle G. Zuber asking for a recount.

The party's executive committee has already posted $11,420, a ten dollar fee for a recount in all of the county's precincts.

According to the official count, Kunz has 85,896 votes to 85,877 for Zuber. If Zuber fails to gain at least four per cent in each of the precincts, the party loses the $10 which it has posted.

The recount will start next Monday at 8:30 a. m., according to the Board of Elections.

LETTER TO EDITOR

School Head Voices Thanks

The Columbus Public Schools greatly appreciate the publicity and support given the 3.8-mill school levy by the Hartley newspapers.

The Board of Education and the administrative staff of the schools were confident that the people, when fully informed, would favor the program incorporated in the levy.

The fact that the issue was approved by 63.8 per cent of the voters indicates that the vigorous efforts of hundreds of individuals and newspapers such as the Hartley publications were very effective.

Passage of the levy will make it possible for us to maintain our present educational services and to carry out an improvement program during the next three years.

Again may I say thanks for a job very well done.

RESERVE IS REVIEWED

Broncos Made Progress This Year

By BOB WILCOX

West's Reserve football squad, greatly improving on their 1957 four wins, three losses and a tie record, had themselves a pretty fine season in 1958 . . . at least quite a bit better than the 'parent' Cowboy varsity. The Broncos won six and lost three.

Using entirely sophomores most of the time, with some second and third team varsity men in a couple of games, the Broncos carried a 37-man roster through the season. Their coach is Bob Brown, who this year 'specialized' on the backfield, while his student-teacher assistant, Bob Kern, handled the line. Brown had six men returning at the beginning of the season from last year's reserve squad . . . three linemen (Bob Wilkinson, Eric Marlow and John Peterson), and three backs (Leon Evans, Jerry Hummell, and Bob Saint).

Pre-season high expectations were held by Brown for Don Birle, Jan Greer, Rick Banker, Stew Randall and Bill Hill. Fine unexpected development was quickly shown by Gary Clark and Alwood and they kept progressing throughout the season. "Big" Dave James (6'6" - 210 lbs.) showed potential early in the year, but didn't see too much action over the season due to injuries.

The Broncos' offense was much the same as the varsity's . . . although they occasionally (and quite successfully) used the lonesome end made famous by Army and Duke this season. Their "bread and butter" play was . . . the quick hitter or opener, the sweep and the trap play, in that order.

Defensively, they used a wide variety of systems . . . the Oklahoma, 7-Diamond, Split-6, and 6-3-2. Great results were accomplished by the defensive unit over the course of the season as they developed a set of "games" that they used during practice sessions for defensive drills. They especially showed results in their last few games . . . and their upset of unbeaten East in the season's finale.

Back on the offensive side of the ledger . . . the leading groundgainers were Saint, Evans and Bill Hill, all accounting for at least two long TD jaunts. Passing was something that the West varsity sorely lacked (at least until their final game with East). Although the Reserves didn't pass extensively, they did show some promising throwers that may hold the remedy for the varsity in their strong right arms. Some nice heaves were seen in the North contest.

Blessed with two passing "specialists," Bob Ross handled the short passes from the quarterback slot, while fullback Hill handled the long heaves . . . usually the latter from the spread or short punt formation. Banker (who can also throw that pigskin and did some for the varsity) and Alwood, the starting ends, were the favorite receivers. In the North fray Banker, from the lonely end formation, took two throws of at least 40 yards apiece for TD's. Hill did the throwing.

Other ball carriers showing promise were Clark, Hill, Earl Aber and Jim Thornton. Hill and Aber handled the punting chores with fair success, but show promise of improvement. Wilkinson did a fine job on centering the ball back on punts. Saint handled the kickoff job with some nice long, high boots.

The defense stalwarts were Bill Paske, tackle-linebacker; Birle, linebacker; Jan Greer, linebacker; Aber, halfback-linebacker; Banker, halfback; Hill, halfback-safety; Stew Randall, tackle, John Peterson, tackle; Tim Skorer, end, and Saint, halfback. Banker led the blocking brigade in efficiency followed by Birle, Greer, Marlow, Peterson and Wilkinson.

Their favorite pass pattern was the "quickie" over center for short fast gains and the sideline 'down and out'. And of course the lonely end-spread paid off some handsome dividends. Their passing attack was fairly successful, but not often used.

Their normal starting lineup would like this: Banker, LE, Randall, LT, Birle, LG, Wilkinson, C, Greer, RG, Marlow, RT, Alwood, RE, Ross, QB, Evans, LHB, Saint, RHB, and Hill, FB.

Vic James (broken leg) and Steve Waidelick (broken collarbone) were their most serious injuries all year; and both boys, injured prior to the Central game, would have been a big asset in the last half of the season. Both could play varsity next fall. Boys who didn't see too much playing time but could develop into fine ballplayers by next September are Jim Morris, Harold Green, Kenny Rovias and Dave Duerler.

Odds and Ends Comments . . .

The Broncos played pretty good ball most of the year. (They played on Tuesday and Thursday afternoons . . . meeting the opponent that the varsity had played the previous Friday night.) Their 'darkest' period came at midseason when they lost two in a row; however they had seven men out with injuries at the time. They "pointed" to down Aquinas (who eventually took this year's reserve championship), but got beat. However, like the varsity, they showed their class late in the season. Besides racking up a tough Upper Arlington crew 36-6, they shut out North and East (the latter quite an upset and knocking them out of the title) in their last two outings. All in all, the Cowboys should reap some "harvest" benefits, especially in the aerial game, from this year's successful reserve squad.

Their scores this year . . . Linden McKinley, 14-0, Eastmoor, 30-6, South, 6-22, Central, 0-14, Arlington, 36-8, Watterson 28-6, Aquinas, 6-26, North, 20-0, and East, 26-0. The Broncos scored a total of 180 points in nine games to their opponents' 84, or they averaged 18 points per game as compared to nine per game for the enemy.

This year's West Reserve Roster and their positions: Earl Aber (E-HB), Gary Alwood (E), Bill Ardle (G), Rick Banker (E-QB), Don Birle (G), Gary Clark (HB), Ed Diedrick (E), Dave Duerler (HB), Leon Evans (HB), Tom Galloway (G), Jan Greer (G), Harold Green (G), Roger Helmick (T), Bill Hill (FB), Jerry Jummell (FB-HB), Dave James (T), Vic James (E-T), Joe Mann (E), Eric Marlow (T), John Mathew (T), Burr Miles (E), Don Milano (C), Bob Montgomery (T), Jim Morris (G), Art Newkirk (C), Hand Newkirk (HB), Bill Paske (T), John Peterson (G-T), Stew Randall (T), Kenny Rovias (FB), Bob Ross (QB), Bob Saint (HB), Jim Thornton (HB), Steve Waidelick (G-T), Bob Wilkinson (C), John Williams (FB), and Dennis Dawes (E).

West Cagers Will Start Play Nov. 28 At Newark

From a turnout of about 70 candidates on Nov. 1 (with about 20 more joining them after the football campaign ended), the West High varsity basketball squad has now been cut to its final 13 members for the '58-59 season.

Remaining are Jerry Spears, Dave Brady, Don Uldricks, Ray Horky, Roger Street, Bill Castle, Tom Hartranft, Bob Wesley, Terry Briggs, Charles King, John Peterson, Rick Posey and Ted Miller.

The Reserve team has just more recently started daily drills since the end of football.

West opens its season on the road against their traditional "first foe," Newark on Friday, Nov. 28. They don't open at home until Dec. 9 against Eastmoor.

Meet The Cowboys

Jerry Spears III, known to his teammates as "Casper", is 16 and will graduate from West in June, 1959. He lives with his parents, Mr. and Mrs. Jerry Spears, at 3909 Fremont-st. He maintains about a "B" average in his schoolwork.

Jerry's father was an All-Ohio baseball and basketball player while at West. Foregoing football because of an injury in high school, he later played it at Ohio State. He has one of the city's foremost funeral establishments. Jerry's mother, before her marriage, was a singer with several name dance bands, among them being Benny Goodman.

Jerry has played two years of varsity football and one of reserve. As a reserve he played offensive tackle, but no defense. On the 1957 varsity he played tackle both ways. This year he was shifted to offensive end and played middle guard on defense. He also played one year of reserve and two years of varsity basketball at forward. His size adapts him well to these positions as he stands 6'5" and weighs 195.

He is a member of the Glenwood Methodist Church and the M.Y.F. there. He loves water skiing, boating, hunting, swimming and tennis. Born on the Hilltop, he moved to Upper Arlington in the fourth grade and then to West Jefferson before moving back here to stay. He finished his elementary school at Westgate and then attended West Junior and Senior High School.

Jerry says he may attend a prep school (possibly Kiski) a year before going to college, probably Ohio State. He would like to continue to play football and basketball. After working for his dad part-time over the years, he has decided to follow in his footsteps as a funeral director.

Rain Didn't Stop First-Day Hunters

INSIDE ON THE Outdoors
By ROD COCHRAN

The weather predictions were correct, and opening day of the upland game season dawned cloudy and warm. Before anybody was in the field long, he was wet from intermittent showers. The weather didn't dampen any hunter's enthusiasm though, as central Ohio nimrods were out in force.

With hunting conditions far from ideal, hunters were successful for the most part. Pheasants were more drought than usual to flush from dripping cover, but birds were there for the hunters seeking shoot out. Hunters seemed to do better early in the day, before it started to rain too much.

Dogs Prove Helpful

A well trained hunting dog is worth his weight in gold on a day like last Saturday. On a warm, moist day game scenting conditions seem to be ideal, and oftentimes a dog does his best work. I talked to several hunters over the weekend, and those who own dogs found plenty of game—both birds and rabbits.

One hunter I encountered, who works at the Army Depot and who asked that his name not be mentioned, had a dog with him the first day but had a miserable time. He made the mistake of buying a beagle just two days before the season opened.

The dog was strange and untested. He kept running back to the car, with the hunter chasing him, all morning. Nothing can quite equal the sport of hunting over a good dog, but on the other hand nothing is more trying than taking an untested or untrained dog to the field.

Deer Hunters Score

Upland gunners have the spotlight this week, but the deer archery hunters are still in there trying. This is perhaps the toughest hunting there is—taking big game with bow and arrow. Two local hunters, Dave Smigelski, 148 Thurman-av, and Richard E. Grindley, 2316 Bancroft-st, have scored so far this year. Grindley got his buck with one arrow in Meigs County.

It took a little doing for 16-year-old Dave Smigelski to bring his doe to bag. He was on a hiking jaunt in the Hocking County hills near the family cabin. Dave spotted a buck and doe in a small clearing, and he had left his bow and arrows in the car over a half mile away.

Moving quietly as possible Dave sprinted for the car. On his return Dave found the deer gone, but perseverance paid off. He sat down behind some cover and waited. In about a half hour the doe returned, and Dave let fly an arrow at about 15 yards range. He scored a hit in the neck and the deer fell after leaping a few yards. This is one hunting season and trophy Dave will never forget. Nothing is quite so exciting as your first deer, particularly if you take him with bow and arrow.

With the deer archery season about a month along, the Division of Wildlife reports that bow hunters may take more deer than last year when 86 whitetails were felled by arrows. So far this season, 11 deer have been reported—all taken in different counties.

Slightly wet but happy opening day hunters, left to right, Ray Martin, Frank Valentine, and Ralph Holbrook. The lucky trio had a limit of rabbits after hunting an hour and a half—pheasants were a little tougher to find in the wet cover, and they bagged only one.

Food Markets This Week

by
Mrs. Estelle B. Franks

Plentifuls: Turkey, chicken, pork roast, medium eggs, apples, cranberries, Emperor grapes, sweet potatoes, celery, squash, turnips, leaf lettuce, walnuts.

TURKEY, TRIMMIN'S AND . . . THANKFUL HEARTS

Next week we'll be gathering in family groups at the festive board, just as the Pilgrims did way back in the autumn of 1621. It is also an appropriate time to pause and give thanks for the great abundance of foods available to us this year.

Your holiday food shopping will be fun . . . so much to choose from at reasonable prices. Perhaps your first concern is the meat. Plentifuls to choose from this year include turkey, chicken, and pork.

Shall It Be Turkey? This year's plentiful supply makes turkey a good buy. The large whole turkey will be the better buy in terms of cost-per-serving, but the size of your family may well determine the size turkey to purchase. Here's a good "rule of thumb" for buying the right amount. If the turkey weighs less than 12 pounds (ready-to-cook weight) allow three-fourths to one pound for each serving. If it weighs over 12 pounds, allow one-half to three-fourths of a pound for each serving.

If you buy chicken you can plan on getting one and a half servings per pound from fryers, and two servings per pound from roasters.

In either turkey or chicken, look for plump, meaty birds with clean, moist skins free from pin feathers and with pliable breast bones.

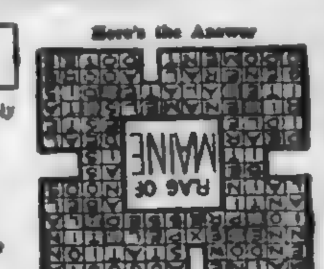
Ham or pork roasts, with bone in, will yield about two to three servings to the pound. Without bones they will provide three to four servings to the pound. Look for cuts that show a high proportion of fine-grained lean meat. Avoid too much fat.

FRUIT AND VEGETABLE HINTS

Sweet potatoes are always good with turkey. If you serve them mashed, add some orange juice and butter to them, with a sprinkling of nutmeg.

Creamed onions are on many a Thanksgiving menu. Give them an added dash with a sprinkling of mace.

Having mashed turnips? Our local turnip crop is big and of fine quality. Brighten their flavor by mixing them with a generous amount of parsley.



Also in good supply are greenhouse vegetables — both leaf and Bibb lettice, watercress and tomatoes. Your dinner wouldn't be complete this year without apples in some form, and, of course, cranberries. Both are bargains and never better in flavor than during November.

Forrest Patterson, principal of Whittier School, Westerville, will be moderator of a symposium on "How Can PTA Secure the Highest Educational Advantages For Every Child?" when the Franklin Suburban Council of Parent Teacher Association meets at the Central YMCA at 8 p.m. Tuesday evening, Nov. 25.

Members of the panel will be T. G. British Brides' Group To Meet, Elect Officers

The Transatlantic Brides and Parents Association will meet Friday, Nov. 21, 8 p.m. at the Central YMCA for its annual election of officers and evening entertainment. Husbands will be welcomed at this meeting.

The organization, which is open only to former British subjects, was founded a year ago in Columbus and was the first of its kind in Ohio. Founded here by a former West Side resident, the club is a branch of the TBPA founded in England in 1946. Mrs. James W. Armstrong, of 902 S. Front-st, is the current president.

The chief purpose of the club has been to provide British brides and their families of American soldiers, a chance to visit their homeland from time to time at reduced rates by working as a cooperative group. Any British born person interested in joining, should contact Mrs. Hazel Fritsche, at AM. 7-6745.

ESTATE ANALYSIS

One of the most important services which a life insurance agent can provide is an estate analysis. This affords the policyholder an opportunity to make sure that the best possible use will be made of his life insurance estate.

'MOUND-ST. SQUEEZE' ON WAY OUT

TACKLE BOTTLENECK—City maintenance workers have taken action to remove a danger spot on W. Mound-st, near Wayne-Ave. Westbound motorists often found themselves playing a game of "Chicken" when the four lanes become three in the sharp curve. The new curb is being cut back seven feet into unused right-of-way, said City Engineer Robert Werner.

Mayor Plans To Run Again; Flays Publicity He's Getting

Hilltopper M. E. Sensenbrenner at Council meeting Monday night declared his intention to run for another term of Mayor of Columbus.

"I'm more determined than ever to prove that I'm not a power-grabbing mayor and that I have the citizens of Columbus behind me," Sensenbrenner told Hartley Newspapeers Tuesday.

The mayor scored the tactics of some "who are trying to tie me in with the charter revision study."

The revision committee lately has recommended that much stronger control of city matters be delegated to the mayor.

"I haven't had anything to do with the charter meetings, except to say to some of the members that I don't think the mayor should be 'hamstrung' in his job," Sensenbrenner declared.

"After all, if such a thing were incorporated into a new charter, all mayors after me—Democrat or Republican—would use it. You'd think this charter was being drawn up for Sensenbrenner, the way they're writing me up."

The mayor restated his belief that the time has arrived when the city should have political representation from all parts of the city.

New Depot Under Way

Yellow Transit Co. has started construction of a new $200,000 trucking terminal on Sullivant-av.

The 26-door depot is located just east of the new Sullivant Avenue Armory.

Carl Wittendorf, 830 Miriam-dr, W. terminal manager, said the hauling center should be ready for occupancy by March 1. He said the building will be of brick-faced concrete block situated on a nine-acre site.

The firm of 20 employes, with offices at 371 W. Mound-st., recently took over the Michigan Motor Freight lines. It hauls through nine states from the Gulf to the Great Lakes, Wittendorf said, and operates 26 terminals.

Freight pickups and distribution for the entire city will be handled at the depot, which will replace rented quarters.

Grand Jury Indicts Local Man For Death Of Youth

Charles W. Pedigo, 23, of 1460 Marsdale-av, was indicted for second degree manslaughter by the grand jury Monday in the Sept. 23 death of Larry K. Davis, 12, of 2595 Clime-rd, in an accident occurring on Clime-rd, west of Harrisburg-pk.

The Davis youth was walking with a companion on the way to a Scout meeting when he was struck by Pedigo's auto when the latter was passing another car, said sheriff's deputies. The deputies charged him with failure to keep a clear distance ahead, speeding and reckless operation.

Traffic Light, Re-Routing Of Bus Asked At Council

Suggestions for the installation of a new traffic light on Sullivant-av and the re-routing of Sullivant Avenue buses were introduced at Hilltop Community Council meeting last Thursday night.

Mrs. Don McVay, representing Westgate School PTA brought up the need of a traffic light on Sullivant-av, at either Brinker-av or Westgate-av, for the protection of school children.

A check with the office of City Traffic Engineer revealed plans, now in progress to extend the new traffic signal system to the Hilltop, include the installation of an additional light on Sullivant-av.

The spokesman expressed the possibility that the signal might be installed at Westgate-av.

A suggestion that Sullivant Avenue buses be re-routed was made by Mrs. Ray Cave on the grounds that both Sullivant Avenue and Mound Street lines now circle Westgate Park.

The idea of continuing Sullivant Avenue coaches west on Sullivant to Westgate Manor was offered as providing better service than the present duplication of routes.

Victims Of Blast In Fair Condition

Two Westside men were reported in fair condition Tuesday at Mt. Carmel Hospital with severe burns received Sunday when one of them struck a match, touching off gasoline fumes.

Danny Conley, 26 of 262 S. Grubb-st and Kenneth Smalley, 25 of 111 Hawkes-av were burned on their faces, arms and hands in the explosion.

One of the men, removing a drained gasoline tank from a a car in Conley's garage struck a match to light a cigarette.

Localite Escapes Serious Injury In Train Smash

A Hilltop woman was one of five who narrowly escaped serious injury or death Monday when their car was struck by a freight train on the Oakland Park-av crossing of the Pennsylvania RR, near Westerville.

Mrs. Hazel Spitler, 57 of 328 Josephine-av, was treated for minor injuries at University Hospital and released.

One other passenger was also treated and released at University. Three others escaped injury.

Mrs. Spitler's husband, driver of car, said he didn't hear the train whistle or see the train, moving about 18 miles an hour, until he pulled onto the tracks, according to Deputy Fred Snouffer.

The train hit the car broadside.

The anniversary summary sent by the Missions Secretary Dr. Remiss Rehfeldt, Kansas City, was presented to the local church and society by the pastor, Rev. Loran Strahm.

The Cloak of Life

When Rubinoff, the violinist, visited the Hilltop last week he told many people of the huge watch he had received from the late Will Rogers. The following inscription from inside the watch is worth repeating:

"The clock of life is wound but once,
And no man has the power
To tell just when the hands will stop
At late or early hour.
Now is the only time we own
Love-live-toil with a will
Do not wait until tomorrow
For the clock might then be still."

On Christmas Trees

Comes a letter from Bob Case, the swimming ooot and Christmas tree man, from way yo in Nova Scotia, advising that he and his men have found quite a shortage of trees this year due to stricter rules of grading established by the Canadian government.

He says trees this year will be approximately 20% higher.

CHARITY NEWSIES

'Open Your Heart' Newspaper Sale Counts On 12 Local Aides

Twelve men of the Hilltop community will be among those participating in the 52nd annual drive of Charity Newsies, called the "100 per cent for charity" organization. Chairman of the drive is William F. Krause, 126 N. Terrace-av.

They will join scores of other Columbus and Franklin County men in selling the annual "Open-Your-Heart" edition of the Charity Newsies newspaper Saturday, Dec. 13.

Last year's sale resulted in 8084 children being clothed by the Newsies, it was reported. In addition, other emergency calls from families in need because of sickness, death, fire or other calamities were answered.

"Every cent donated goes to charity and the men directly in charge are your friends, neighbors or business associates," a newsie spokesman said. "Administrative costs are borne by members' dues and sporting and social events earlier in the year."

Newsies began Nov. 24 taking applications from needy families for clothing at their new headquarters at 716 S. High-st. All applicants are investigated by Newsie members to make certain a need exists and that efforts of other charitable organizations are not being duplicated. All clothing given by the Newsies is new.

LeRoy Weigand, 35 Haldy-av, is first vice-president; William Hare, president. Other Hilltop men who will participate in the Dec. 13 sale are:

Warren N. Boyd, 15 Rogers-ave; William J. Cotter, 700 S. Sylvan-av; Richard L. Falter, 238 N Warren-av; Otho Hayner, 1995 Floral-av; A. Louis Holzbacher, 97 S. Algonquin-av; Edward L. Eagle's Candies Robbed Of $137

Eagle's Candies, 3166 W. Broad-st, was robbed of $137 Saturday evening by a bandit who twisted the saleslady's arm and tore out the shop's phone.

Mrs. Anita Dever, 53, of 336 S. Hague-av, suffered a bruised left arm when the robber twisted her arm, forcing her to the floor, police said.

After entering the store he jumped over the front counter while Mrs. Dever was busy in the rear of the store, threatened her with a knife and took the money from the cash register.

Westinghouse And Union Settle Long Difference

A settlement of differences between the Columbus Westinghouse division and Local 746 International Union of Electrical Workers, CIO-AFL, reached last Friday, went into effect on Monday.

The local settlement is in addition to national negotiations of the company and the IUE on job security, now under way at [illegible]

FOOTBALL GAMES SCARCE

Sports Guessers Challenged

Record-News Football Guessing contestants who feel they are beginning to unravel the baffling magic of the game are in for a real shock in this week's contest.

We've run out of football games!

So to test the overall ability of our guessers, we've thought up a corker for this week. Not only will the winner have to pick the victors of six football games, but also 17 basketball tilts and a wrestling match!

This should provide a real opportunity for those who are unable to predict the football winners, but shine in another sport.

Entrants in the contest being announced this week made a real tussle of the affair by posting a remarkably high percentage of correct guesses. The tie-breaker was used to settle a three-way deadlock for second and third places.

Winner of the contest is Mike Young, 197 Guernsey-av. He is followed closely by Harry Morgan, 300 S. Princeton-av, and Julius M. Carter, 716 S. Clarendon-av.

These winners are eligible, in the order that they finished, to receive $10 in cash, a wristwatch strap from Frick Jewelers and one haircut and shampoo and one haircut and facial from Frank McDonald's Barber Shop.

Prizes being offered this week are $10 in cash and two free gift subscriptions to the Hartley Newspaper of your choice.

Predictions are already in on this weekend's contests. Those winners, who will be announced next week, are eligible to receive $10 in cash, a free turkey from Bill White Motor Sales and a box of cigars from Eaton Pharmacy.

Here's how [illegible] pick the winners of some traditional tilts:

Army to convincingly defeat Navy, Miami to drop Florida in a close one; Southern Cal to upset Notre Dame, Colorado to spoil Air Force's record and Boston College to fall before Holy Cross.

Local Gifts Reach $7,310

Contributions totaling $7,310 were raised by West Side "Light A Life" volunteers during the recent campaign, the Council for Retarded children reported.

A total of $47,210 has been raised throughout Franklin county toward the $50,000 goal. Funds are used to educate mentally retarded children who have been excluded from public school.

Ronald Wilt, 11, Shot By Hunter

Ronald Wilt, 12, of 232 N. Powell-av, was accidentally shot by a hunter Saturday, near Circleville, while hunting rabbits with his father, Gerald Wilt.

A single piece of 16 gauge shot ricocheted and penetrated the boy's nose. He was treated at Berger Hospital and released.

What's Ahead For Columbus Charter

The old 1914 model charter of the City of Columbus is being carefully inspected by the Charter Revision Committee.

It is something like an old vintage auto—not too pretty perhaps, has a lot of squeaks, but still running.

It is hoped the committee can come up with plans for a new model that will encompass solutions for a lot of the problems that have arisen as the city has expanded since 1914.

Perhaps the committee has a lot of strikes on it before it even presents its report. It is most regrettable that it came into being by way of the City Hall rather than emanating from the demands of a strong public spirited citizens' group. Experience shows that any proposal made locally by either political group will have the opposition of the other party.

So regardless of the good men and women on the committee, the whole project will carry a certain flavor of politics.

Chairman Arvin Alexander stated this week that the committee will have a complete draft of the amended charter in a few weeks. It will then be held up for public inspection and additional hearings held to get the reactions of the citizens of Columbus to the proposals. Further revisions will then follow before submitting the document to city Council.

Council may hold additional hearings, adopt, amend or throw out the charter. Whatever Council finally adopts must be submitted to a vote of the people.

At this point we speak out loudly in favor of these changes in the Charter: Higher salaries for City Councilmen and a larger Council elected from districts.

We believe there is a lot of merit in the proposal to provide for five district councilmen and four councilmen elected at large.

The Charter that will do the most good for Columbus will be the one that recognizes that it is a difficult task to get the best qualified business people into the City Hall to run this multi-million dollar business of ours.

Let's be prepared to look over the charter proposal carefully and visualize what is ahead for Columbus in the next 50 years.

Thanksgiving—First Things First

BIBLE COMMENT:

ThanksgivingMeans Time To Say Thanks For Blessing

What comes first to your mind when the word, "thanksgiving," is mentioned?

Succulent fowl, with wisps of flavorsome steam rising from butter-crisp skins?

The tang of air chilled in the arctic as it whips across a football field?

A "free day" from the shop, or store, or office?

All these are good things, surely, and yet all of them are as nothing if we fail to recall to whom the thanks are due for the giving.

It might re recalled that the first act of the day set apart by Governor Bradford of the Massachusetts Colony in 1621 as a day of thanksgiving was a solemn procession to the meeting house for services.

No one suggests that we should return to the bonebare austerity of another age in order to show thankfulness to God for our many blessings.

It is suggested, however, that each of us, in our own way, express our thanks for the bounty which is ours in this nation, each day of our lives.

Many churches open their doors early on Thanksgiving Day for special services.

Whether we're near a place of formal worship or not, each one of us might well open his heart for a few minutes in thanks to [illegible].

The turkey won't cool that quickly; the game won't start soo soon; we won't be robbed of any portion of our time off.

We will be enriched by the blessing that such moments only can give.

Letters To The Editor

Reader Expresses His Views On Virginia's Flag Action

"Gov. J. Lindsay Almond of the state of Virginia has ordered the United States flag removed from the Capitol in Richmond to make way for the blue flag of the Dominion of Virginia.

"The act taken by this man who should never be called governor of any people, reminds us of Philip Nolan, the Man Without a Country, who cried "Damn the United States! I wish I may never hear of the United States again."

"From that moment, Sept. 23, 1807 until the day he died, May 11, 1863, he never heard that sacred name again.

"If the people of Virginia think that this act of their state leader is justified, then what has happened to our fellow man, who lives, eats and works within the greatest country on this earth—America—MY Country.

"If, on the other hand, the people of Virginia are against this action, then they should speak up and remove this man from office, if at all possible. For such a man is not worthy to be a leader of any people or remain within these United States, a country of Freedom of Speech, Religion and its belief that all men are created equal.

"When you tear down MY Country's National Colors, you destroy again the multitudes of men and women who gave their lives so this nation will remain free and unmolested from those who know not what Freedom stands for. I speak as a veteran of the Korean War where this nation put forth its belief of Freedom for all mankind, regardless of color, race or religious belief.

"Closing with the words of Daniel Webster, "Thank God I —I also—am an American!"

I remain,
Otis R. Lowe,
Senior Vice Commander of Westway Post No. 3441 Veterans of Foreign Wars.

Thanksgiving . . . our American heritage

Our Pilgrim forefathers had the courage to give thanks for their meager blessings in the face of severe adversities. Their Thanksgiving Day set a pattern for all later generations of Americans to follow . . . tradition to set aside one special day each year to give thanks for our freedom to choose our homes, our churches, our way of life.

The Buckeye family would like to join with yours in a prayerful Thanksgiving Day, expressing our gratitude for our peaceful and prosperous times.

Food Markets This Week

by Mrs. Estelle B. Franks

Protein Foods—Whole pork loins, pork sausage, turkeys, chicken, medium eggs.

Vegetables—Sweet potatoes, celery, leaf lettuce, cabbage, squash, frozen limas, and peas.

Fruits—Apples, grapes, cranberries.

By the time the Thanksgiving bird is eaten, most of us will welcome a change in meat fare. Now is the time of year when fresh pork is plentiful and a natural to go with such foods as apples, sweet potatoes, squash or turnips—all bargains at this time of year.

The pork picture will probably be brighter as the winter months progress. According to the available data from the U.S. Department of Agriculture, the plans the farmers of the nation made last fall for more hogs mean pork early next year. More of this pork that will come from these hogs will be of higher quality, more lean and less fat—thanks to the careful management of breeders and farmers.

Will Supply Affect Price You Pay? The potential good supply of pork may mean somewhat lower retail prices, although the change is not likely to be great. This is because the costs involved in getting the hog from market to the consumer in the form of pork in the store do not change.

Only the price the farmer receives for the live hog and the price you pay for the pork in the store will fluctuate somewhat with the supply. This is one reason prices for pork in the retail store do not decline as much as prices farmers receive for live hogs.

What To Look For—You'll get the best buys in pork by checking the grocery ads each week for "specials." It's the specials that will make the difference in price this year. Often among these specials will be whole loins or whole hams or picnics.

Lower prices, at the present, are also noted on fresh shoulder cuts, bacon and even spareribs.

While a whole loin can be an economical buy, it is usually too big for the family for one meal. A suggestion to "stretch" it is to have a rib end roast cut off, and then have the remainder cut into chops. Then at home package in meal-size packages and store in the freezing compartment of the refrigerator for a week or ten days, or in the home freezer up to three months.

Put cooked sweet potatoes in a shallow baking dish and sprinkle with a bit of salt. Spoon applesauce over the sweet potatoes. Sprinkle with brown sugar and chopped nuts; dot with butter. Bake in oven at 350 degrees F. until heated through.

INSIDE ON THE Outdoors

By ROD COCHRAN

Of all the remarks that sportsmen and outdoor lovers make to me in the course of a year, none occurs more often than, "Can anything be done about wild animals killed along roads by automobiles?"

My reply is, "I doubt it, for if people won't reduce speed to avoid killing each other I don't think they would be interested in a safety campaign for rabbits, pheasants, quail and other small game."

Another factor is that some animals will run right in front of your car, especially at night. When this happens, a driver traveling at moderate speeds has little choice other than to hit the animal. He cannot risk overturning his car to try to miss a raccoon or opossum.

Still, to most of us the highway slaughter of game animals seems an incredible waste. Game managers make some use of highway kills. Ohio biologists keep track of our deer herd from the number of road kills, and from the hunter harvest. Small game has been censused from the number of road kills, but this information is not as reliable as some other counts.

Harrison and Marilyn Copas, 328 Collingswood-av, Whitehall, pondered this problem and came up with the idea that through taxidermy road-killed animals could be preserved for their own enjoyment and for the enjoyment of others. The Copas husband and wife team took a correspondence course in taxidermy, and then got a collector's permit from the Ohio Division of Wildlife to enable them to pick up road kills. They have applied for a federal permit to allow them to possess migratory birds killed on highways.

The Copases have been doing this for about two years, and have a growing collection of native Ohio wildlife in their living room. Most of the pieces are small and easy to move, and Mrs. Copas is interested in lending the collection to schools and Scout troops for study. The only requirement is that an adult be responsible for the collection, and see that none of the more delicate specimens is damaged.

Mrs. Copas has been working diligently on the animal collection recently, because a back injury prevents her from doing heavy work. She is on medical leave from North American Aviation, and the taxidermy work seems just the thing to keep her on the road to recovery. Mr. Copas is employed at National Aluminum.

So, one Columbus couple has found a partial solution to the highway kill problem. A few animals, at least, are not entirely wasted. They provide an interesting year-round hobby for the Copases, and the specimens will help teach youngsters about the outdoors and the animals that live there. One unexpected development has happened since word of this project got around the neighborhood—friends are bringing the Copases hunting and fishing trophies to be mounted.

West Grid Followers Sum Up Past Season

By BOB WILCOX

Although the West High Cowboys finished two notches lower on the City League 'ladder' this season (tied for sixth last year,—in eighth spot this yearr, Coach Bill Schmitter had a 3-6 record for his second year at the helm.

There were some bright spots individually, plus the fine games the patrons were treated to . . . and after all that's what the fan pays to see. Unfortunately some fans lose sight of that fact.

Co-captain and fullback Dave Francis without a doubt, was the individual star every game and West's "having grace" in many a contest as the final statistics bear out. The other co-captain, end Ray Herky, certainly would have been a whale of an asset if he hadn't been lost from the first game with a broken arm. His brief, but brilliant performance in the season's finale showed this. (West's aerial game was nil until the East fray.)

Francis, besides the great honor of being an unanimous choice for the All-City Team, scored 90 of West's entire output of 118 points. His "bull-like" charges, speed and making his own holes many times . . . even over his own linemen and blockers, and particularly his fabulous display of taking anywhere from 2-8 enemy tacklers (?) with him many times for good yardage and touchdowns as he was virtually unstoppable . . . even with gang tackling!

Other Cowboys making the All-City squad were tackle Fred Ash (offense) and end Jerry Spears (defensive guard). Honorable mention went to five others . . . halfbacks Bob Thornton and Bill Smith, quarterback Don Uldricks and linemen Jim Carter and Tom Myers.

Francis and Ash were also selected to the Tenth All-District football team.

Let's compare team statistics both for West and the opposition—first downs, W—107, O—80; total yardage, passing, W—115, O—399; total yardage rushing, W—1992, O—1762; total offensive yardage, W—2081, O—2161, total offensive plays (possession) W—415, O—507; passes attempted, W—33, O—37; passes completed, W—14, O—23; passing completion percentage W—44%, O — 65%; number of punts, W-19 (by Francis), O—18; average yardage per punt, W—40, O—38; fumbles committed, W—25, O—27; fumbles lost, W—12, O—15; yardage (total) penalized, W—360, O—380; W—118 points or 13 per game, O—168 or 17.5 per game.

There were several bright spots in the figures above. West gained more first downs, punted fewer times (for a far better average), for no passing attack at all for most of the season, they were ahead on the number of tries by the opposition—by five. The Cowboys were penalized less yardage over the season; but more significant was their ability to pounce on loose balls, especially enemy bobbles.

The season's record and scoreboard reads like this—Springfield, 0-60; Linden McKinley, 15-27; Eastmoor, 0-15; South, 0-6; Central, 16-26; Watterson, 13-0; Aquinas, 20-12; North, 16-21, and East, 38-28. Although being whitewashed three times, it wasn't quite as bad as it looks, especially if there had been some more bench strength to "rest off" the starters.

For illustration . . . at least three games West led going into the final quarter only to "tire" and lose . . Linden, Central and North. South, a real toughie this year, scored early and then was stymied', but so was West . . . completely.

They showed a great ability to "come back" (central, North) when the foe took an early, and sometimes pretty good, lead—but even though they might come all the way back to take over the lead, it was too much and they couldn't keep it up—reserve strength (or lack of it), the key. The squad was down to 17-19 juniors and seniors at times.

Here are the rest of the 1958 West individual statistics—(rushing statistics are in this order—net yardage gained, times carried, average per carry) Francis, 1235°, 230°, 5.3; Smith, 208, 47, 4.3; Thornton, 250, 33, 6.8; Jim Hastings, 64, 18, 4.3; Bob Saint, 17, 4, 4.2; Jerry Hummel, 3, 1, 3; Bill Hill, 23, 2, 11.5°; Bob Pate, 126, 28, 4.8; Loan Evans, 21, 7, 3; Uldricks, 90, 29, 3.6; Bill Kern, 45, 16, 2.8.

(°—means that an individual was the leader in that specific department of the statistics.)

On the aerial front — Kern threw 20 passes, completed nine for 92 yards and had one intercepted for a percentage of .45. Uldricks completed four of eight for 11 yards and .500; Rick Banker one for two, 12 yards and 50%; and Thornton 0 for 1 and one intercepted.

On the receiving end were Spears with eight catches good for 54 yards and a 6.7 yd. average per catch. Following were Herky with two for 18 yards and nine average, and Hastings with one good for 17 yards.

Some last-minute final odds and ends figures . . . Uldricks did all the Cowboy kicking off, doing it 26 times for 1110 yards and an average of 44.4 per kick; West's foes kicked off 23 times for 1275 yards and an average of 36.5. The two passes that West had pilfered—one was returned for 27 yards while the other was dropped in his tracks. West did poorly on punt returns, being able to return only five of 25 chances; Pate one for two yards and Thornton four for 30 yards, and a 7.5 average.

On kickoff returns West returned 27 for 415 yards and a 15 yard average per return; the opposition returned 24 for 363 yards and an identical 15 yard average. Individually, West did a little better on kickoff returns with Francis leading again by a wide margin: Francis, 13 returns°, for 269 yards°, and a 20.6 average per return; following were Hastings, 1, 15, 15; Thornton, 7, 81, 11.5; Pate, 2, 21, 10.5; Smith, 3, 27, 9, and Dean, 1, 3, 3. Ash intercepted one enemy pass and return it 12 yards. (I think that there was at least one other West pilfer, but the records don't divulge such, so. . . ??)

Avoid Kick Conversion

Unlike the colleges which stuck to the one-point kick conversion, the high schools like the two-point run or pass try. West ran for it 10 times (Francis making 3 for 9; Thornton missing on one) and made it 9 times, while the foe tried it 18 times (five were passes) and made it only five times (one a pass). Uldricks kicked four for five conversion tries; his only miss coming on a wet night (Aquinas) on a bad pass from center. West's foes kicked five times, but only made two good.

Besides some blocked punts by Cowboys, Myers had two points after touchdown kicked blocked to his credit. Francis had four TDs called back for penalties over the season, or he might have taken the area scoring crown, rather than tied for it. Besides Francis' 12 TDs, Smith, Thornton and Hastings each had one.

It was a season of a little of everything . . . good for the fan as I said. Even a little of the football weird or oddities . . . mostly in the finale against East. That one had a TD scored on a West kickoff that rolled untouched into the end zone where a Cowboy fell on it; a successful (by one yard) onside kick by East, etc.

There were far too many defensive stalyarts to mention here; I've tried to do that game by game. West's longest run of the season was Francis' 85 yard TD jaunt in the East fray; the longest one against them, Linden's Steve Bennett's 87 yarder took the season's "cake." There were several—for and against—of over 50 yards, but too many to mention all here.

Two statistics that aren't available at present are complete penalty rundowns and exactly who recovered each fumble for West.

So as they used to say in Brooklyn—"Wait'll next year!"

West Cross Country Squad Made Mark In City, District

Coach R. C. Glas' cross country squad at West High ended the season with a record of two wins and five losses; downing Springfield and Marion Franklin in their last two meets.

However, they took second place in the City League meet and fourth in the Central Ohio District meet, both held at Raymond Golf course.

Capt. Massey (6), Koons (7) were West's high finishers in the city meet, followed by teammates Dusenbery (17), Reynolds (18), Castle (19), Phillips (23) and Meadows (30).

The Cowboys' chances for qualifying in the district for the state were crippled by a bologna sandwich as an expectant 9-10 place finish by one of West's stars was "cramped" into a 44 spot finish instead.

Dave Smith, ineligible as a freshman this season, although the Cowboy's best runner, competed unattached in the recent AAU X-Country meet at OSU and was 21 with a time of 11:30.

SPEARS, HORKY RETURNING LETTERMEN

Heischman Grooms Cagers

By Bob Wilcox

West Head Basketball Coach Fred Heischman welcomed approximately 70 candidates for the 1958-59 edition of the Cowbow "biscuit-ball" squad, all drill opened officially around the state Nov. 1. About 20 more prospective "roundballers" joined the "lists" at the conclusion of the football campaign.

Of those 90-odd, two were varsity letter winners from last year plus seven others who were either top varsity subs or members of the Reserves. One started from last year, guard Fred Ash, decided against returning to play only half the season, since he graduates at mid-year . . . in January.

Finally, a little over a week ago the final cuts were made and a final 13-man varsity squad remained for the upcoming '58-59 warring.

Returning lettermen are Jerry Spears and Ray Horkey. Spears is a 6'4" senior forward who will probably be switched to the starting center slot this year. He showed a lot of improvement during the season last year and if that progress continues should be big help, especially under the boards. A lot depends on any squad's "big" man.

Ray Horkey, 6', is senior guard. He alternated with Ash a one of the guard posts during the second semester last year.

Members of the "other seven" returnee group are . . . 6'2" forward Don Uldricks. A senior, he saw very little varsity action, but this year as one of their better shots should do the Cowboys some good. Dave Brady, 6'4", is also a senior forward who saw very little action last year, but is a hard worker and could possibly snare one of the starting berths this season.

Advance From Reserves

The other five are Juniors up from last year's Reserve squad—Roger Street, 6'3" forward; Billy Castle, 5'8" guard; Terry Briggs, 5'10" guard; Bob Wesley, 5'9" guard; and Tom Hartranft, 5'7" guard.

Rounding out the "magic" 13 composing the Cowboy varsity this winter are Charles King 5'10", a guard; John Patterson, 5'11", guard; Rick Peavy, 6'3", center, and Ted Miller, 5'10", guard.

The two biggest holes to fill from last season's team that compiled a 13-7 record, are Center Dave Mack, 6'8", and forward Don Furry, 6'3" — both were All-City selections. The 1957-58 crew had an 8-6 record in City League play and ended up tied for third with Central.

West plays a deliberate brand of ball . . . passing and setting up their offense until they have a "sure" good shot. Thus more often than not West will take the ball down slowly and set up, rather than using the fast break predominately as more and more schools are doing . . . racehorse" basketball as it has come to be known. Their predominant defense is the 2-2 zone defense.

In Heischman's own words as to his pre-season outlook or predictions on the squad . . . "Our team will be big, but not too fast. We should be strong defensively and in the front court offensively (in other words, good scorers at the forward slots), but our guards are a question mark. I don't believe that we will have any outstanding outside shooters which makes it rough when we run into a zone). The rebounding should be good (with at least four of the five starters abte, to be six feet or over . . . though we don't have 6'6" or 6'8" giants)."

Dwight Wieck is the new reserve basketball coach. This team will be composed almost completely of sophomores.

West plays a 16-game schedule this year, including three non-league games with Steubenville, Newark and Bexley. They open at Newark Nov. 28 (this Friday—day after Thanksgiving); this fee has become an annual or traditional opening opponent.

Their first home game is Tuesday, Dec. 9, against Eastmoor. Their first league game is their second encounter of the season, Dec. 2 (a Tuesday) at Central.

PIRATE PATTER

Notes From Central High

By Nan Long

With 1958 football pennants put away and mums pressed neatly in scrap-books, Thanksgiving holidays soon to be past history, and grade-cards with their fearsome little letters beyond help, Central Pirates are preparing for a promising basketball season and gala Yuletide festivities.

Successful cheerleaders, Freeda Gibson, Liz Wolfe, Judi Jewell, Patty Limotta, Ruth Thomas and Carolyn Caste are boosting school spirit by organizing a new cheering section. To be known as the "Pirate Peppers," the group will have 36 members and will work out a card section program as well as cheer for sports events.

"Los Amigos," the Spanish Club, will again hold its traditional Christmas fiesta, La Posada . . . Members of the Junior Red Cross are making decorated paper place mats, scrapbooks and candy trays for the Veterans Hospital.

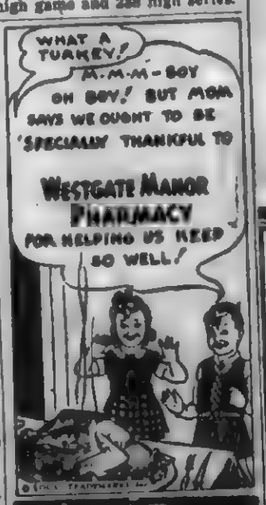
DECA, Central's chapter of Distributive Education Clubs of America, attended a convention at Ohio State University last week and visited a wholesale house for field study. New officers of the club are Donna Hanagen, president; Donald Luke, vice-president; Roxie Robinson, secretary-treasurer; Barbara Rickman, sergeant-at-arms and Margie Hoffman, reporter. The group is planning joint meetings and parties with West High School's DECA members.

Central chapter of Future Teachers of America was represented at the recent conference held at Capital University by Patty Limotta, Carolyn Cubbage, Ed Newkirk and Frances Bott. At the last meeting of the FTA 17 members were assigned for teaching at elementary schools in Central's district.

One of the main winter events will be the round robin tournament of the Chess Club. Larry McGuver is the new president and Dennis Smith is treasurer. A trophy will be presented to the top player.

Central's Student Court members and their advisor, James McDonald, English teacher, were guests of South [illegible] School's Student Court at a recent session, followed by a [illegible].

Twelve new teachers were introduced to Central students at an assembly held in their honor. They were Miss Alicia Anderson, Mrs. Joan Belle, Luther Cain, Noel Curran, Robert Mansfield, Richard Marsh, James McDonald, Mrs. Carolyn Phelps, Mrs. Mildred Veler, James Veither, George Bowers and James Hidy.



Central now has the first guidance department in the city schools. Its purpose is for counseling of students, personal help including ability and aptitude tests, advice on future college attendance or occupational activities. The center's function is to get at the cause and help correct troubles of students.

Resin Plant Is Johnston Advancement

The first 700-gallon batch of synthetic resin bubbled out of Johnston Paint Company's new $100,000 Norwood resin plant late last week and promptly put Johnston in the big leagues of the paint industry.

Resin is called the backbone of the modern paint industry, but very few manufacturers make their own.

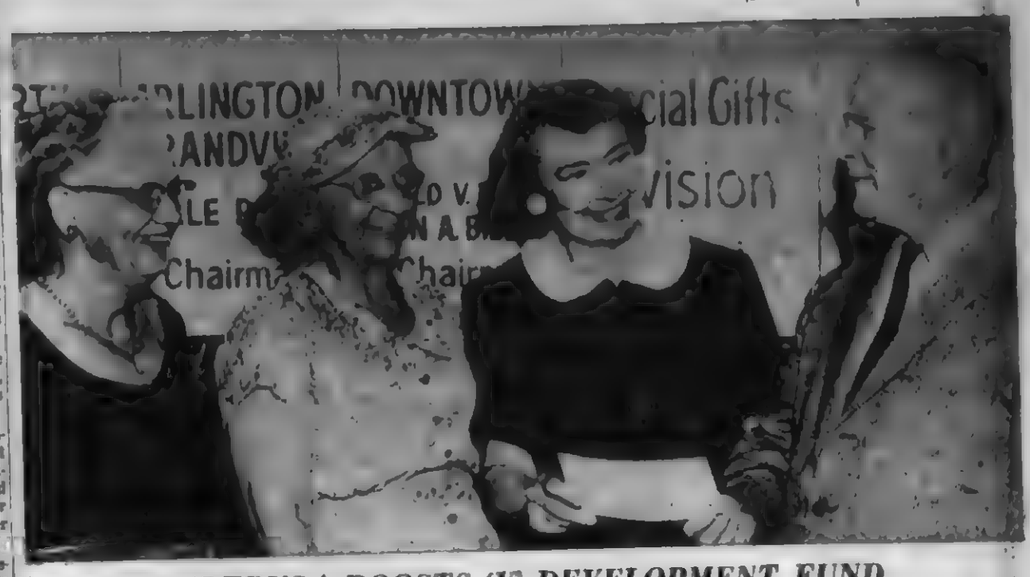
Johnston went into it, a company official said, because it will mean lower costs and better control over quality and standards. "We are cutting our raw material purchases 50 per cent with this unit," he said.

The unit is a 1000-gallon gas-fired, stainless steel kettle which turns out batches of 600 to 800 gallons in six to eight hours, twice a day.

Natural resin comes from a tropical pine tree, but even after considerable refining is still dark in color and often full of "gunk."

Synthetic resins are made by combining certain alcohols and acids under heat, as high as 460 degrees, and agitation. They can be made in all shades from as clear as water to dark brown or even black.

Resins make up to 85 percent of the content of varnishes and high gloss enamels, providing both with their characteristic hard, tough surfaces. A clear varnish thus is almost impossible to make without a clear, synthetic resin base.



Johnston Paint, now is in its 58th year, now operates two manufacturing plants in Greater Cincinnati and a third in Indianapolis.

Sherry Washburn Makes Personal Appearance

Sherry Washburn, hostess for WOSU-TV's Romper Room series, recently made personal appearances in Zanesville, Marietta, Coshocton and Parkersburg, W. Va.

Live programs were broadcast from schools at Zanesville and Parkersburg. Miss Washburn visited six schools during the trip. She is the daughter of Mr. and Mrs. Lee A. Washburn, 3130 Fishinger-rd.

Try a wonderfully flavored stuffing for the Thanksgiving holiday turkey, using half corn bread crumbs, half white bread. Extension nutritionists at the Ohio State University suggest adding butter, onion, celery, and a generous measure of sage, thyme, or other family herbs for seasoning.

The store stocks items for the entire family to suit all needs . . . from leisure slippers through shoes for work and dress to athletic and rubber footwear. Hosiery and handbags are also sold.

Schiff's is operated by Lew Slye and a staff of ten. Slye, locally born and schooled, has been selling shoes 15 years. He said, "We offer quality merchandise over a wide range of prices, from economy styles to the best obtainable. Courteous, expert fitting is a specialty . . . beginning with children in their formative years when fit is so important. For teenagers and adults, too, there are shoes for every occasion."

Slye is president-elect of the Central Point Business Association.

Freak Shooting Victim Reported As 'Not Good'

Luella Evans, 18, of 1765 Hopkins-av, was reported "not good" at St. Anthony Hospital after a freak accident Saturday, Nov. 22 that wounded her and killed her 55-year-old mother.

Luella and her mother, Mrs. Bertha Evans, were passengers in a car driven by William Ramsey, 22, of 308 Wrexham-av about 12:30 p.m. Saturday. Luella was sitting in the front seat, her mother directly behind her in the back. Luella held Ramsey's .22 caliber rifle between her legs, the muzzle rested against her chest. When Ramsey stopped suddenly to avoid hitting a car in front of him, the rifle discharged, passing through Luella's right chest, the car seat, and striking the base of her mother's heart.

Ramsey said he did not know the gun was loaded. The gun is a six-shot repeater and held one shell in the chamber at the time of the accident. Ramsey said he was on his way to Alum Creek-dr to target shoot when hailed by the two women who wanted a ride to Mrs. Evans' son's home at 1641 Karon-dr.

Police did not hold him.

Funeral services and burial were to be held this week at Laurinburg, N.C.

Point Merchants Elect Officers For Next Year

Eight officers have been elected to direct activities of the Central Point Business Association in 1959.

They are: Lew Slye of Schiff Shoes, president; Harold Waits, Nationwide Insurance, vice-president; Wilfred Verhoff, Verhoff Jewelers, secretary; Dick Reeves, Reeves Bros. Hardware, treasurer.

On the executive committee are George Stumpf of Economy Savings and Loan, retiring president and chairman of the board; Steve Long, J. C. Penney Co.; Vic Halley, Albers; William Duerth, Ohio National Bank, and H. A. Day of S. S. Kresge Co.

Housing specialists at Ohio State University suggest using an easy-to-clean plastic shoe bag on the kitchen cabinet. It can hold rubber gloves, and vegetable, dish, bottle and percolator brushes, all convenient to sink.

Nutritionists suggest using celery tops to flavor meats, stews, soups, roasts and stuffings.

Pilgrim Bell Choir To Perform at Hoge

Pilgrim Bell Choir, ringing a 35-note set of bells covering two chromatic octaves, will appear at Hoge Memorial Presbyterian Church, Dec. 3.

Cast by the Whitechapel Bell Foundry of London, England from copper and tin, they were hand-turned and filed to obtain musical pitch. The bells were two years in the making.

Each is marked with the pitch letter and clappers are hinged to the bell by leather, fitted to keep balance of the pitch perfectly poised.

Since there is no published bell music, all the music is arranged for the particular set of bells and played from manuscript.

Pilgrim Bell Choir, directed by Edward Johe, has appeared on the festival program of the American Guild of Handbell Ringers at Ipswich, Mass., Ohio Wesleyan University, churches in Columbus, Dayton, Middletown and Springfield, and on WLW-TV. Fourth edition of the choir's recording of carols and hymns has just been released.

HANDBELL RINGERS—Pilgrim Bell Choir of First Congregational Church, 444 E. Broad-st, will present a program at Hoge Memorial Presbyterian Church, 2930 W. Broad-st, Wednesday, Dec. 3, 7:30 p.m. Members of Hoge, their families and friends are invited.

LOOKING FORWARD with thanks are George and John Propst (left and right), Christmas seal sale rooters who hope to be released from the tuberculosis hospital in time for Christmas.

CHRISTMAS SEAL BOOSTERS

Brothers Thankful For Miracle Drugs

"The Propst boys" have something to be thankful for this Thanksgiving.

You might not think so, because both are sick with tuberculosis. George, 32, who lives at 936 W. Rich-st, has been admitted to the TB hospital twice since 1953, and John, 34, 842 Bellows-av, has been a TB patient since January.

But both men know they will be getting home again — and possibly for Christmas — because of miraculous progress made in treating TB, made possible through Christmas seal-financed research.

Aided by New Drugs

As a matter of fact, the upper part of George's right lung was recently removed to permit quicker recovery from TB. According to the TB Society such an operation would not have been possible without the new "second line" drugs which stabilized his lung enough for the operation. The first time George was hospitalized, these drugs were not available and such an operation was not possible.

John's progress in the hospital has been faster, too, because of certain projects financed by Christmas seals. The Christmas seal sale, now underway, also pays for free chest X-Rays, counseling for TB patients, and health education programs, services provided by the Tuberculosis Society of Columbus and Franklin County.

Both men are interested in fishing, baseball, and sports. And both hope, someday, to return to their former jobs as truck drivers for a local industry.

'Confederate' Money—

(Continued from Page 1)

prize "money" raises the value of the lucky emblem to $10 this week. The usual ten $1 insignia are also printed on ads in ten other copies of this issue.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" currency.

Lucky copies containing the emblems may be exchanged for the "cash" at Hartley Newspapers' office, 2465 W. Broad-st before noon on Saturday.

Merchants advertising in the current issue will accept "Confederate" money at face value in payment for any items in their stores.

Employes or carriers of the newspaper and members of their families are excepted.

Central Marks Thanksgiving

Thanksgiving Day was to be observed by Central High students and faculty members Wednesday morning.

Rev. Richard W. Powell, director of Christian Education, Ohio Synod, United Lutheran Church, will address the assembly on "The Target of my Thanksgiving".

Central High's Junior Choir and an ensemble of the Senior Choir sang Thanksgiving hymns under the direction of Paul Ward. Invocation and scripture reading were given by Tom Cordle.

The green eyed monster kin sure make a feller see red.
